80 activities!

What are asteroids, comets and meteors? How does the Sun affect our weather and that of other planets? What is an eclipse and why does the Moon affect Earth's tides?

There is so much to understand, learn and wonder about when it comes to space.

These questions and more we will answer in the *Herald Sun's* latest educational resource as part of its News in Education program: **Earth and Beyond - Our Solar System**.

To really bring the subject of space to life in the classroom, the *Herald Sun* has teamed up with National Geographic.

During November the *Herald Sun* will publish a 12-part poster series that will cover topics including: Our Solar System; Space Exploration and Travel; Asteroids, Comets and Meteors; Deep Space; the Sun, the Moon and all about the planets of our solar system.

Teachers and students will have exclusive access to National Geographic documentaries at nationalgeographic.com.au. Short clips from National Geographic are complementary to many of the topics covered in the poster series.

On subscription teachers receive downloadable interactive PDF workbooks for Primary and Secondary levels that include 40 activities each to help you meet your curriculum needs in Science, Geography, Maths and English.

Order online and you can download your workbooks immediately to start planning your lessons today.

Class sets of the *Herald Sun*, included in the kit, will ensure your students can cut out and keep the poster material.

WHAT'S IN THE KIT

- **40 PRIMARY** interactive activity worksheets – suited to year 3-6 students and includes AusVELS links (only available as downloadable PDF)
- **40 SECONDARY** interactive activity worksheets – suited to year 7-10 students and includes AusVELS links (only available as downloadable PDF)
- **25 copies of the *Herald Sun*** delivered to your school from Monday-Friday, November 7 to 18, as well as Saturday *Herald Sun* November 12 and Sunday *Herald Sun* November 13 editions (delivered on Monday November 14). Each workbook contains activities that include using information found in the *Herald Sun*.

Kit subscribers will be reminded via email of impending newspaper delivery the week prior to allow time to notify your school administration office.

ABOUT THE AUTHORS

Courtney Beckwith

Primary activity workbook author

Courtney Beckwith is a classroom teacher at Somerville Primary School in Victoria. She has taught across a range of year levels, with a focus on targeting learning to individual student needs as part of her school's work as a Professional Learning Community.

Alongside her current role Courtney facilitates a play-based learning program at her school. Courtney's particular passions as a teacher are encouraging independence and problem solving in students and teaching them to think critically about what they see, hear and read in a world with such an abundance of openly available information.

Kath D'Elia

Secondary activity workbook author

Kathryn D'Elia is the Teaching Effectiveness Co-Ordinator at Goulburn Valley Grammar School in Shepparton. She has taught in Catholic and Independent schools in Tasmania and Victoria, across the Humanities, Science and English curriculum areas.

She has written resources for previous *Herald Sun* Newspapers in Education kits and has presented sessions at several Professional Development conferences, including the HTAV Middle Years Conference and the HTAV Annual Conference.
