# OVERVIEW

## ABOUT THE NATIONAL GALLERY OF VICTORIA

### ORIGINS

Founded in 1861, the National Gallery of Victoria (NGV) is Australia's oldest public art gallery.

### GOVERNANCE

The *National Gallery of Victoria Act 1966* established the NGV as a statutory authority which currently sits within the Department of Economic Development, Jobs, Transport and Resources. The Act provides for a Council of Trustees with overall responsibility for the Gallery. The Council reports to the Minister for Creative Industries.

### COUNCIL OF TRUSTEES FUNCTIONS

Section 13 (1) of the *National Gallery of Victoria Act* provides that the functions of the Council shall be to:

- control, manage, operate, promote, develop and maintain the National Gallery land
- maintain, conserve, develop and promote the State Collection of works of art
- make material within the State Collection available to persons, departments and institutions in such manner and subject to such conditions as the Council determines, with a view to the most advantageous use of the State Collection
- conduct public programs and exhibitions of material within the State Collection
- carry out and make available such other services, including computers and other technologies, and the printing, publication and sale of books, information and reproductions in relation to pictures, works of art and art exhibits as the Council thinks fit
- assist the promotion, organisation and supervision of art galleries and any body or association established for the promotion of art within Victoria
- advise the Minister and these organisations on matters of general policy relating to art galleries
- provide leadership in the provision of art gallery services in Victoria
- carry out other functions as the Minister from time to time approves
- carry out any other functions conferred on the Council under this Act.

### STATE COLLECTION

The State Collection comprises approximately 70,000 works illustrating the history and development of Australian, Indigenous and international art, design and architecture in all media.

### PRINCIPAL LOCATIONS

The NGV's St Kilda Road Gallery, designed by Sir Roy Grounds, opened in 1968. Since December 2003 the NGV has operated across two sites – NGV International on St Kilda Road, redesigned by Mario Bellini; and The Ian Potter Centre: NGV Australia at Federation Square, designed by LAB Architecture Studio.

### ADMISSION

Admission to the State Collection is free. Entry fees are charged for some exhibitions.

### OPENING HOURS

NGV International  
180 St Kilda Road  
Open 10am–5pm  
Closed Tuesdays

The Ian Potter Centre: NGV Australia  
Federation Square  
Open 10am–5pm

# PRESIDENT'S FOREWORD

As we look back on what has been another year of outstanding achievement for the National Gallery of Victoria, it is interesting to reflect on how much this great institution has evolved throughout its celebrated history.

Since its foundation 154 years ago, the approach of successive directors has evolved to include a focus not only on the collection and the display of great art, but also on the visitor. Audiences today are encouraged to come to the Gallery to meet, to experience and to learn. While the NGV remains renowned for its wonderful collections and scholarship, it is also now a place for popular debate, interactive multimedia experiences and joyful discovery for the families, students, and people of all ages who visit.

In an age where the role of museums around the world is changing rapidly, the NGV has become, in the words of Nicolas Serota, Director, Tate Galleries, London, 'a forum as much as a treasure box'.

To the delight of our audiences from Melbourne, regional Victoria, interstate, and overseas this evolution has accelerated in recent years. Almost 2.3 million people visited the NGV during 2014/15 placing it comfortably amongst the top twenty-five most visited art museums in the world and reinforcing the Gallery's contribution to Melbourne's status as one of the world's great cultural cities.

On behalf of the Council of Trustees, I applaud the leadership of Director, Tony Ellwood; Deputy Director, Andrew Clark; and Assistant

Director, Curatorial and Collection Management, Isobel Crombie, who along with the entire staff, have presented a truly engaging program for our diverse and record-breaking number of visitors.

In 2014/15 the NGV held a total of forty-six exhibitions that showcased the richness of the State Collection, as well as magnificent works of art from other national and international art collections. The Gallery also held more than 9,500 education and public programs. These exhibitions and public programs were not only exciting, innovative and stimulating but, most importantly, also allowed our visitors to interact, to learn and to delight in the world of art. The success of these programs is a tribute to the energy, creativity and inspiration of Tony Ellwood and his leadership team.

While delivering an outstanding program for the year, the executive team and the Council of Trustees continued to work towards the ambitious longer term goals articulated in our *Strategic Direction 2013 – 2016*. A key focus during the year has been the continuation of preliminary planning for a major new gallery building that would enable the NGV to display its growing contemporary art collection and bring major international contemporary exhibitions to Melbourne.

Today's NGV is the product of generous and committed contributions by successive generations of supporters who recognise its importance as a much-loved Melbourne icon. The Gallery could not have achieved all it has again this year without the high level of support from our many friends, volunteers, donors and corporate partners.

**Today's NGV is the product of generous and committed contributions by successive generations of supporters.**

We are extremely grateful to the NGV's many volunteer groups: the NGV Foundation Board chaired by Leigh Clifford AO; the NGV Women's Association, chaired by Caroline Daniell; the Voluntary Guides, chaired by Ramona Chua; the Friends of the Gallery Library, chaired by the Reverend Ian Brown; and NGV Members volunteers who collectively provided more than 33,000 hours to the Gallery this year. The NGV Voluntary Guides also completed their five-yearly recruitment drive, and I extend a warm welcome to all of our new Guides.

Philanthropy and sponsorship remain critical to ensuring that visitors continue to enjoy the NGV Collection, and the NGV Foundation plays a crucial role in the Gallery's fundraising activities. The 2014 NGV Foundation Annual Dinner and Annual Appeal raised funds towards the acquisition of William Larkin's *Mary, Lady Vere*, c.1612–15, while the 2015 NGV Foundation Annual Dinner supported the NGV Digitisation Project. The 2015 Annual Appeal continues to raise funds to acquire Howard Arkley's *Actual fractal*, 1994. I thank everyone who has supported these appeals.

There were many other significant donations made during the past twelve months in support of the NGV Collection and specific Gallery projects; a full list of 2014/15 donors can be found on page 133. In June 2015, the Gallery received a generous donation from John Downer AM and Mrs Rose Downer towards the acquisition of Erich Heckel's *Large dancing couple*, 1923, with *Landscape on the fjord*, 1939, on the verso. We also gratefully acknowledge the generous gifts from Marc Besen AC and Eva Besen AO of six major modernist works by key twentieth-century international artists Alexander Calder, Marc Chagall and Henry Moore. The development of the NGV Collection will also be greatly enhanced by the legacy of bequests received during the period including a significant bequest from the Estate of Suzanne Dawbarn. Generous support for audience engagement activities was received from Tim Fairfax AC and Gina Fairfax for the NGV Kids program over the 2014/15 summer. We are, as always, grateful for the ongoing support of the Felton Bequest which made several important gifts in 2014/15, including Mark Hilton's *dontworry*, 2013, and Takahiro Iwasaki's *Reflection model (Itsukushima)*, 2013–14.

In an exciting development, the newly established Contemporary Design and Architecture curatorial department, generously supported by a multi-year grant from The Hugh D. T. Williamson Foundation, will extend the Gallery's capacity to showcase important current national and international design and architecture practices. Concurrently, the NGV also launched a new Contemporary Design and Architecture Supporters Group, of which NGV Foundation Board member Krystyna Campbell-Pretty became the first official patron.

We are indebted to the many sponsors and partners who support the NGV's exhibitions and programs. During this reporting period, the NGV commenced a landmark three-year partnership with Telstra that will utilise new technology to enable our visitors to access and experience the NGV Collection in innovative and interactive ways. It is through the visionary support of our corporate partners such as Telstra that the Gallery is able to deliver such a broad array of visitor experiences. A full list of 2014/15 NGV Corporate Partners can be found on page 146.

In a further addition to the diversity of visitor experiences offered, the Gallery unveiled the rebranded NGV design store in 2014/15 with a strong focus on advocating contemporary Australian design. An updated NGV website, including an online design store, was also launched this year. The NGV's strong publishing program continued with fifteen major publications and twelve digital publications released during the period. It was very pleasing to see NGV publications and children's books distributed internationally and receiving distinguished publishing awards.

I thank our important Tourism and Media Partners, especially the Victorian Major Events Company and Tourism Victoria, for their efforts in supporting the Gallery. I also sincerely thank the Victorian Government for the funding received to facilitate an interstate marketing campaign for *A Golden Age of China: Qianlong Emperor 1736–1795*, which contributed to the NGV's ongoing strategy to engage Chinese audiences.

The Gallery also appreciated support received this year from the Federal Ministry for the Arts for *Follow the Flag: Australian Artists and War, 1914–45*, as well as the Australian Government's support for the Melbourne Winter Masterpieces exhibitions through the Australian Government International Exhibitions Insurance Program, as well as support for collection development through the Australian Government's Cultural Gifts Program.

The Council of Trustees of the National Gallery of Victoria brings together a diversity of skills and experience that provides an exceptional standard of governance for this great institution. I thank my fellow Trustees, Professor Su Baker, Dr Susan Cohn, Leigh Clifford AO, Peter Edwards, Corbett Lyon, Vicki Pearce, Andrew Sisson and Michael Ullmer, and I particularly pay tribute to the Honourable Linda Dessau AM, who retired from the Board in March 2015 to take up the distinguished position of Governor of Victoria.

**Audiences today are encouraged to come to the Gallery to meet, to experience and to learn.**

Similarly, the Council Committees are critical to the success of the Gallery and I particularly thank those external members who volunteer their expertise and advice to the NGV: Jane Harvey, Stephen Ridgeway and Tam Vu on the Audit, Risk and Compliance Committee; Chris Pidcock on the Investment Committee; John Cunningham and Ian Tully on the Victorian Foundation for Living Australian Artists Committee; and on the NGV Foundation Board: President Hugh Morgan AC, Bill Bowness, Krystyna Campbell-Pretty, Paula Fox AO, Morry Fraid, John Higgins, Joanna Horgan, Craig Kimberley OAM, Sarah Morgan, Dr Geoff Raby and Kee Wong.

Finally, the Council of Trustees and the NGV's executive management team recognise that we cannot achieve our successes without the support of the Victorian Premier, the Honourable Daniel Andrew MP; the Minister for Creative Industries, Martin Foley MP; the Secretary of the Department of Economic Development, Jobs, Transport and Resources, Richard Bolt and the Deputy Secretary, Creative Victoria, Andrew Abbott. We thank them for their advocacy and exceptional support during the year. I also acknowledge the support of the former Premier, the Honourable Dr Denis Naphine MP and former Minister for the Arts, the Honourable Heidi Victoria, MP.

Everyone involved at the NGV is proud of the Gallery's achievements in 2014/15 and we remain dedicated to enriching the lives of our many visitors. I thank everyone who has made a contribution to the wonderful year we have just had.

With the support of Government and the community, the National Gallery of Victoria will continue to evolve. It will continue to provide an engaging and interactive visitor experience, remaining at the cultural heart of the marvellous city of Melbourne and the proud state of Victoria.

# DIRECTOR'S REVIEW

Our strategic focus this year has been to build on remaining a dynamic, vibrant and innovative community asset. We received strong support for our exhibitions and displays that highlighted the richness of the State Collection, showcased recent acquisitions and new commissions, and presented outstanding international works of art and collections on loan. These exhibitions were accompanied by a wide variety of programs, events and interactive experiences that offered audiences new ways to engage with art, and contributed to the cultural, educational and social wellbeing of Victorians and all visitors to the Gallery.

The NGV's eleventh Melbourne Winter Masterpieces exhibition *Italian Masterpieces from Spain's Royal Court, Museo del Prado* was on display when the 2014/15 financial year began, and ran until 31 August 2014. This important exhibition featuring major works by more than seventy Italian masters including Raphael, Correggio, Titian and Tiepolo, attracted in excess of 152,000 visitors.

The second in the NGV Summer series of contemporary art exhibitions *The Fashion World of Jean Paul Gaultier: From the Sidewalk to the Catwalk*, on display from October 2014 until February 2015, greatly exceeded attendance forecasts with more than 226,000 visitors. Together with several other exhibitions, Collection displays and programs on offer, it contributed to one of the best attended summer seasons in the Gallery's history.

The NGV further developed its focus on modern and contemporary design and architecture during the year. Opening in February 2015, *Nordic Cool: Modernist Design* featured examples of twentieth-century Scandinavian design from the NGV Collection and *Shifting Gear: Design, Innovation and the Australian Car*, which opened in March 2015, celebrated the proud history of automobile design and production in this country.

Over the past three years, through the support of the Loti and Victor Smorgon Fund, a series of contemporary commissions and displays has activated Federation Court at NGV International. In 2014 Carsten Höller's spectacular and interactive *Golden Mirror Carousel* was presented in collaboration with the Melbourne Festival, and in 2015 the NGV featured the site-specific work *Rock melt* by Sydney artist Jamie North.

Towards the end of the period, *A Golden Age of China: Qianlong Emperor, 1736–1795* offered a rare opportunity for Australian audiences to see exquisite works from Beijing's Palace Museum, and I acknowledge the significant support and advocacy for this exhibition received from the Victorian Government.

The breadth and richness of the NGV Collection was showcased in a number of exhibitions during the period, including *Outer Circle: The Boyds and the Murrumbidgee Artists*; *The Kaleidoscopic Turn: From the NGV Collection*; *Exquisite Threads: English Embroidery 1600s–1900s*; and *Gods, Heroes and Clowns: Performance and Narrative in South and Southeast Asian Art*. Key works from the Gallery's important Indigenous art collection were included in the exhibition *Indigenous Art: Moving Backwards into the Future* in an expanded display space at The Ian Potter Centre NGV Australia. The exhibition was accompanied by a substantial publication.

The Gallery was pleased to feature the work of important local artists in several exhibitions held this year such as *Inge King: Constellation*, *Emily Floyd: The Dawn* and *John Wolseley – Heartlands and Headwaters*. It is with great sadness that we acknowledge the loss of Robert Jacks who passed away only months before a retrospective of his work opened at The Ian Potter Centre: NGV Australia. *Robert Jacks: Order and Variation* was a testament to Jacks's distinguished career and major contribution to Australian art.

Presenting exhibitions that directly engage children and families continues to be a priority and, through the generous multi-year support of the Truby and Florence Williams Charitable Trust, five interactive NGV Kids exhibitions and commissions were held throughout 2014/15. Highlights included *Express Yourself: Romance Was Born for Kids* featuring vibrant displays of works of art and fashion, made possible through the support of Tim Fairfax AC and Gina Fairfax; and *Open House: Tromarama for Kids*, which opened in May 2015 and featured stop-motion animations, interactive objects and multimedia interfaces on which young visitors could create their own animated short films. I gratefully acknowledge the Dewhurst Family's support of this exhibition.

A ten-day children's festival in January 2015 featured workshops and activities, which extended to nineteen regional Victorian galleries and venues, and hands-on activities delivered at seven outer-metropolitan shopping centres with the aim of encouraging first-time visitation to the Gallery.

A new initiative supported by the Ullmer Family Foundation was the NGV Teens program which delivered workshops during school holidays, and the inaugural under-18s after-hours event Art Party was supported by the Betsy and Ollie Polasek Endowment.

**Presenting exhibitions that directly engage children and families continues to be a priority.**

The NGV's Friday Nights events, supported by Higgins Coatings and presented in conjunction with *The Fashion World of Jean Paul Gaultier: From the Sidewalk to the Catwalk*, provided audiences with an opportunity to engage with the Gallery outside of normal business hours. A new art, conversation and music series named Unplugged Live: Portrait of an Artist was launched in July 2014, and a program showcasing local musicians set in the Grollo Equiset Garden at NGV International was presented in partnership with Melbourne's Mushroom Group over four Sundays as part of the NGV Summer season.

Other audience engagement initiatives included a live restoration project of John Herbert's *Moses bringing down the Tables of the Law*, c.1872–78, supported by the Copland Foundation, at which visitors could watch NGV conservators work in the public gallery alongside external conservation professionals and post-graduate students to clean this large painting. The inaugural Melbourne Art Book Fair, supported by the Trust Company Australia Foundation showcased emerging and established publishers, artists, writers and designers, providing visitors with access to artists' books, catalogues and monographs, periodicals, independent publications and new types of art publishing.

The NGV Collection was expanded in 2014/15 by a total of 2,184 acquisitions. I acknowledge the generosity of the many artists, donors and supporters of the Gallery who have gifted works of art or donated funds that enabled strategic acquisitions. The strength of the NGV Collection owes a great deal to the incredible legacy of past and present benefactors. Highlights from the acquisition program are detailed on page 15 and a full list of works of art acquired during 2014/15 can be found on page 34.

The NGV has seen outstanding growth in membership numbers with more than 42,000 individual Members now part of the NGV family, and I take this opportunity to acknowledge the important role Members play in the continued vibrancy of the NGV.

**The NGV further developed its focus on modern and contemporary design and architecture during the year.**

More than 105,000 students participated in education programs during 2014/15. The Schools Access Program for *Italian Masterpieces from Spain's Royal Court, Museo del Prado and A Golden Age of China: Qianlong Emperor 1736–1795*, funded by Krystyna Campbell-Pretty and the Campbell-Pretty family, provided students from remote and regional Victorian schools with their first visit to the NGV. Rio Tinto supported free admission for pre-booked students attending *A Golden Age of China*.

The NGV also received strong support from the corporate sector through partnerships, the NGV Business Council and Corporate Members. Our Corporate Partners provide outstanding advocacy within the business community and in particular I wish to acknowledge support received for exhibitions and programs from the Gallery's Principal Partners Macquarie Group, Mazda, Mercedes-Benz, RACV, Rio Tinto, and Singapore Airlines; Major Partners Bank of Melbourne, EY, Higgins Coatings, Qantas, Telstra and Westfield; Learning Partners La Trobe University, and The University of Melbourne; and Design Partner RMIT University.

This year also saw a focus on actively engaging key stakeholders to progress aspirations for NGV Contemporary – a proposed new contemporary art and design gallery which would allow the NGV to expand its capacity to present work by leading local, national and international artists and designers.

With the support of our many benefactors, partners, volunteers and friends, the NGV has achieved exceptional outcomes this year. I acknowledge the enormous contribution made by the Council of Trustees under our President Bruce Parncutt and I offer my warmest congratulations to the Honourable Linda Dessau AM who left her position on the Board to commence her new role as Governor of Victoria. My thanks also extend to the NGV Foundation Board, led by Chair Leigh Clifford AO, and our other Council Committees.

I am grateful to the NGV staff for their professionalism and enthusiasm, and I applaud them for their dedication to delivering benefits to all those who visit the NGV and enjoy its collection, exhibitions and programs.

I acknowledge our greatest partner, the Victorian Government, and particularly thank the Honourable Daniel Andrews MP, Premier of Victoria; Martin Foley MP, Minister for Creative Industries; Richard Bolt, Secretary of the Department of Economic Development, Jobs, Transport and Resources and Andrew Abbott, Deputy Secretary, Creative Victoria and their respective teams for their invaluable support. I also extend my thanks to the Federal Government and Federal Minister for the Arts, Senator George Brandis QC, for their ongoing support.

2014/15 has been a year of record-breaking attendances and it is with great enthusiasm that I look forward to continuing to share the NGV's vision with our partners, supporters, artists and audiences.

# STRATEGIC FRAMEWORK

## OUR MISSION

The National Gallery of Victoria was founded in 1861 to collect, conserve, develop and promote the state's works of art and bring art to the people of Victoria. Building on this 154-year history, today the NGV is a dynamic, vibrant and essential community asset that contributes to the cultural, educational, social and economic wellbeing of Victorians.

## OUR VISION

Creating an inspiring future: enriching our understanding of art and life.

## GOALS AND STRATEGIES

### Bringing art works to life

- Tell more relevant and diverse stories by broadening our holdings of contemporary art while continuing to acquire key works of historical art.
- Provide a deeper understanding of artworks through research and enquiry.
- Present artworks at their best through dynamic, innovative displays.
- Harness digital technologies to take more artworks to broader audiences.
- Apply the highest level of conservation to artworks in our care for future generations.
- Protect current and future investment in our key assets by ensuring appropriate collection management and storage.

### Connecting audiences

- Connect audiences with knowledge and ideas.
- Facilitate content-rich and socially rewarding experiences.
- Create inspiring opportunities for children and families to explore and engage with art and artists.
- Respect the vital role of artists.
- Reflect and engage Victoria's diverse community.
- Recognise regional Victorians as valued audiences by providing greater outreach opportunities.
- Use innovative technology in everything we do.

### Realising our potential

- Maintain a focus on serving the community.
- Acknowledge and develop talent.
- Foster a culture of innovation, excellence and collaboration.
- Recognise everyone's role in achieving best-practice operating efficiency and sustainability.
- Recognise our responsibility to adapt to the changing needs of the community.
- Value, acknowledge and support our volunteers to be ambassadors.

### Building for the future

- Advocate and plan for a destination building to house, display and ensure the community's access to the best of Australian and international contemporary art.

### Sharing our vision

- Celebrate a strong history of philanthropy and actively seek future giving.
- Partner with government to exceed community expectations.
- Build rewarding partnerships with the corporate sector.
- Motivate membership to actively participate and advocate on behalf of the NGV.

## KEY INITIATIVES AND PROJECTS

Continuing its multi-year support, the Victorian Government allocated \$9 million over two years in 2015/16 and 2016/17 for NGV Summer – a suite of exhibitions and programs during the summer period focused on contemporary art. The 2014/15 season saw record attendances across both NGV sites.

Beginning in 2017 and returning every three years, the NGV Triennial will showcase contemporary art and design practice in a truly global context. Taking a distinctive cross-disciplinary approach, this event will showcase new shifts in contemporary art and design practice with work by major figures in art, architecture and design, film and performance. Preparation for the inaugural NGV Triennial is now well underway and curatorial research, concept development and planning will continue over the next two years in readiness for 2017.

# 2014/15 PERFORMANCE REPORT

## BRINGING ARTWORKS TO LIFE

### ACQUISITION HIGHLIGHTS

In 2014/15 the NGV's historical and contemporary collections continued to grow, with 2,184 works of art acquired within the financial year. The acquisition program is guided by the *Collections Strategy 2013–16*. The full 2014/15 list of acquisitions can be found on page 34.

The acquisition of contemporary art continued to be a major strategic priority during the period. Significant contemporary Australian works to enter the NGV Collection included Lucy McRae's video work *Make your maker*, 2012, acquired with funds from the Victorian Foundation for Living Australian Artists (VFLAA); Mark Hilton's large, multi-part relief sculpture *dontworry*, 2013, gifted to the NGV by the Felton Bequest; Robert Jacks's 1984 abstract work *Metropolis 6*, purchased through the NGV Foundation; and Christopher Langton's *Double agents*, 2013, a gift from Corbett Lyon through the Australian Government's Cultural Gifts Program.

Exciting new acquisitions continued to augment the international contemporary art collection. Through the Loti and Victor Smorgon Fund the Gallery was able to acquire major works, including Carsten Höller's spectacular public-scale sculptural installation *Golden Mirror Carousel*, 2013; Tracey Emin's neon work *The passion of your smile*, 2013; Ernesto Neto's interactive installation *The island bird*, 2012; and Lizzie Fitch and Ryan Trecartin's *Available Sync*, 2011. Other important international acquisitions included Martin Boyce's *Against the night*, 2013, and Atul Dodiya's *The hero (for Sumitra)*, 2012–13, both purchased through the NGV Foundation; and a group of works on paper by David Shrigley purchased with the assistance of the Supporters of Contemporary Art.

The Gallery's seventeenth-century paintings collection was considerably strengthened by the purchase of William Larkin's portrait *Mary, Lady Vere*, c. 1612–15. The painting was acquired with the substantial support of Leigh Clifford AO and Sue Clifford, Alan and Mavourneen Cowen, the Fox Family Foundation, donors to the Larkin Appeal and the proceeds of the National Gallery of Victoria Annual Dinner 2014.

## BRINGING ARTWORKS TO LIFE (CONT'D)

In June 2015 the NGV was thrilled to receive the gift from Marc Besen AC and Eva Besen AO of six major modernist works by key twentieth-century international artists: Alexander Calder's *Petit Château fort*, 1970; Marc Chagall's *Mother and child (Mère et enfant)*, 1948–53; the Henry Moore bronze sculpture *Mother and child*, 1976–80; and three further bronze maquettes by Moore.

A priority in 2014/15 was the strategic acquisition of contemporary art from the Pacific region, and a number of works entered the NGV Collection through the VFLAA during the period, including Greg Semu's *Self-portrait with p'ea* triptych, 2012, and James Tylor's *Voyage of the Waka and the origin of the Dreaming* series, 2013. Lisa Reihana's *In pursuit of Venus*, 2015, was also purchased through the NGV Foundation.

The representation of Japanese *Negoro* lacquer-ware has been greatly enhanced by two donations gifted through the Australian Government's Cultural Gifts Program; a group of Momoyama period *Sake cups and bowl* donated by the Yulgilbar Foundation, and a further group of nine *Negoro* objects donated by Sir Roderick Carnegie AC. The NGV's modern Asian art collection was also enhanced by the acquisition of the colour woodblock print *Freshly-washed hair, (Arai Gami)* 1936, by Ito Shinsui, purchased with funds donated by Allan Myers AO QC and Maria Myers AO.

The NGV's collection of twentieth-century Australian art was strengthened by the acquisition of Dorrit Black's *Gum trees*, 1933–35, purchased with funds donated by George and Patricia Kline and family.

## EXHIBITION HIGHLIGHTS

The NGV held forty-six exhibitions across its two venues, NGV International and the Ian Potter Centre: NGV Australia, and toured an additional exhibition to Warrnambool Art Gallery during the financial year. The 2014/15 exhibition program continued to tell relevant and varied stories through a broad and dynamic range of exhibitions and associated programs.

The following is a selection of exhibition highlights:

### **Italian Masterpieces from Spain's Royal Court, Museo del Prado**

The eleventh exhibition in the Melbourne Winter Masterpieces series, *Italian Masterpieces from Spain's Royal Court, Museo del Prado* presented a rich selection of paintings and drawings spanning 300 years of Italian art, from the early sixteenth to the eighteenth century.

### **Robert Jacks: Order and Variation**

This exhibition represented the first large-scale retrospective of paintings, sculpture and works on paper by Robert Jacks, one of Australia's most significant and accomplished abstract artists.

### **The Fashion World of Jean Paul Gaultier:**

#### **From the Sidewalk to the Catwalk**

Exclusive to the NGV, this exhibition of the couture of Jean Paul Gaultier featured more than 140 superbly crafted garments in addition to photographs, sketches, stage costumes and excerpts from the designer's runway shows, work for film and television, concerts and dance performances.

### **David Shrigley: Life and Life Drawing**

This first major survey in Australia of the internationally renowned British artist David Shrigley included his darkly humorous drawings, paintings, sculpture, animated videos, artist's books and a new commission titled *General Store*.

### **Emily Floyd: The Dawn**

This survey exhibition of the work of Melbourne-based artist Emily Floyd featured key works dating from 2001 to 2014, including major installations, as well as two newly commissioned interactive spaces for children and families.

### **Shifting Gear: Design, Innovation and the Australian Car**

Celebrating Australia's important and proud history of automobile design and engineering, *Shifting Gear: Design, Innovation and the Australian Car* presented twenty-three of Australia's most iconic vehicles alongside ephemera; including design sketches, illustrations, photographs, car engines and racing trophies.

### **A Golden Age of China: Qianlong Emperor, 1736–1795**

Presenting more than 120 works from Beijing's Palace Museum, this exhibition told the story of China's foremost art collector, Qianlong Emperor, fourth emperor of the Qing dynasty and one of China's most successful rulers. The display included a lavish presentation of paintings on silk and paper, silk court robes, objets d'art and portraits of the Qianlong court.

### **Medieval Moderns: The Pre-Raphaelite Brotherhood**

In a comprehensive display of the NGV's holdings of works by the Pre-Raphaelite Brotherhood and their close associates, *Medieval Moderns* presented luminous works by artists including Dante Gabriel Rossetti and John Everett Millais. It included paintings, sculpture, textiles, works on paper, stained glass and decorative arts, showcasing the richness of the NGV Collection.

### **Follow the Flag: Australian Artists and War 1914–45**

As part of the diverse cultural offerings to mark the centenary of the landing at Gallipoli Cove, this major exhibition presented work by Australian artists influenced by experiences of war between 1914 and 1945.

### **Transmission: Legacies of the Television Age**

This exhibition explored Australian and international artists' engagement with television, visual broadcasting and the transmission of information from the 1950s to the present day. Drawn largely from the NGV's strong holdings of video art, the exhibition also included prints, photographs, fashion, sculpture and collage.

### **Open House: Tromarama for Kids**

Indonesian art collective Tromarama created an interactive exhibition that invited children to transform everyday domestic experiences into artworks by using technology. Inspired by the interior of a typical Indonesian home, *Open House* featured panoramic screenings of the artists' stop-motion films, and enabled visitors to create their own stop-motion animations via a multimedia app.

The Gallery's ongoing series of Federation Court Commissions also continued with Carsten Höller's *Golden Mirror Carousel*, 2014, and Sydney artist Jamie North's installation *Rock Melt*, 2015.

## CONSERVATION AND COLLECTION RESEARCH

The NGV Conservation department provides expertise in the preparation of collection displays and exhibitions and the examination and treatment of works of art. It also undertakes extensive collection research to ensure the State Collection is maintained to the highest possible standard. Through research, the Gallery provides new insights into technical art history and conservation practice and shares this information via social media, lectures, floor talks and public programs.

In a first for the NGV, a three-month long Live Conservation Project offered twenty-seven conservation professionals and postgraduate students the opportunity to work with NGV staff on the cleaning and restoration of John Rogers Herbert's monumental *Moses bringing down the Tables of the Law*, c. 1872–8, which has not been on display in more than seventy years. The treatment took place in the 19th Century paintings gallery, allowing the public to view the conservation work in progress.

The ongoing support of Bank of America Merrill Lynch has seen Frederick McCubbin's *The North wind*, 1891, reach its final stages of treatment. The accompanying technical research will be documented in an online publication and on a wall text within the Gallery when the work returns to display.

The NGV Fashion and Textiles conservation studio continued its work on the examination and documentation of new acquisitions and the preparation of textiles and costumes for integrated display in permanent collection galleries and exhibitions. The complex technical analysis of three seventeenth-century raised needlework embroideries was undertaken for the exhibition *Exquisite Threads: English Embroidery 1600s–1900s*.

Key treatment projects from the painting conservation studio included Adriaen Hanneman's *Mary Lucas*, 1636; Luca Giordano's *Saint Sebastian being cured by Irene*, 1653; Pompeo Batoni's *Sir Sampson Gideon and an unidentified companion*, 1767; Tom Roberts's *Mary*, c. 1886; and two works by J. M. W. Turner.

In September the NGV hosted tours of the conservation laboratories for more than sixty delegates attending the 17th Triennial Conference of the International Council of Museums Committee for Conservation.

With the support of the Friends of the Gallery Library, the NGV's Shaw Research Library made a number of strategic purchases during the period to support curatorial and academic research in the area of Surrealism, including two French Surrealist reviews, a full set of the rare *Minotaure*, published between 1933 and 1939, and *La Révolution surréaliste*, published between 1924 and 1929. Furthermore, the Max Ernst collage novel *Reve d'une petite fille qui voulut entrer au carmel (The dream of a little girl who wished to enter the carmelite order)*, published in 1930, was also acquired.

In June 2015 the NGV launched the Frame and Frame Maker's Database, a searchable and fully illustrated resource connecting conservators, academics and curators worldwide.

Senior Research Fellow for the Australian Research Council Dr Vivien Gaston has undertaken a fellowship at the NGV researching British and Australian eighteenth–twentieth century portraiture in the NGV Collection. Working with a team of specialist historians, Gaston has revealed previously unknown portrait sitters and provenance information.

## COLLECTION DISPLAY

Throughout the 2014/15 period, a schedule of artwork changeovers designed to interpret the NGV Collection in new and engaging ways involved the careful installation and de-installation of approximately 2,700 works of art.

Major refurbishments were undertaken in the 13th–14th Century and 17th–18th Century galleries at NGV International. At the Ian Potter Centre: NGV Australia, the Joseph Brown Collection galleries also underwent refurbishment, the NGV's dedicated Indigenous Collection displays were relocated to newly refurbished spaces on Level 3 and the Ground Level galleries were transformed into a space for temporary exhibitions.

The NGV Collection Focus series continued this year with four exhibitions highlighting the strength and breadth of the NGV Collection, including a celebration of the Gallery's rich decorative arts collection in *Nordic Cool: Modernist Design*. This display examined examples of twentieth-century Scandinavian design.

## BRINGING ARTWORKS TO LIFE (CONT'D)

### LOAN HIGHLIGHTS

Works of art in the NGV Collection were shared with audiences through loans to art galleries within Australia and overseas. In 2014/15 a total of 291 works were loaned to regional, national and international galleries for exhibitions. Some significant loans during the period included:

- Seventeen works to the Art Gallery of Ballarat for the exhibition *For Auld Lang Syne: Images of Scottish Australia from First Fleet to Federation*
- Ten works to the Art Gallery of New South Wales, Sydney, for the exhibition *Pop to Popism*
- Rembrandt van Rijn's *Portrait of a white-haired man, 1667*, to the National Gallery, London, for the exhibition *Rembrandt: The Late Works*; and subsequently to the Rijksmuseum, Amsterdam
- René Magritte's *In praise of dialectics (L'Éloge de la dialectique)*, 1937, to the National Art Center, Tokyo, for the exhibition *René Magritte: The Search for the Absolute*
- Paul Signac's *Gasometers at Clichy (Les Gazomètres. Clichy)*, 1886, to the Tokyo Metropolitan Art Museum's exhibition *Neo-Impressionism, from Light to Colour*.

### NGV ONLINE AND DIGITAL TECHNOLOGY

Ensuring the NGV collection and exhibition content are accessible to the widest possible audience has been a central concern of the NGV's digital strategy during 2014/15. Through an initiative supported by the Gordon Darling Foundation, the Vizard Foundation, Daryl and Anne Whinney, Hugh Morgan AC and Elizabeth Morgan, the Bowness Family, SEEK and Culture Victoria, the Gallery is continuing to enrich the Collection Online database with images of works of art and further cataloguing details.

A major redesign of the NGV website was launched in December 2014. The new, fully responsive website provides increased access to content across all device displays to support mobile device usage. The redesign has also significantly improved accessibility features of the website, including additional support for screen readers, video transcripts, and large-print exhibition labels.

Developing a range of rich digital content is now a central part of sharing the Gallery's Collection and exhibitions with audiences. Film, documentary, moving image displays and other multimedia content added depth to the presentation of the majority of exhibitions held during 2014/15, including the following interactive elements: a samurai armour education tool in *Bushido: Way of the Samurai*; an interactive artist book in *Medieval Moderns: The Pre-Raphaelite Brotherhood*; a purpose-built drawing app in *Express Yourself: Romance Was Born for Kids*; a stop-motion animation app in *Open House: Tromarama for Kids*; and a touchscreen to view additional content in the Asian art galleries.

Live events, such as lectures, Points of View programs and music performance programs were filmed and published online to increase access to a broad audience, and live audiovisual displays and concert sound systems supported events and public programs.

The NGV ebook publishing program continued this year with both *Alex Prager* and *Transmission: Legacies of the Television Age* digital publications available to download from the NGV website. Nine short-form essays to accompany exhibitions also appeared on the website during the period.

The digitised archive of *Art Journal of the National Gallery of Victoria*, launched in 2013/14, was expanded with the release of edition 54. Annual updates are planned for this searchable online repository of more than 100 individual editions.

### VICTORIAN FOUNDATION FOR LIVING AUSTRALIAN ARTISTS

The Victorian Foundation for Living Australian Artists (VFLAA) was established in 2002 with a grant of \$5 million from the State Government of Victoria, matched by an equal contribution from the National Gallery of Victoria's Council of Trustees. The VFLAA has the following objectives:

- to increase support for living Australian artists by purchasing and exhibiting Australian art, with an emphasis on contemporary Australian visual art
- to enable public galleries throughout Victoria to exhibit high-quality examples of contemporary Australian visual art
- to expand the NGV's purchasing capacity for contemporary Australian visual art and enhance the State Collection's holdings of such
- to grow the VFLAA Fund in real terms over time.

The VFLAA Committee convened four times this financial year: in September and November 2014, and in February and June 2015. The VFLAA acquired a total of ninety-six works across a range of disciplines.

We thank the regional representatives on the VFLAA Committee, John Cunningham, Director, Warrnambool Art Gallery and Ian Tully, Director, Swan Hill Regional Art Gallery, for their contribution to the VFLAA during this period.

The table opposite provides an overview of the performance of the VFLAA in 2014/15.

# CONNECTING AUDIENCES

A focus during 2014/15 has been strengthening online engagement with visitors via social media, the NGV blog and email campaigns by developing the digital and social arena as a space for extended audience engagement and public programming. Targeted advertising through social media was also undertaken to engage new audiences and increase exhibition and program awareness and attendance.

2014/15 has been the first full year of operation for the NGV's new department of Audience Engagement, which brings together the operations of the Front of House team, Public Programs and NGV Members.

## PUBLIC PROGRAMS HIGHLIGHTS

The NGV Public Programs department developed and implemented a diverse array of programs and events that facilitated the strategic direction to connect audiences with knowledge and ideas. The department focused on cultivating a broad audience for historical and contemporary art practice, as well as on developing programs in new areas including design and architecture.

From 1–3 May 2015, more than 16,000 visitors attended the inaugural Melbourne Art Book Fair and associated programming and events, such as the Friday Night preview, the international keynote address, discussions, launches and signings. As an annual event developed by the NGV for art publishers worldwide, the Melbourne Art Book Fair will provide vital links with well-established international fairs in New York, London, Tokyo and Paris.

Drawing strong visitor numbers to The Ian Potter Centre: NGV Australia through a program combining music and art, Unplugged Live in July and August 2014 presented thematic talks focused on nineteenth and early twentieth-century Australian art, followed by musical performances by leading local and national musicians.

The NGV's Friday Nights evening live-music events held in conjunction with major exhibitions were extremely successful, often reaching capacity audiences. During 2014/15, the Gallery presented twenty Friday Nights for *Italian Masterpieces from Spain's Royal Court, Museo del Prado* and *The Fashion World of Jean Paul Gaultier: From the Sidewalk to the Catwalk*.

Lecture series and symposia presented by local and national specialists and academics alongside expert NGV curators and staff explored themes from exhibitions, including *Italian Masterpieces from Spain's Royal Court, Museo del Prado*; *The Fashion World of Jean Paul Gaultier: From the Sidewalk to the Catwalk*; *William Blake; Medieval Moderns: The Pre-Raphaelite Brotherhood*; and *A Golden Age of China: Qianlong Emperor, 1736–1795*.

## NGV KIDS

Engagement with children and families has been a crucial area of growth for the NGV in recent years. By collaborating with contemporary artists, the Gallery aims to engage children in art and with global cultures, facilitating interactive experiences and connecting children and their families to art and artists more directly.

Sydney-based fashion designers Anna Plunkett and Luke Sales of fashion label Romance Was Born created a vibrantly designed interactive space featuring spectacular displays of art, fashion and multimedia. More than 85,000 children visited NGV International during their exhibition *Express Yourself: Romance Was Born for Kids*.

Melbourne artist Emily Floyd's *The Dawn for Kids* project invited visitors to experience two participatory works of art, *Word Farm* and *Small Press*, both 2014, that encouraged creativity using letters and words.

Held over ten days in January the Express Yourself! Children's Summer Festival featured activities focused on fashion and creative expression. Artists were engaged to develop activities for the festival and to lead workshops for children.

The NGV also collaborated with Indonesian artist group Tromarama to create the children's exhibition *Open House: Tromarama for Kids*. This immersive exhibition transformed familiar household interiors into creative spaces in which children could create their own stop-motion animations.

During the 2014/15 period, NGV Kids extended its strategic focus to include a tailored Teens program. The implementation of a number of pilot programs for young people aged 13–17 included the inaugural Art Party and Creative Encounters programs. Meet the Artists, a workshop-based program designed to introduce peer-led teen programming, offered young people a platform for creative projects and an opportunity to engage in dialogue with leading contemporary artists in a friendly and intimate setting.

## EDUCATION HIGHLIGHTS

NGV Education develops and manages learning programs and projects that inspire and connect learners of all ages with the NGV Collection and exhibitions.

The overall increase in participation in NGV Education programs in 2014/15 reflects a successful marketing campaign inclusive of social media opportunities in the education sector, as well as targeted print advertising distribution extending to interstate schools.

The annual exhibition of outstanding work by students of Victorian Certificate of Education Art and Studio Arts, *StArt Up: Top Arts 2015*, featured a range of education and public programs. Macquarie Bank supported four awards recognising students' creative accomplishments, including the inaugural Macquarie Group People's Choice Awards and Macquarie Group Collection Award.

The NGV hosted several key education and learning events during 2014/15, including Education Week, with a Maths in Art focus; Children's Week; the Early Childhood Awards; NAIDOC Week; and Reconciliation Week.

Collaborations with a range of education associations, in particular Art Education Victoria, History Teachers' Association of Victoria, Victorian Association for the Teaching of English, Modern Language Teachers' Association of Victoria, Design and Technology Teachers' Association and the School Library Association of Victoria provided tailored learning programs for teachers throughout the year which highlighted the NGV as a teaching resource across the curriculum.

A study to measure outcomes of NGV Education programs was undertaken in partnership with academic researchers from La Trobe University to gain in-depth insights into program outcomes. The study focused on the impact of Gallery experiences on teacher practice and student learning.

## TERTIARY SECTOR HIGHLIGHTS

Engagement with the tertiary sector continued to be successful during the 2014/15 financial year.

The second year of the Learning Partnership between La Trobe University and the NGV Summer School featured an accredited elective course, named Art Now, presented by NGV curators, academics, artists, conservators and educators. Themes from NGV exhibitions on display informed the course syllabus.

A collaborative project between the NGV, Museum Victoria, La Trobe University and Charles Sturt University resulted in the presentation of Connected Learning, the inaugural accredited subject for present-service teachers which focused on the opportunities and benefits of education in cultural organisations. The course commenced in May 2015 with sixty participants.

A major new initiative was the introduction of the Autumn School for Lifelong Learners. Held on five Sundays throughout April and May 2015, the inaugural course on Indigenous Art featured eighteen speakers, including Indigenous artists, academics and curators, discussing works of art and themes of the NGV exhibition *Indigenous Art: Moving Backwards into the Future*.

## PROGRAMMING COLLABORATIONS

A number of strategic programming collaborations were initiated during the period to strengthen existing visitor relationships and establish connections with new audiences.

In 2014 the NGV collaborated with national broadcaster ABC Radio National (RN) on a range of public events aimed to share ideas connected with NGV exhibitions with a broad audience. Hosted by RN presenters, discussion focused on themes in the exhibitions *Mid-Century Modern: Australian Furniture Design* and *Mambo: 30 Years of Shelf-Indulgence*.

## CONNECTING AUDIENCES (CONT'D)

Over four weeks in July 2014, the NGV and Wheeler Centre for Books, Writing and Ideas presented the Points of View: Australian Art Starting Conversations series of evening talks, in which NGV curators and special guests explored works of art by Tom Roberts, John Brack, Emily Kam Ngwarray and Ron Mueck from the perspectives of social history, technology and comedy.

In February 2015, a music and art history lecture and performance series commenced in partnership with Musica Viva, consisting of discussion of music and art within various historical settings followed by performances in NGV gallery spaces.

During Sundays in February 2015, the NGV and Melbourne's Mushroom Group presented live performances in the Grollo Equiset Garden at NGV International. The program highlighted local musicians and complemented the Gallery's contemporary summer exhibitions.

## SPECIAL EVENTS AND FESTIVALS

The NGV is committed to sharing Melbourne's cultural initiatives by co-developing events, presenting stand-alone programs and partnering with cultural events, including the Melbourne Food and Wine Festival; Melbourne Writers Festival; Melbourne Comedy Festival; Melbourne Music Week; and Virgin Australia Melbourne Fashion Festival, among others. Key events during the period included participation in Melbourne's third White Night in February 2015.

During the 2015 Melbourne Food and Wine Festival, NGV Collection paintings *The bar*, 1954, by John Brack and *The arbour*, 1910, by E. Phillips Fox travelled to Bendigo Art Gallery and La Trobe Regional Gallery respectively, complemented by talks and dining experiences.

The NGV also conducted behind-the-scenes tours of the Exhibition Design and Graphic Design Studios during Open House Melbourne.

## PUBLICATION HIGHLIGHTS

Fifteen major print publications were commissioned, developed and published in 2014/15. A full listing of NGV publications can be found on page 78.

Many NGV print publications exceeded sales targets and were reprinted to satisfy audience demand, including *The Fashion World of Jean Paul Gaultier: From the Catwalk to Australia*; *Shifting Gear: Design, Innovation and the Australian Car*; *John Wolseley – Heartlands and Headwaters*; and *A Golden Age of China: Qianlong Emperor, 1736–1795*.

The Gallery's publishing program also extended to titles not related to exhibitions. The book *Aboriginal and Torres Strait Islander Art in the Collection of the National Gallery of Victoria* was launched in April 2015 and is the first of a three-part series featuring highlight works in the NGV Collection.

The children's publishing list was further extended with *Express Yourself! An Activity Book for Kids by Romance Was Born*, a drawing-activity book based on works in the associated exhibition.

## OUTREACH HIGHLIGHTS

The Campbell-Pretty family generously provided funding for students in remote, regional and outer-metropolitan schools to travel to the NGV to see the exhibitions *Italian Masterpieces from Spain's Royal Court, Museo del Prado* and *A Golden Age of China: Qianlong Emperor, 1736–1795* and engage in related NGV Education programs. The majority of participating schools had never visited the NGV before.

Through the support of Rio Tinto, Principal Partner, free admission was also provided to all pre-booked school groups visiting *A Golden Age of China: Qianlong Emperor, 1736–1795*. More than 8000 students visited the exhibition, exceeding projections and highlighting the benefit of supported education programs for schools.

Building on the previous year's success, the regional outreach program NGV Kids on Tour provided seven additional regional communities with access to NGV activities, further strengthening the Gallery's relationship with regional galleries and community venues.

Outreach and online education program delivery included regular web seminars for teachers focused on forthcoming exhibitions; a monthly Talk About Art chat room for educators; virtual excursions via video-conferencing; online student activities for *Jean Paul Gaultier: From the Sidewalk to the Catwalk*; a teachers' resource and art-making activities for *Gods, Heroes and Clowns: Performance and Narrative in South and Southeast Asian Art*; language activities related to *Bushido: Way of the Samurai* and *A Golden Age of China: Qianlong Emperor, 1736–1795*; and a collaboration with Regional Arts Victoria providing touring art programs.

NGV Voluntary Guides delivered seventy-two Gallery Visits You programs to those unable to visit NGV locations, which included multimedia presentations on Collection highlights and selected exhibitions.

The NGV touring exhibition *The Sacred and the Profane: Challenges and Possibilities in Renaissance Art* opened at Warrnambool Art Gallery in December 2014 and ran until March 2015.

**The Gallery presented a diverse array of programs and events that connected audiences with knowledge and ideas.**

# REALISING OUR POTENTIAL

Volunteers play an important role in the NGV's ability to deliver a wide range of programs and events. The NGV acknowledges the significant contribution of many volunteers who dedicated more than 33,000 hours to the Gallery during this time.

## VOLUNTEER CONTRIBUTION

The NGV has ninety-eight Voluntary Guides and an additional forty-nine trainee guides who have directly and significantly contributed to improved audience engagement with the collection and exhibitions. Tours led by Voluntary Guides at both The Ian Potter Centre: NGV Australia and NGV International were conducted daily throughout the year, and Voluntary Guides shared their expertise at many corporate functions, tours by international delegates, special events, exhibitions and NGV Members events; including tours given in languages other than English.

Large attendances at the major exhibitions *Italian Masterpieces from Spain's Royal Court, Museo del Prado* and *The Fashion World of Jean Paul Gaultier: From the Sidewalk to the Catwalk* created high demand for guided tours, and during *A Golden Age of China: Qianlong Emperor, 1736–1795* additional tours in Mandarin were conducted.

There was also growth in participation in the NGV's Access programs including Art and Memory, Gallery Visits You, Auslan Interpreted and Audio Describing tours.

Volunteers also provide significant support to NGV Members assisting with various aspects of the NGV Members program and events.

This year volunteers have again been instrumental in assisting the NGV Library with a number of projects, including documenting the Gallery's historical exhibition program and assisting with cataloguing various collections and artist files.

All members of the NGV Council of Trustees contribute their expertise and a significant amount of time to the Gallery on a voluntary basis. The six sub-committees of the Council of Trustees also benefit from the knowledge and guidance of fifteen external members who offer their time on a voluntary basis.

## RECOGNITION

The NGV was the winner of the 2015 International Book Awards children's non-fiction category for *Master the Arts! A Kids' Activity Book about Italian Masterpieces*, and the children's novelty and gift book category for *Express Yourself! An Activity Book for Kids by Romance Was Born*. The Gallery was awarded Best Small Exhibition Catalogue in the AAANZ Awards for *Robin Rhode: The Call of Walls. Hotham Street Ladies: A Book for Kids* and *Master the Arts! A Kids' Activity Book about Italian Masterpieces* were awarded joint first place in the Educational Activity Book category of the Moonbeam Awards.

NGV Director Tony Ellwood was awarded the President's Prize in the 2014 Australian Institute of Architect's Awards in acknowledgement of the contribution *Melbourne Now* made to the architecture profession and built environment in Melbourne. The Gallery won the Event category of the 2015 Interior Design Excellence Awards for the exhibition design of *Pastello – Draw Act*.

## SENIOR APPOINTMENTS

The following senior staff members were welcomed to their new roles: Isobel Crombie, Assistant Director, Curatorial and Collection Management; David Hurlston, Senior Curator, Australian Painting, Sculpture and Decorative Arts to 1980; Susan van Wyk, Senior Curator, Photography; Ewan McEoin, The Hugh Williamson Senior Curator of Contemporary Design and Architecture; Simone LeAmon, The Hugh Williamson Curator of Contemporary Design and Architecture; Kate Ryan, The Truby and Florence Williams Curator of Children's Programs; Marion Joseph, Senior Publicist; Matthew Lim, Manager Multimedia; Samantha Potts, Front of House Manager; Paula Nason, Coordinating Registrar, Exhibitions; and MaryJo Lelyveld, Coordinating Conservator.

# BUILDING FOR THE FUTURE

## NGV CONTEMPORARY

The development of a new Australian home for contemporary art and design, NGV Contemporary, will allow the NGV to expand its capacity to display and exhibit contemporary art and design by local, national and international artists, positioning the Gallery as an international cultural leader that engages with very diverse audiences.

Work on the strategic planning for NGV Contemporary has progressed significantly throughout 2014/15, particularly through the completion of a number of economic impacts analyses that demonstrate the significant benefits a new contemporary art gallery would bring to Victoria.

The NGV has been actively liaising with government and community stakeholders to progress planning and seek support for this unique opportunity to secure Victoria's reputation as an international cultural destination.

# SHARING OUR VISION

The scope of programs the NGV has delivered in 2014/15 has been greatly assisted by an active strategy of partnerships and collaborations with the academic, community, philanthropic and corporate sectors. Government support has also been crucial in allowing the Gallery to fulfil its strategic aims.

## SUPPORTED INITIATIVES

The NGV was extremely grateful to federal, state and local government for the support of programs and exhibitions in 2014/15. The Federal Ministry for the Arts provided tremendous support towards both the 2014 Melbourne Winter Masterpieces exhibition, *Italian Masterpieces from Spain's Royal Court, Museo del Prado*, and *Follow the Flag: Australian Artists and War 1914–45* which commemorated the work of Australian artists during wartime. The Department of Foreign Affairs and Trade also granted funding towards the exhibition *A Golden Age of China: Qianlong Emperor, 1736–1795*.

Through the 2015/16 State Budget, the Victorian Government granted the NGV \$9 million to continue the successful Summer Program. This support will enable the continued presentation of a suite of contemporary art and design exhibitions, and large-scale, innovative programming for children and families throughout the summer period.

The Department of Education and Training also provided a Strategic Partnership Program Grant to support the NGV's Artful Learning Program for 2015–17. Focused on improving students' learning and building teacher capacity, the program features onsite, online and outreach programs involving arts, English, humanities and foreign languages resources. In addition, the Catholic Education Office provided funding for two full-time teachers to be employed at the NGV.

The City of Melbourne continued to support and promote the NGV, and provided funding towards three specific exhibitions throughout the period; namely *Italian Masterpieces from Spain's Royal Court, Museo del Prado*; *The Fashion World of Jean Paul Gaultier: From the Sidewalk to the Catwalk* and *Follow the Flag: Australian Artists and War 1914–45*.

### FUNDRAISING AND PHILANTHROPY

Philanthropic support of exhibitions and public programs assisted in the delivery of many important initiatives that engaged a broad audience at the NGV. Generous donations from individuals, trusts and foundations were received towards major exhibitions as well as a year-round program for children, teenagers and school students from across Victoria.

The NGV is extremely grateful to Tim Fairfax AC and Gina Fairfax for their inspiring support of the NGV Kids 2014–15 summer program, which included the exhibitions *Express Yourself: Romance Was Born for Kids* and *Emily Floyd: The Dawn for Kids*, as well as the NGV Summer Children's Festival and Kids on Tour initiative. The NGV sincerely thanks the Dewhurst Family for supporting the exhibition *Open House: Tromarama for Kids*. The NGV Kids program was made possible by a multi-year grant from the Truby and Florence Williams Charitable Trust. The NGV also acknowledges major support from Sir Roderick Carnegie AC, John Higgins and Jodie Maunder, Craig Kimberley OAM and Connie Kimberley and Barry and Helen Fitzgerald for exhibitions held during the year.

The NGV was able to deliver a series of Schools Access programs in 2014/15 through significant support from Krystyna Campbell-Pretty and the Campbell-Pretty Family. This program provides a free visit to the NGV for schools across Victoria that have not previously been to the Gallery. A new NGV Teens program championed by the Ullmer Family Foundation delivered tailored programs and activities for teenage audiences.

The development of a new curatorial department in Contemporary Design and Architecture was made possible by the Hugh D. T. Williamson Foundation which enabled the appointment of two curators. In addition, the NGV Conservation department will benefit from a vital fellowship program underwritten by the generosity of the Ian Potter Foundation. Further philanthropic support from the Trust Company Australia Foundation assisted the inaugural Melbourne Art Book Fair, and Loris Orthwein provided support for the Gallery to reinvigorate the NGV Grollo Equiset Garden over coming months and years.

Fundraising continued throughout the year for the NGV Digitisation Project, which aims to digitise the entire NGV Collection. The Gallery wishes to recognise the donors who committed funds towards this project during the period, including The Vizard Foundation, The Bowness Family, The Gordon Darling Foundation, Hugh Morgan AC and Elizabeth Morgan, SEEK and Culture Victoria, as well as the generosity of the 2015 NGV Foundation Annual Dinner donors.

The Annual Appeal remains an integral aspect of the NGV Foundation's fundraising efforts, and in 2014 supporters of the appeal helped secure *Mary, Lady Vere, c.1612–15*, by William Larkin. In 2015 the Annual Appeal aims to acquire *Actual fractal, 1994*, by Howard Arkley, which represents a pivotal point in the artist's career. The NGV wishes to thank The Fox Family Foundation and Rob Gould for their leadership support.

### COLLECTION SUPPORT

The development of the NGV Collection has been assisted throughout the year in numerous ways. Collection supporter groups continued to grow and were supported by a rich calendar of events and engagements. Through donations of funds or works of art, Collection supporter groups have helped secure many important works.

Now in its second year, the Campaign for Contemporary Art seeks to enrich the representation of Australian and international contemporary art in the NGV Collection. Opportunities for donor involvement vary from assisting research and development to supporting commissions from leading international artists. The NGV wishes to acknowledge those donors who have already pledged their commitment, and in particular those who have provided support for the NGV Triennial including Michael and Emily Tong, Joan Clemenger AO and Peter Clemenger AO, Joanna Horgan and Peter Wetenhall, David Clouston and Michael Schwarz, Cameron Oxley and Bronwyn Ross and a donor who wishes to remain anonymous.

To complement the fundraising efforts, a number of significant international and Australian works of contemporary art were acquired thanks to the generosity of the philanthropic community. This financial year, the Loti and Victor Smorgon Fund continued to make the acquisition of important works possible, including Carsten Höller's *Golden Mirror Carousel*, 2014, and Ernesto Neto's *The island bird*, 2012. In addition, the Felton Bequest supported the commission of Mark Hilton's *dontworry*, 2013. These important contemporary works, as well as numerous others gifted to the NGV, have greatly assisted the Gallery's strategy to fill critical gaps in the contemporary art collection.

The NGV wishes to recognise all donors who supported the acquisition of works of art in 2014/15, including major donations from John Downer AM and Rose Downer, Bruce Parncutt and Robin Campbell, Gordon Moffatt AM, Peter and Ivanka Canet, Michael and Emily Tong, Alan and Mavourneen Cowen as well as George and Patricia Kline and the Kline family. Furthermore, a number of significant works of art were generously gifted to the NGV and we wish to acknowledge major gifts from Marcus Besen AC and Eva Besen AO, Lyn Williams AM, Jason Yeap OAM and Min Lee Wong, Sir Roderick Carnegie AC, S. Baillieu Myer AC and Sarah Myer, Albert Ullin OAM, Julienne Jacks, Inge King AM, Anthony Knight OAM and Beverly Knight, Dr Robert Wilson and two donors who wish to remain anonymous.

In addition, significant bequests left to the Gallery have greatly assisted in the development of the NGV Collection, including the estates of Suzanne Dawbarn and Maureen Morrissey.

### CORPORATE PARTNERSHIPS

The NGV Corporate Partnerships department ended the 2015 financial year in a strong position. Cash sponsorship and contra support have continued to grow, building on the success of 2013/14.

More than twelve new partners were secured during the 2014/15 financial year. In a first for the NGV, Rio Tinto became the inaugural naming rights partner of the Asian Temporary Exhibition Galleries, now named the Rio Tinto Gallery of Asian Art. Inaugural partnerships were also established with Telstra, RACV, Westfield, Air China, RMIT University, GM Holden and the Lowy Institute for International Policy.

All corporate partnerships were underpinned by rigorous engagement strategies. More than sixty corporations are now engaged with the NGV either through exhibition partnerships, program partnerships or corporate membership.

In February 2015 a major creative partnership between the NGV and Telstra was announced. Inspired by a shared interest in creativity and innovation in the digital world, the partnership will explore initiatives that bring art and technology together, enabling new methods of access to the NGV regardless of geographic location.

The Gallery continued its Learning Partnerships with the tertiary sector through collaborations with the University of Melbourne and La Trobe University, including lecture series and summer schools in association with major exhibitions. RMIT University collaborated with the NGV as a Design Partner for the exhibition *Shifting Gear: Design Innovation and the Australian Car*.

NGV Membership continued to be actively promoted to all corporate partners, providing opportunities for the staff, customers and clients of our corporate partners to access and engage with the Gallery's exhibitions and programs.

The value corporate partners bring to the NGV was clearly demonstrated during *The Fashion World of Jean Paul Gaultier: From the Sidewalk to the Catwalk*. More than twenty-three partners supported the exhibition through cash and in-kind support including Principal Partner Mercedes-Benz, and Major Partners Bank of Melbourne, EY, Higgins Coatings, Qantas and Westfield. In addition, partners also promoted the exhibition through high-profile marketing campaigns, events, programs and other unique initiatives. These creative initiatives, developed in collaboration with the NGV, significantly enriched the exhibition's marketing and communications campaign.

Similarly, the eleventh Melbourne Winter Masterpieces exhibition, *Masterpieces from Spain's Royal Court, Museo del Prado*, received strong support from eighteen corporate partners including Principal Sponsor Mazda, and Principal Donor Singapore Airlines.

### MEMBERS

NGV Members services more than 26,000 memberships representing more than 42,000 individual members and offers benefits, privileges and dedicated programming for visitors wanting to connect more deeply with the Gallery. A strategic focus for the period has been on benchmarking against leading international art museum membership programs, and developing new ways of increasing the diversity of Membership audiences, as well as engaging dynamically with Members.

During *The Fashion World of Jean Paul Gaultier: From the Sidewalk to the Catwalk* NGV Membership grew by 20%, with more than 3,500 new members signing up during the exhibition period.

Providing exclusive programming and special events is central to the success of NGV Members. In the 2014/15 period, Members-only programming included previews, exclusive talks and out-of-hours viewing opportunities for exhibitions and bi-monthly NGV Family Member workshops for children and families.

# FINANCIAL REPORT

## FIVE-YEAR FINANCIAL SUMMARY

### BASIS OF PREPARATION

The table on page 85 distinguishes between the NGV's operating and non-operating activities, a distinction not readily seen in the comprehensive operating statement on page 89. This distinction is important, as the comprehensive operating statement includes significant income and expenditure which relate to the management of the NGV's capital cycle. In particular, the NGV raises substantial funds, including grants, donations and bequests, which are not available for operating purposes but are committed for the purchase of works of art or for building works. The investment income generated from the non-operating funds is also not used for operating purposes.

Depreciation for property, plant and equipment is treated as non-operating expenditure. The Victorian Government provides funding for capital purposes through the Economic Review Sub-Committee of Cabinet (ERSC) via the Department of Treasury and Finance as well as through Creative Victoria via the Cultural Assets Maintenance Fund.

### REVIEW OF OPERATING PERFORMANCE

This year has surpassed expectations, with 2,273,907 visitors to the NGV; 226,923 attendances to the Summer Program exhibition, *The Fashion World of Jean Paul Gaultier*; 105,464 students attending NGV Education programs; and 2,815,835 visitors to the NGV website. This success has been a large factor in the NGV achieving an operating surplus of \$778,000 (2013/14: surplus of \$347,000).

There has been encouraging growth in operating revenue in a number of areas, including exhibition admissions, memberships and cash sponsorship. Whilst trading revenue decreased by 1% from the previous year, it would have increased by 1% but for the timing of in-kind sponsorship invoices in 2013/14 which normally would have been received in 2014/15.

Operating expenditure in 2014/15 decreased by 1.6% to \$68.2 million. This was largely attributable to a lower-cost exhibition program as well as the timing of the Melbourne Winter Masterpieces exhibitions. There have also been ongoing savings achieved through a targeted procurement program. The lower operating expenditure is despite CPI increases for most building operating and maintenance costs, as well as the annual increases to salaries under the Enterprise Agreement.

### REVIEW OF NON-OPERATING PERFORMANCE

The non-operating result can fluctuate from year to year as it comprises cash investment income, cash and non-cash gifts, proceeds from bequests, capital and non-operating grants, fundraising activities and depreciation. While the non-operating result decreased by \$5.4 million to \$25.8 million due largely to movements in the investment portfolio, it was very pleasing that there was a \$6.0 million increase in cash and non-cash gifts, bequests and fundraising activities.

While cash investment income fell by \$7.6 million, this was mostly offset by an increase in market value of the investment portfolio of \$7.0 million, which, due to the required accounting treatment of investments at the NGV, is reflected below the Net result in 'Other economic flows, other non-owner changes in equity'. Capital grants and similar income were lower by \$3.8 million largely due to the \$4.0 million funding received from the Victorian Government as part of the 2013/14 BEREC process for the Gallery Renewal project being received in 2013/14. This project is substantially complete and the NGV is working with the Victorian Government to secure more funding for necessary capital works.

### NET RESULT

The Net result for the year is a surplus of \$13.8 million (2013/14: surplus of \$18.8 million) and is the sum of the operating and non-operating results.

### BALANCE SHEET

The NGV's balance sheet (page 90) is dominated by the State Collection to which works of art to the value of \$16.6 million were added during the year. The decrease in Property, plant and equipment was largely due to depreciation during the year of \$12.8 million.

The balance sheet also includes cash and other financial assets of \$77.3 million (2013/14: \$69.1 million). The increase is predominantly attributable to the strong performance of the NGV's portfolio during the year. These funds are largely held for the purchase of works of art, or other purposes as restricted by the donor or grantor. The balance of these funds is available to meet the NGV's operating and capital expenditure needs.

**FUTURE**

2014/15 has been another year of great achievement at the NGV. The 12% increase in visitors to 2,273,907 and the 21% increase in visits to the NGV website to 2,815,835 on the previous year have increased the NGV's profile both nationally and internationally. For the first time since 2005, from 1 October 2015, both The Ian Potter Centre: NGV Australia and NGV International will be open seven days a week. This will further increase community access to the Collection and put an end to the disappointment that visitors have experienced when turning up to the NGV on a closed day.

The NGV was delighted with the announcement that the Victorian Government will provide \$9 million of funding over two years for the 2015/16 and 2016/17 NGV Summer Programs. The NGV is excited about the 2015/16 Summer Program exhibition, *Andy Warhol / Ai Weiwei*, from 11 December 2015 – 24 April 2016, which is expected to attract strong attendances nationally and internationally.

The NGV faces long-term challenges to better secure and protect the storage of Victoria's Cultural Collection as well as ensure that the building and gallery spaces have the necessary capital investment to accommodate the expected increase in visitors. The NGV is working closely with the Victorian Government to address these challenges.

The NGV is very much looking forward to the coming year and beyond. The continuation of the generation of new income sources and the responsible management of our cost base will be necessary as we enter into this exciting period.

### INDEPENDENT AUDITOR'S REPORT

#### To the Trustees, Council of Trustees of the National Gallery of Victoria

##### *The Financial Report*

The accompanying financial report for the year ended 30 June 2015 of the Council of Trustees of the National Gallery of Victoria which comprises the comprehensive operating statement, balance sheet, statement of changes in equity, cash flow statement, notes comprising a summary of significant accounting policies and other explanatory information, and the President, Director and Chief Financial Officer declaration has been audited.

##### *The Trustees' Responsibility for the Financial Report*

The Trustees of the Council of Trustees of the National Gallery of Victoria are responsible for the preparation and fair presentation of the financial report in accordance with Australian Accounting Standards, and the financial reporting requirements of the *Financial Management Act 1994*, and for such internal control as the Trustees determine is necessary to enable the preparation and fair presentation of the financial report that is free from material misstatement, whether due to fraud or error.

##### *Auditor's Responsibility*

As required by the *Audit Act 1994*, my responsibility is to express an opinion on the financial report based on the audit, which has been conducted in accordance with Australian Auditing Standards. Those standards require compliance with relevant ethical requirements relating to audit engagements and that the audit be planned and performed to obtain reasonable assurance about whether the financial report is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The audit procedures selected depend on judgement, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. In making those risk assessments, consideration is given to the internal control relevant to the entity's preparation and fair presentation of the financial report in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of accounting estimates made by the Trustees, as well as evaluating the overall presentation of the financial report.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

*Auditing in the Public Interest*

### Independent Auditor's Report (continued)

##### *Independence*

The Auditor-General's independence is established by the *Constitution Act 1975*. The Auditor-General is not subject to direction by any person about the way in which his powers and responsibilities are to be exercised. In conducting the audit, the Auditor-General, his staff and delegates complied with all applicable independence requirements of the Australian accounting profession.

##### *Opinion*

In my opinion, the financial report presents fairly, in all material respects, the financial position of the Council of Trustees of the National Gallery of Victoria as at 30 June 2015 and its financial performance and cash flows for the year then ended in accordance with applicable Australian Accounting Standards, and the financial reporting requirements of the *Financial Management Act 1994*.

# NOTES TO THE FINANCIAL STATEMENTS

for the financial year ended 30 June 2015

## 1. SUMMARY OF SIGNIFICANT ACCOUNTING

### (A) STATEMENT OF COMPLIANCE

The annual financial statements represent the audited general purpose statements of the Council of Trustees of the National Gallery of Victoria ("the National Gallery of Victoria"), in accordance with the *Financial Management Act 1994* and applicable Australian Accounting Standards and Interpretations (AASs). In particular, they are presented in a manner consistent with the requirements of the AASB 1049 *Whole of Government and General Government Sector Financial Reporting*. In complying with AASs, the National Gallery of Victoria has, where relevant, applied those paragraphs applicable to not-for-profit entities.

### (B) BASIS OF PREPARATION

The accrual basis of accounting has been applied in the preparation of these financial statements whereby assets, liabilities, equity, income and expenses are recognised in the reporting period to which they relate, regardless of when cash is received or paid.

These financial statements are presented in Australian dollars, the functional and presentational currency of the National Gallery of Victoria.

In the application of AASs, management is required to make judgements, estimates and assumptions about carrying values of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgments. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and also in future periods that are affected by the revision. Judgements and assumptions made by management in the application of AASs that have significant effects on the financial statements and estimates relate to the fair value of land, buildings, plant and equipment, (refer to Note 1(i) (iii)).

Accounting policies are selected and applied in a manner which ensures that the resulting financial information satisfies the concepts of relevance and reliability, thereby ensuring that the substance of the underlying transactions or other events is reported.

The report has been prepared in accordance with the historical cost convention except for:

- cultural assets, land and buildings and plant and equipment, which, subsequent to acquisition, are measured at the revalued amount being their fair value at the date of the revaluation less any subsequent accumulated depreciation, if applicable, and subsequent impairment losses. Revaluations are made with sufficient regularity to ensure that the carrying amounts do not materially differ from their fair value;
- leasehold improvements where the fair value is generally based on the depreciated replacement value; and
- financial assets classified as available-for-sale which are measured at fair value with movements reflected in "Other economic flows – other comprehensive income".

Consistent with AASB 13 *Fair Value Measurement*, the National Gallery of Victoria determines the policies and procedures for recurring fair value measurements such as cultural assets, land and buildings and plant and equipment, leasehold improvements, financial assets classified as available-for-sale in accordance with the requirements of AASB 13 and the relevant Financial Reporting Directions.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities

Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable; and

Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For the purpose of fair value disclosures, the National Gallery of Victoria has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

In addition, the National Gallery of Victoria determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

The accounting policies set out herein have been applied in preparing the financial statements for the year ended 30 June 2015 and the comparative information presented for the year ended 30 June 2014.

## NOTES TO THE FINANCIAL STATEMENTS (CONT'D)

### (C) REPORTING ENTITY

The financial statements cover the National Gallery of Victoria which is a statutory authority established under the *National Gallery of Victoria Act 1966*, as amended, of the State of Victoria. Its principal address is:

180 St Kilda Road  
Melbourne Victoria 3004

The National Gallery of Victoria is an administrative agency acting on behalf of the Crown.

A description of the nature of the National Gallery of Victoria's operations and its principal activities is included in the Annual Report on page 3 which does not form part of these financial statements.

### (D) SCOPE AND PRESENTATION OF FINANCIAL STATEMENTS

#### Comprehensive operating statement

Income and expenses in the comprehensive operating statement are classified according to whether or not they arise from 'transactions' or 'other economic flows'. This classification is consistent with the whole of government reporting format and is allowed under AASB 101 *Presentation of Financial Statements*. The net result is equivalent to a profit, or loss, derived in accordance with AASs.

'Transactions' or 'other economic flows' are defined by the *Australian system of government finance statistics: concepts, sources and methods* 2005 (see Note 23).

#### Balance sheet

Assets and liabilities are presented in decreasing liquidity order with assets aggregated into financial and non-financial assets.

Current and non-current assets and liabilities are disclosed in the notes, where relevant.

#### Statement of changes in equity

The statement of changes in equity presents reconciliations of each non-owner and owner changes in equity opening balance at the beginning of the reporting period to the closing balance at the end of the reporting period, showing separately movements due to amounts recognised in the comprehensive operating statement and amounts recognised in equity related to transactions with owners, in their capacity as owners.

#### Cash flow statement

Cash flows are classified according to whether or not they arise from operating activities, investing activities, or financing activities. This classification is consistent with requirements under AASB 107 *Statement of Cash Flows*.

### (E) INCOME FROM TRANSACTIONS

Income is recognised to the extent that it is probable that the economic benefits will flow to the National Gallery of Victoria and the income can be reliably measured at fair value. Revenue is recognised for each of the major activities as follows:

#### (E)(i) State Government - recurrent appropriation and other grants from State Government entities

State Government appropriation and other grants from State Government entities are recognised on receipt in accordance with AASB 1004 *Contributions*. Grants from third parties are recognised as income in the reporting period in which the National Gallery of Victoria gains control over the underlying asset. For reciprocal grants, (i.e. equal value is given back by the National Gallery of Victoria to the provider), the National Gallery of Victoria is deemed to have assumed control when the National Gallery of Victoria has satisfied its performance obligations under the terms of the grant. For non-reciprocal grants, the National Gallery of Victoria is deemed to have assumed control when the grant is receivable or received.

#### (E)(ii) State Government - capital assets charge grant

The State Government capital assets charge grant represents the opportunity cost of capital invested in the non-current physical assets used in the provision of outputs. The grant is calculated on the carrying amount of non-current physical assets (excluding heritage and cultural assets) and is matched by an equivalent government charge.

#### (E)(iii) Operating activities income

- (a) **Revenue from exhibition and program admissions**  
Revenue arising from exhibition and public program admissions is recognised at the point of sale.
- (b) **Revenue from retail shop sales**  
Revenue arising from retail shop sales is recognised when the following conditions have been satisfied:
- the significant risks and rewards of ownership of the goods have transferred to the buyer;
  - the National Gallery of Victoria retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the goods sold;
  - the amount of revenue can be reliably measured; and
  - it is probable that the economic benefits associated with the transaction will flow to the National Gallery of Victoria; and the costs incurred or to be incurred in respect of the transaction can be measured reliably.
- (c) **Revenue from membership fees**  
Revenue from membership fees is recognised when received and revenue from multiple year memberships is recognised over the period of the membership.

#### (d) Cash sponsorship and contra sponsorship

Revenue from sponsorship contracts, both cash and contra, is recognised as revenue over the period during which the contractual and servicing obligations of the National Gallery of Victoria are discharged.

The National Gallery of Victoria enters into contra sponsorship contracts to receive sponsorship in various forms other than cash in exchange for promoting the provider as a corporate sponsor. These contracts are treated as contracts for the provision of services.

#### (e) Other revenue

Revenue from retail and function catering, advertising, functions fees, booking fees, venue hire fees and work of art loan fees are recognised in the period in which the service was provided.

#### (E)(iv) Fundraising activities income

##### (a) Donations and bequests

Donations and bequests are recognised on receipt.

##### (b) Donated cultural assets

Donated cultural assets are recognised when the gift is accepted by the National Gallery of Victoria and is recorded at fair value. Fair value is determined by either an average of independent valuations, for works donated under the Cultural Gifts Program, or by a curatorial or other assessment by the National Gallery of Victoria.

Revenue arising from the contribution of assets is recognised when the following conditions have been satisfied:

- control of the contribution or right to receive the contribution exists; and
- it is probable that the economic benefits comprising the contribution will be realised.

#### (E)(v) Income from financial assets classified as available-for-sale activities

Income from financial assets classified as available-for-sale is generally recognised when receivable. Dividends are recognised when the right to receive payment is established.

### (F) EXPENSES FROM TRANSACTIONS

Expenses from transactions are recognised as they are incurred, and reported in the financial year to which they relate.

#### (F)(i) Employee expenses

Refer to the section in Note 1(J)(iii) regarding employee expenses.

Employee expenses include all costs related to employment including wages and salaries, leave entitlements, redundancy payments and superannuation contributions. The amount charged to the comprehensive operating statement in respect of superannuation represents the contribution paid or payable by the National Gallery of Victoria to the superannuation funds of employees.

#### (F)(ii) Depreciation

Property, plant and equipment, including freehold buildings but excluding land have finite lives and are depreciated. Depreciation is calculated on a straight-line basis at rates that allocate the asset's value, less any estimated salvage value, over its estimated useful life.

Leasehold improvements are depreciated over the period of the lease or the asset's estimated useful life, whichever is the shorter, using the straight-line method. The estimated useful lives, residual values and depreciation method are reviewed at the end of each annual reporting period. Note 8 provides details on the estimated useful lives that are used in the calculation of depreciation on property, plant and equipment. Where it is determined that the estimated useful life of an asset has changed, the depreciation rate for that asset is adjusted accordingly.

Land and Cultural assets are not depreciated.

#### (F)(iii) Supplies and services

Supplies and services expenses are recognised as an expense in the reporting period in which they are incurred. The carrying amounts of any inventories held for distribution are expensed when distributed.

#### (F)(iv) Capital assets charge

The capital assets charge is imposed by the Department of Treasury and Finance and represents the opportunity cost of capital invested in the non-current physical assets used in the provision of outputs. The charge is calculated on the budgeted carrying amount of applicable non-current physical assets (excluding heritage and cultural assets) and is matched by an equivalent government grant.

### (G) OTHER ECONOMIC FLOWS INCLUDED IN THE NET RESULT

#### G)(i) Net gain/(loss) on financial instruments

Net gain/(loss) on financial instruments comprises:

- changes to the provision made in regards to the collection of outstanding debts; and
- gains or losses on foreign exchange contracts, excluding foreign exchange hedges, as a result of changes in exchange rates from the date of commitment to the date of payment.

#### G)(ii) Net gain/(loss) on non-financial assets

Net gain/(loss) on non-financial assets comprises:

- changes to the provision made in regards to the slow-moving stock

#### G)(iii) Other gain/(loss) from other economic flows

Other gain/(loss) from other economic flows comprises:

- gains or losses on foreign exchange hedge contracts as a result of changes in the exchange rate from the rate fixed under the contract to rate which would have been paid on settlement, if a foreign exchange hedge contract had not been entered into; and
- gains or losses, as a result of changes in bond rates.

## NOTES TO THE FINANCIAL STATEMENTS (CONT'D)

### (H) FINANCIAL ASSETS

#### (H)(i) Cash and deposits

Cash and deposits, including cash equivalents, comprise cash on hand and cash at bank, deposits at call and highly liquid investments with an original maturity of three months or less, which are readily convertible to known amounts of cash and are subject to insignificant risk of changes in value.

#### (H)(ii) Receivables

Receivables consist of:

- Statutory receivables, which include amounts predominantly owing from the Victorian Government and GST input tax credits recoverable; and
- Contractual receivables, which include debtors in relation to goods and services.

#### (H)(iii) Financial assets classified as available-for-sale

Investments held by the National Gallery of Victoria are classified as available-for-sale and are measured at fair value in the manner described in Note 15(g).

Gains on individual assets arising from differences between carrying amount and fair value are credited directly to the "Financial assets available-for-sale reserve", except that, to the extent that an increment reverses a revaluation decrement in respect of that asset previously recognised as an expense in the net result, the increment is recognised immediately as revenue in the net result.

Losses on individual assets arising from differences between carrying amount and fair value are recognised immediately as an expense in the net result, except that, to the extent that a credit balance exists in the "Financial assets available-for-sale reserve" in respect of the same asset, are debited directly to the Financial assets available-for-sale reserve. Revaluation increases and decreases of different assets are not offset against one another.

Movements resulting from impairment are recognised as an expense in the net result. On disposal, the cumulative gain or loss previously recognised in "Other economic flows – other comprehensive income" is transferred to "Other economic flows included in net result".

#### (H)(iv) Impairment of Financial assets

At the end of each reporting period, the National Gallery of Victoria assesses whether there is objective evidence that a financial asset or group of financial assets is impaired. All financial instrument assets are subject to annual review for impairment.

### (I) NON-FINANCIAL ASSETS

#### (I)(i) Inventories

Inventories are held for sale in the ordinary course of business operations and are measured at the lower of cost and net realisable value.

A provision for stock obsolescence is made when there is objective evidence that an inventory item may be economically impaired.

#### (I)(ii) Prepayments and other assets

Prepayments and other assets represent payments in advance of receipt of goods or services or that part of expenditure made in one accounting period covering a term extending beyond that period.

#### (I)(iii) Property, plant and equipment

Property, plant and equipment are measured initially at cost and subsequently revalued at fair value in the manner described in this Note as well as Note 8. Property, plant and equipment are valued according to the premise of highest and best use after due consideration is made for any legal or constructive restrictions imposed on the asset.

Land is valued according to highest and best use after taking into account the restriction of the heritage registration, Crown Grant and Arts Centre car park usage and the Community Service Obligation associated with the removal of the Queen's Caveat which applies to this land. Land is not subject to depreciation.

The fair value of buildings, building plant and building fit-out is determined by the asset's depreciated replacement cost.

The fair value of non-building plant and equipment is determined by the asset's depreciated replacement cost.

Leasehold improvements are measured at depreciated value and are depreciated over the period of the lease or estimated useful life of the asset, whichever is shorter.

Capital work-in-progress is measured at cost until the works are completed after which are measured at fair value.

A full revaluation of property, plant and equipment, except for leasehold improvements and capital work-in-progress is undertaken every five years, but may occur more frequently if material movements in fair value are identified, based upon the asset's Government Purpose Classification. In between valuations and in accordance with the Financial Reporting Directions (FRDs) issued by the Minister for Finance, an assessment as to the change in the fair value for land and buildings is determined by reference to indices provided by the Valuer-General Victoria and for plant and equipment by review of the useful life of the plant and equipment and reasonableness of the depreciation rates used.

Revaluation increments or decrements arise from differences between carrying amount and fair value. Revaluation increments are credited directly to the "Physical asset revaluation surplus", except that, to the extent that an increment reverses a revaluation decrement in respect of that class of asset previously recognised as an expense in the net result, the increment is recognised immediately as revenue in the net result.

Revaluation decrements are recognised immediately as expenses in the net result, except that, to the extent that a credit balance exists in the "Physical asset revaluation surplus" in respect of the same class of assets, they are debited directly to the "Physical asset revaluation surplus". Revaluation increases and decreases within a class of property, plant and equipment are offset against one another within that class but are not offset in respect of assets in different classes.

#### (I)(iv) Cultural assets

Cultural assets comprise works of art in the State Collection and other cultural assets. Control of the State Collection is vested in the Council of Trustees of the National Gallery of Victoria by virtue of the *National Gallery of Victoria Act 1966*, as amended. Additions to the State Collection may take the form of either a purchase by the National Gallery of Victoria or a donation from a third party.

All cultural assets are held for exhibition, education, research and historical interest. Such assets are deemed worthy of preservation because of the social rather than financial benefits they provide to the community. The nature of these assets means that there are certain limitations and restrictions imposed on their use and/or disposal. Purchased cultural assets are initially carried at fair value and subsequently at fair value. Donated or bequeathed cultural assets are carried at fair value. Cultural assets are not depreciated as they do not have a finite useful life.

Cultural assets measured at fair value are revalued in accordance with the Financial Reporting Directions (FRDs) issued by the Minister for Finance. An external revaluation process is required every five years, based upon the asset's Government Purpose Classification but may occur more frequently if material movements in fair value are identified. In between valuations and in accordance with the FRDs issued by the Minister for Finance, an assessment as to the change in the fair value is undertaken internally using internal expertise as well as other corroborating evidence such as art price indices.

Revaluation increments or decrements arise from differences between carrying amount and fair value. Revaluation increments are credited directly to the "Cultural asset revaluation reserve", except that, to the extent that an increment reverses a revaluation decrement previously recognised as an expense in the net result, the increment is recognised immediately as revenue in the net result.

Revaluation decrements are recognised immediately as expenses in the net result, except that, to the extent that a credit balance exists in the "Cultural asset revaluation reserve", they are debited directly to the "Physical asset revaluation reserve".

### (J) LIABILITIES

#### (J)(i) Payables

Payables represent liabilities for goods and services provided to the National Gallery of Victoria that are unpaid at the end of the financial year. Payables are initially measured at fair value, being the cost of the goods and services, and then subsequently measured at amortised cost.

Where a provision is measured using the cashflows estimated to settle the present obligation, its carrying amount is the present value of those cashflows.

#### (J)(ii) Provisions

Provisions are recognised when the National Gallery of Victoria has a present obligation, the future sacrifice of economic benefits is probable, and the amount of the provision can be measured reliably.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at reporting date, taking into account the risks and uncertainties surrounding the obligation.

#### (J)(iii) Employee expenses

Provision is made for benefits accruing to employees in respect of wages and salaries, annual leave and long service leave when it is probable that settlement will be required and they are capable of being measured reliably. The calculation of employee benefits includes all relevant on-costs and are calculated as follows at reporting date.

##### (a) Wages, salaries and annual leave

Liabilities for wages and salaries, including non-monetary benefits annual leave, are all recognised in the provision for employee benefits as 'current liabilities', because the National Gallery of Victoria does not have an unconditional right to defer settlements of these liabilities.

Depending on the expectation of the timing of settlement, liabilities for wages, salaries and annual leave are measured at:

- nominal value – if the National Gallery of Victoria expects to wholly settle within 12 months; or
- present value – if the National Gallery of Victoria does not expect to wholly settle within 12 months

##### (b) Long service leave

Liability for long service leave (LSL) is recognised in the provision for employee benefits.

Unconditional LSL is disclosed in the notes to the financial statements as a current liability, even where the National Gallery of Victoria does not expect to settle the liability within 12 months because it will not have the unconditional right to defer the settlement of the entitlement should an employee take leave within 12 months.

The components of this current LSL liability are measured at:

- nominal value- if the Department expects to wholly settle within 12 months; and
- present value-if the Department does not expect to wholly settle within 12 months.

Conditional LSL is disclosed as a non-current liability. There is an unconditional right to defer the settlement of the entitlement until the employee has completed the requisite years of service. This non-current LSL liability is measured at present value.

#### (J)(iv) Employee expenses on-costs

Employee benefits on-costs such as payroll tax, and workers compensation are recognised separately from the provision for employee benefits.

### (K) EQUITY

#### (K)(i) Contributions by owners

Additions to net assets which have been designated as contributions by owners (the State of Victoria) are recognised as contributed capital. Other transfers that are in the nature of contributions or distributions have also been designated as contributions by owners.

#### (K)(ii) Collection reserve

Represents accumulated revenue received from donations, bequests, investment income and similar sources which is dedicated to the acquisition of cultural assets. This reserve also includes the value of gifts in kind. Amounts in respect of years prior to the year ended 30 June 2001 are approximations only.

## NOTES TO THE FINANCIAL STATEMENTS (CONT'D)

### (K)(iii) Infrastructure reserve

Represents accumulated revenue received from donations, bequests, grants, investment income and similar sources which is dedicated to the purchase of non-current fixed assets and infrastructure. This reserve was established as at 30 June 2005 and includes revenue received since 1 July 2001.

### (K)(iv) Physical assets revaluation surplus

Represents increments arising from the periodic revaluation of land, buildings and plant and equipment.

### (K)(v) Cultural assets revaluation reserve

Represents increments arising from the periodic revaluation cultural assets.

### (K)(vi) Financial assets available-for-sale revaluation reserve

Represents increments arising from the revaluation of financial assets classified as available-for-sale.

### (K)(vii) Accumulated surplus/(deficit)

Represents the cumulative net result from the current year and all prior years less the current year and all prior year transfers to the Collection and Infrastructure reserves.

### (L) COMMITMENTS FOR EXPENDITURE

Commitments for expenditure are disclosed by way of a note (refer Note 13) at their nominal value and inclusive of the Goods and Services Tax payable and are not included in the Balance Sheet.

### (M) CONTINGENT ASSETS AND CONTINGENT LIABILITIES

Contingent assets and contingent liabilities are not recognised in the balance sheet, but are disclosed by way of a note and, if quantifiable, are measured at nominal value. Contingent assets and liabilities are presented inclusive of Goods and Services Tax receivable or payable respectively.

### (N) GOODS AND SERVICES TAX (GST)

Income, expenses and assets are recognised net of the amount of associated GST, unless the GST incurred is not recoverable from the taxation authority. In this case it is recognised as part of the cost of acquisition of the asset or as part of the expense.

Receivables and payables are stated inclusive of the amount of GST receivable or payable. The net amount of GST recoverable from, or payable to, the taxation authority is included in other receivables or payables in the balance sheet.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to the taxation authority, are presented as operating cash flows.

### (O) EVENTS AFTER REPORTING DATE

Assets, liabilities, income or expenses arise from past transactions or other past events. Where the transactions result from an agreement between the National Gallery of Victoria and other parties, the transactions are only recognised when the agreement is irrevocable at or before balance date. Adjustments are made to amounts recognised in the financial statements for events which occur after the reporting period and before the date the statements are authorised for issue, where those events provide information about conditions which existed in the reporting period. Disclosure is made by way of note about events between the reporting date and the date the statements are authorised for issue where the events relate to conditions which arose after the reporting date and which may have a material impact on the results of subsequent years.

### (P) FOREIGN CURRENCY

All foreign currency transactions during the financial year are brought to account using the exchange rate in effect at the date of the transaction or the exchange rate in the forward hedging contract. Exchange differences are recognised in the comprehensive operating statement in the period in which they arise. Where a material foreign currency commitment is a fixed amount and is or can be paid on a fixed date in the future, a forward foreign currency contract is entered into with the Treasury Corporation of Victoria. All other foreign currency transactions are entered into as spot transactions. Realised and unrealised foreign currency gains or losses are recognised in the comprehensive operating statement.

### (Q) ROUNDING OF AMOUNTS

Amounts in the financial statements have been rounded to the nearest thousand dollars, unless otherwise stated.

### (R) AASS ISSUED THAT ARE NOT YET EFFECTIVE

Certain new accounting standards have been published that are not mandatory for the 30 June 2015 reporting period. The National Gallery of Victoria assesses the impact of these new standards and early adopts any new standards where applicable.

As at 30 June 2015, the following standards and interpretations had been issued but were not mandatory for financial year ending 30 June 2015. The National Gallery of Victoria has not, and does not intend to, adopt these standards early.

### NEW ACCOUNTING STANDARDS AND INTERPRETATIONS

Standard/ Interpretation	Summary	Applicable for annual reporting periods beginning on	Impact on the National Gallery of Victoria's financial statements
AASB 9 <i>Financial Instruments</i>	The key changes include the simplified requirements for the classification and measurement of financial assets, a new hedging accounting model and a revised impairment loss model to recognise impairment losses earlier, as opposed to the current approach that recognises impairment only when incurred.	1 Jan 2018	The assessment has identified that the financial impact of available for sale (AFS) assets will now be reported through other comprehensive income (OCI) and no longer recycled to the profit and loss. While the preliminary assessment has not identified any material impact arising from AASB 9, it will continue to be monitored and assessed.
AASB 15 <i>Revenue from Contracts with Customers</i>	The core principle of AASB 15 requires an entity to recognise revenue when the entity satisfies a performance obligation by transferring a promised good or service to a customer.	1 Jan 2017 (Exposure Draft 263 – potential deferral to 1 Jan 2018)	The changes in revenue recognition requirements in AASB 15 may result in changes to the timing and amount of revenue recorded in the financial statements. The Standard will also require additional disclosures on service revenue and contract modifications. A potential impact will be the upfront recognition of revenue from licenses that cover multiple reporting periods. Revenue that was deferred and amortised over a period may now need to be recognised immediately as a transitional adjustment against the opening returned earnings if there are no former performance obligations outstanding.
AASB 2015-6 <i>Amendments to Australian Accounting Standards – Extending Related Party Disclosures to Not-for-Profit Public Sector Entities [AASB 10, AASB 124 &amp; AASB 1049]</i>	The Amendments extend the scope of AASB 124 Related Party Disclosures to not-for-profit public sector entities. A guidance has been included to assist the application of the Standard by not-for-profit public sector entities.	1 Jan 2016	The amending standard will result in extended disclosures on the entity's key management personnel (KMP), and the related party transactions.

In addition to the new standards above, the AASB has issued a list of amending standards that are not effective for the 2014–15 reporting period (as listed below). In general, these amending standards include editorial and references changes that are expected to have insignificant impacts on public sector reporting.

- AASB 2010-7 *Amendments to Australian Accounting Standards arising from AASB 9 (December 2010)*.
- AASB 2013-9 *Amendments to Australian Accounting Standards – Conceptual Framework, Materiality and Financial Instruments*
- AASB 2014-5 *Amendments to Australian Accounting Standards arising from AASB 15*

- AASB 2014-7 *Amendments to Australian Accounting Standards arising from AASB 9 (December 2014)*
- AASB 2014-8 *Amendments to Australian Accounting Standards arising from AASB 9 (December 2014) – Application of AASB 9 (December 2009) and AASB 9 (December 2010) [AASB 9 (2009 & 2010)]*
- AASB 2015-2 *Amendments to Australian Accounting Standards – Disclosure Initiative: Amendments to AASB 101 [AASB 7, AASB 101, AASB 134 & AASB 1049]*
- AASB 2015-3 *Amendments to Australian Accounting Standards arising from the Withdrawal of AASB 1031 Materiality*

The National Gallery of Victoria holds cash, deposits and investments to provide for future operating and capital purposes, including the purchase of works of art for the State Collection. Funds are classified as current or non-current.

Current funds represent funds held either in transactional bank accounts, or invested in order to reduce volatility in value and optimise the investment income earned.

Non-current funds represent funds held in perpetuity (endowed funds) and invested with the intent of maximising their long term value. As a result, these funds may experience more volatility in value.

## NOTES TO THE FINANCIAL STATEMENTS (CONT'D)

### SPECIALISED LAND

The market approach is used for specialised land, although it is adjusted for the community service obligation (CSO) to reflect the specialised nature of the land being valued. Under the market approach the land is compared to recent comparable sales.

The CSO adjustment is a reflection of the valuer's assessment of the impact of restrictions associated with the land to the extent that is also equally applicable to market participants. This approach is in light of the highest and best use consideration required for fair value measurement, and takes into account the use of the land that is physically possible, legally permissible, and financially feasible. As adjustments of CSO are considered as significant unobservable inputs, specialised land is classified as a Level 3 asset. The land is subject to a heritage overlay and the National Gallery of Victoria is included on the Victorian Heritage Register under the Heritage Act 1995. An independent valuation of the National Gallery of Victoria's land was last performed by Urbis Valuations Pty Ltd as at 30 June 2011 on behalf of the Valuer-General Victoria.

In accordance with the Financial Reporting Directions (FRDs) issued by the Minister for Finance, a fair value assessment was undertaken by management during the year ended 30 June 2015 in order to determine whether the fair value of the land had changed materially from the carrying amount as at 30 June 2011. Using the Victorian Valuer General's land valuation indices, an assessment was made that the fair value of the land had changed by 11% from the carrying amount as at 30 June 2011. Consequently an interim managerial revaluation of land was undertaken and an increment of \$5.684 million to the value of the NGV's land is reflected in the accounts as at 30 June 2015.

### HERITAGE BUILDING – BUILDINGS, BUILDING PLANT AND BUILDING FIT-OUT

The depreciated replacement cost method is used for the National Gallery of Victoria's building, adjusting for the associated depreciation. This represents the replacement cost of the building after applying depreciation rates on a useful life basis. Replacement costs relates to cost to replace the current service capacity of the asset. Economic obsolescence has also been factored into the depreciated replacement cost calculation. The current use is considered the highest and best use. As depreciation adjustments are considered as significant, unobservable inputs in nature, the building is classified as a Level 3 fair value measurement. An independent valuation of the National Gallery of Victoria's building was last performed by Charter Keck Cramer as at 30 June 2011 on behalf of the Valuer-General Victoria.

In accordance with the Financial Reporting Directions (FRDs) issued by the Minister for Finance, a fair value assessment was undertaken by management during the year ended 30 June 2015 in order to determine whether the fair value of the building had changed materially from the carrying amount as at 30 June 2011. The result of this assessment was that the fair value of the building had not changed by more than 10% from the carrying amount as at 30 June 2011 and, consequently; an interim managerial revaluation was not required as at 30 June 2015.

### LEASEHOLD IMPROVEMENTS

Leasehold improvements are held at fair value which has been determined as depreciated value and are depreciated over the period of the lease or estimated useful life of the asset, whichever is shorter.

There were no changes in the valuation techniques throughout the year to 30 June 2015. The current use is considered the highest and best use.

### GENERAL PLANT AND EQUIPMENT

General plant and equipment is held at fair value which has been determined using the depreciated replacement cost method. An independent valuation of the National Gallery of Victoria's plant and equipment was performed by Rodney Hyman Asset Services Pty Ltd as of 1 July 2012. The result of this valuation was a total of \$13.563 million and a revaluation surplus of \$8.788 million was booked to the "Physical assets revaluation reserve". There were no changes in the valuation techniques throughout the year to 30 June 2015. The current use is considered the highest and best use.

Valuation of items using professional judgement	\$0 to \$999	A significant increase or decrease in the number of specific valuations would reduce (increase) possibility of a different valuation.

**STATE COLLECTION OF WORKS OF ART**

The State Collection of works of art is held at fair value. Purchased cultural assets are initially carried at cost and subsequently revalued at fair value. Donated or bequeathed cultural assets are carried at fair value. Cultural assets are not depreciated as they do not have a finite useful life. The current use is considered the highest and best use.

The State Collection of works of art are revalued in accordance with the Financial Reporting Directions (FRDs) issued by the Minister for Finance.

An external revaluation process is required every five years, based upon the asset's Government Purpose Classification but may occur more frequently if material movements in fair value are identified. An independent valuation of the State Collection of works of art was last performed by Simon Storey Valuers, in order to determine their fair values as at 30 June 2011.

Mr Simon Storey, a director of Simon Storey Valuers, is an approved valuer under the Commonwealth of Australia Taxation Incentives for the Arts Scheme and a member of the Auctioneers and Valuers Association of Australia. The result of the valuation of the State Collection was a total valuation of \$3,733.576 million.

In between valuations and in accordance with the Financial Reporting Directions (FRDs) issued by the Minister for Finance, a fair value assessment was undertaken by management during the year ended 30 June 2015 in order to determine whether the fair value of the State Collection of works of art had changed materially from the carrying amount as at 30 June 2011. The result of this assessment was that the fair value of the State Collection of works of art had not changed by more than 10% from the carrying amount as at 30 June 2011 and, consequently; an interim managerial revaluation was not required as at 30 June 2015.

There were no changes in the valuation techniques throughout the year to 30 June 2015.

**SHAW RESEARCH LIBRARY COLLECTION**

The Shaw Research Library collection is held at fair value. Purchased items are initially carried at cost and subsequently at fair value. The current use is considered the highest and best use.

An independent valuation of the National Gallery of Victoria's Shaw Research Library collection was last performed by Sainsbury's Books Valuers Pty Ltd, a member of the Antiquarian Booksellers Association, in June 2011. The result of the valuation of the Shaw Research Library collection was a total valuation of \$3.357 million.

For the year ended 30 June 2015, in accordance with the Financial Reporting Directions (FRDs) issued by the Minister for Finance, a fair value assessment was undertaken by management in order to determine whether the fair value of the Shaw Research Library collection had changed materially from the carrying amount as at last revaluation. The result of this assessment was that the fair value of the Shaw Research Library collection had not changed by more than 10% from the carrying amount at the time of the last revaluation and consequently an interim managerial revaluation was not required as at 30 June 2015.

There were no changes in the valuation techniques throughout the year to 30 June 2015.

**Notes:**  
(a) The provisions for annual leave and long service leave represent expected future payments discounted to their present values. The present value of obligations expected to be settled within 12 months is estimated to be the nominal value.

**12. SUPERANNUATION**

The National Gallery of Victoria has several staff who are members of the public sector superannuation schemes listed below. As at 30 June 2015, these schemes were carrying total liabilities, including liabilities for members' benefits, in excess of the value of the schemes' assets. In line with Government policy, the unfunded superannuation liabilities have been reflected in the financial statements of the Department of Treasury and Finance.

Superannuation contributions for the reporting period are included as part of employee benefits in the comprehensive operating statement. There were no contributions outstanding at the year end and there have been no loans made from the funds (2014 – nil). The details of the major employee superannuation funds and contributions paid or payable by the National Gallery of Victoria are as follows. The total amount of superannuation excludes amounts paid under salary sacrifice arrangements.

Fund	Plan	Employee contribution rate (%)	Employer contribution rate (%)	Contribution for the year (2015) \$	Contribution for the year (2014) \$

**14. CONTINGENT ASSETS AND CONTINGENT LIABILITIES**

**CONTINGENT ASSETS**

As at 30 June 2015 (and 30 June 2014), the National Gallery of Victoria had been pledged donations which are expected to be honoured in the future although they are not legally enforceable. The National Gallery of Victoria had also been advised of several deceased estates from which it expects to benefit once probate is granted, any other claims on the estate are settled and net assets are realised and distributed to beneficiaries. The timing and value of these future economic flows are contingent on events beyond the National Gallery of Victoria's control. Consistent with Note 1 (E) (iv) (a), the National Gallery of Victoria only recognises these transactions in the financial statements once they are actually received.

**CONTINGENT LIABILITIES**

As at 30 June 2015, the National Gallery of Victoria had a contingent liability with a service provider whereby the fee for the service provided is calculated on the basis of a share of the 2015 *Melbourne Winter Masterpieces* exhibition result. The balance of the fee payable in 2015/16 is expected to be approximately \$2.280 million (2014 – \$1.494 million).

There is also a contingent liability of \$514,625 for the 2015 calendar year in respect to Land Tax Assessment for the Federation Square tenancy which is currently under objection.

**15. FINANCIAL INSTRUMENTS**

The National Gallery of Victoria's principal financial instruments comprise of:

- Cash at bank and on hand;
- Bank deposits at call;
- Receivables (excluding statutory receivables)
- Investments in externally managed unitised trusts (cash, diversified fixed interest, equities and listed property); and
- Payables

Details of the significant accounting policies and methods adopted, including the criteria for recognition, the basis of measurement, and the basis on which income and expenses are recognised, with respect to each class of financial asset, financial liability and equity instrument above are disclosed in Note 1 to the financial statements.

The main purpose in holding financial instruments is to manage prudentially the National Gallery of Victoria's financial risks.

The carrying amounts of the National Gallery of Victoria's financial assets and financial liabilities by category are in Table 15.1 below.

<b>Total financial assets net holding (loss)</b>	<b>7,555</b>	<b>14,563</b>

**Notes:**  
 (a) For cash and deposits, receivables and available for sale financial assets, the net gain or loss is calculated by taking the interest revenue, dividends, net realised gain or loss on sale of financial assets at fair value less any impairment recognised in the operating statement.  
 (b) There are no amounts owing under hedging contracts at the end of the financial year.

**(a) Credit risk**

Credit risk arises from the financial assets of the National Gallery of Victoria, which comprise cash and deposits, receivables and available for sale financial assets. The National Gallery of Victoria's exposure to credit risk arises from the potential default of a counter party on their contractual obligations resulting in financial loss to the National Gallery of Victoria. Credit risk is measured at fair value and is monitored on a regular basis. At the balance sheet date,

the maximum exposure to credit risk in relation to financial assets and, in particular, receivables is the carrying amount. The credit risk in relation to trade debtors is managed through processes and procedures for the establishment of credit and the collecting of overdue amounts.

At the reporting date, the aged profile of trade receivables was as follows:

TABLE 15.2A : CREDIT QUALITY OF CONTRACTUAL FINANCIAL ASSETS THAT ARE NEITHER PAST DUE NOR IMPAIRED

Currently the National Gallery of Victoria does not hold any collateral as security nor credit enhancements relating to any of its financial assets.

As at the reporting date, there is no event to indicate that there was any material impairment of any of the financial assets.

There are no financial assets that have had their terms renegotiated so as to prevent them from being past due or impaired, and they are stated at the carrying amounts as indicated.

Table 15.4 discloses the ageing only of financial assets that are past due but not impaired:

**(c) Liquidity risk**

Liquidity risk would arise if the National Gallery of Victoria is unable to meet its financial obligations as they fall due. The National Gallery of Victoria operates under the Government fair payments policy of settling financial obligations within 30 days and in the event of a dispute, making payments within 30 days from the date of resolution. It also continuously manages risk through the monitoring of future cash flows and maturities planning to ensure adequate holding of high quality liquid assets and dealing in highly liquid markets.

The National Gallery of Victoria's exposure to liquidity risk is deemed insignificant based on prior periods' data and the current assessment of risk. In the event of any unexpected event, cash would be sourced from liquidation of available-for-sale financial investments.

Maximum exposure to liquidity risk is the carrying amounts of financial liabilities as disclosed in the face of the Balance Sheet.

Table 15.5 discloses the contractual maturity analysis for the National Gallery of Victoria's financial liabilities.

**(d) Market risk**

Market risk is the risk that market rates and prices will change and that this will affect the operating result, or value of assets and liabilities, of the National Gallery of Victoria. The main exposures to market risk arise through price risk, interest rate risk and foreign currency risk. The principal financial instruments affected by these risks are financial assets classified as available-for-sale, held in externally managed unitised trusts.

These funds are invested and managed in accordance with the National Gallery of Victoria's investment strategy, which includes a variety of equity assets, inflation-sensitive assets, income assets and absolute-return assets and distinguishes between the differing objectives and risk profiles of funds held for the medium term and for the longer term. Such assets are stated at fair value which is generally approximated by market value. Gains and losses arising from the changes in fair value are recognised in the carrying value of the assets.

The National Gallery of Victoria recognises that market activity, particularly in equity markets, can give rise to significant volatility in the value of financial assets and this risk is accepted and managed within the objectives of the investment strategy.

Taking into account the current and future economic climate, the table below discloses the sensitivity of the National Gallery of Victoria's financial assets to movements in the pricing of managed investments by shifts of +/- 5% and +/- 10%.

**e) Interest rate risk**

Interest rate risk arises from the potential of changes in interest rates to affect the reported result. A fluctuation in interest rates may also give rise to changes in the fair value of financial instruments. The interest rate risk on cash at bank and bank deposits at call is not considered material to the reported result. The interest rate risk on cash managed funds is managed as part of the overall investment strategy which includes a variety of equity assets, inflation-sensitive assets, income assets and absolute-return assets.

Equity and property managed funds have been excluded from this interest rate sensitivity analysis due to these investments not being directly affected by changes in interest rates.

The National Gallery of Victoria's exposure to interest rate risks and the effective interest rates of financial assets and financial liabilities are as follows:

### f) Foreign currency risk

Foreign currency risk arises from changes in the value of assets and liabilities denominated in foreign currencies as exchange rates fluctuate. The National Gallery of Victoria makes purchases and sales in foreign currencies and reduces its risk by, wherever practical, preferring a certain outcome over an uncertain outcome and by minimising its exposure to exchange rate movements. Material foreign currency commitments, where the amount and timing of payment are known, are hedged through the Treasury Corporation of Victoria. The National Gallery of Victoria's investment strategy also allows for investment in international equities (hedged and unhedged) and overseas securities. This foreign currency risk is managed as part of the overall investment strategy which includes a variety of equity assets, inflation-sensitive assets, income assets and absolute-return assets. At the year end, payables included the following balances denominated in foreign currencies:

	2015 '000	2014 '000
USD	100	102
GBP	85	-
Euro	20	-

### (g) Fair value

The fair values and net fair values of financial instrument assets and liabilities are determined as follows:

Level 1 – the fair value of financial instrument with standard terms and conditions and traded in active liquid markets are determined with reference to quoted market prices;

Level 2 – the fair value is determined using inputs other than quoted prices that are observable for the financial asset or liability, either directly or indirectly; and

Level 3 – the fair value is determined in accordance with generally accepted pricing models based on discounted cash flow analysis using unobservable market inputs.

The National Gallery of Victoria considers that the carrying amount of financial instrument assets and liabilities recorded in the financial statements to be a fair approximation of their fair values, because of the short-term nature of the financial instruments and the expectation that they will be paid in full.

The following table shows that the fair values of all of the contractual financial assets and liabilities are the same as the carrying amounts.

TABLE 15.9: COMPARISON BETWEEN CARRYING AMOUNT AND FAIR VALUE

Notes:

(i) There is no significant transfer between level 1 and level 2.

(ii) The Diversified fixed interest assets are valued at fair value with reference to a quoted (unadjusted) market prices from an active market. The National Gallery of Victoria categorises these instruments as level 1.

(iii) The National Gallery of Victoria invests in managed funds which are not quoted in an active market and which may be subject to restrictions on redemptions. The National Gallery of Victoria considers the valuation techniques and inputs used in valuing these funds as part of its due diligence prior to investment, to ensure they are reasonable and appropriate and therefore the net asset value (NAV) of these funds may be used as an input into measuring their fair value. In measuring this fair value, the NAV of the funds is adjusted, as necessary, to reflect restrictions and redemptions, future commitments and other specific factors of the fund. In measuring fair value, consideration is also paid to any transactions in the shares of the fund. To the extent that the significant inputs are observable, the National Gallery of Victoria categorises these investments as level 2.

REMUNERATION

No benefits or remuneration were paid to responsible persons other than to the Director (Accountable Officer) whose remuneration is disclosed in Note 19.

Amounts relating to the Minister are reported in the financial statements of the Department of Premier and Cabinet.

RELATED PARTY TRANSACTIONS

There were no related party transactions during the year (2014 – nil).

19 REMUNERATION OF EXECUTIVES AND PAYMENTS TO OTHER PERSONNEL  
(i.e. contractors with significant management responsibilities)

(a) Remuneration of executives

The number of executive officers and their total remuneration during the reporting period are shown in the first two columns in the table below in their relevant income bands. The base remuneration of executive officers is shown in the third and fourth columns. Base remuneration is exclusive of bonus payments, long service leave payments, redundancy payments and retirement benefits.

The total annualised employee equivalent provides a measure of full time equivalent executive officers over the reporting period. During 2013/14 there were two executive officers in service throughout the year. During 2014/15 there were two executive officers in service throughout the year and one executive officer was in service since 1st August 2014.

## 21. SUBSEQUENT EVENTS

There were no significant events occurring after the reporting date in 2015 (2014 – nil).

## 22. EX GRATIA EXPENSES

There were no ex gratia expenses in aggregate or individually in excess of \$5,000 (2014 – nil).

## 23. GLOSSARY OF TERMS

### COMPREHENSIVE RESULT

Total comprehensive result is the change in equity for the period other than changes arising from transactions with owners. It is the aggregate of the net result and other non-owner changes in equity.

### CAPITAL ASSET CHARGE

The capital asset charge represents the opportunity cost of capital invested in the non-current physical assets used in the provision of outputs.

### COMMITMENTS

Commitments include those operating, capital and other outsourcing commitments arising from non-cancellable contractual or statutory sources.

### EMPLOYEE EXPENSES

Employee expenses include all costs related to employment including wages and salaries, leave entitlements, redundancy payments and superannuation contributions.

### FINANCIAL ASSET

A financial asset is any asset that is:

- cash;
- an equity instrument of another entity;
- a contractual right:
  - to receive cash or another financial asset from another entity; or
  - to exchange financial assets or financial liabilities with another entity under conditions that are potentially favourable to the entity; or
- a contract that will or may be settled in the entity's own equity instruments and is:
  - a non-derivative for which the entity is or may be obliged to receive a variable number of the entity's own equity instruments; or
  - a derivative that will or may be settled other than by the exchange of a fixed amount of cash or another financial asset for a fixed number of the entity's own equity instruments.

### GRANTS AND OTHER TRANSFERS

Transactions in which one entity provides goods, services, assets (or extinguishes a liability) or labour to another entity without receiving approximately equal value in return. Grants can either be operating or capital in nature. While grants by governments may result in the provision of some goods or services to the transferor, they do not give the transferor a claim to receive directly benefits of approximately equal value. Receipt and sacrifice of approximately equal value may occur, but only by coincidence. For example, governments are not obliged to provide commensurate benefits, in the form of goods or services, to particular taxpayers in return for their taxes. For this reason, grants are referred to by the AASB 118 *Revenue*, as involuntary transfers and are termed non-reciprocal transfers.

Grants can be paid as general purpose grants which refer to grants that are not subject to conditions regarding their use. Alternatively, they may be paid as specific purpose grants which are paid for a particular purpose and/or have conditions attached regarding their use.

### FINANCIAL STATEMENTS

Depending on the context of the sentence where the term 'financial statements' is used, it may include only the main financial statements (i.e. comprehensive operating statement, balance sheet, cash flow statements, and statement of changes in equity); or it may also be used to replace the old term 'financial report' under the revised AASB 101 *Presentation of Financial Statements* (Sept 2007), which means it may include the main financial statements and the notes.

### NET RESULT

Net result is a measure of financial performance of the operations for the period. It is the net result of items of revenue, gains and expenses (including losses) recognised for the period, excluding those that are classified as 'other non-owner changes in equity'.

### NET RESULT FROM TRANSACTIONS/NET OPERATING BALANCE

Net result from transactions or net operating balance is a key fiscal aggregate and is revenue from transactions minus expenses from transactions. It is a summary measure of the ongoing sustainability of operations. It excludes gains and losses resulting from changes in price levels and other changes in the volume of assets. It is the component of the change in net worth that is due to transactions and can be attributed directly to government policies.

### OTHER ECONOMIC FLOWS

Other economic flows are changes in the volume or value of an asset or liability that do not result from transactions. It includes gains and losses from disposals, revaluations and impairments of non-current physical and intangible assets; actuarial gains and losses arising from defined benefit superannuation plans; fair value changes of financial instruments and agricultural assets; and depletion of natural assets (non-produced) from their use or removal. In simple terms, other economic flows are changes arising from market re-measurements.

### PAYABLES

Includes short and long term trade debt and accounts payable, grants and interest payable.

### SALES OF GOODS AND SERVICES

Refers to revenue from the direct provision of goods and services and includes exhibition and program admissions, retail sales, memberships and sponsorships.

### SUPPLIES AND SERVICES

Supplies and services represents the costs of running the National Gallery of Victoria excluding employee benefits, depreciation of property, plant and equipment, use of premises provided free of charge and the capital asset charge. These costs include costs of facilities, information services, cost of publications and merchandise sold, exhibitions, education and public programs.

### TRANSACTIONS

Transactions are those economic flows that are considered to arise as a result of policy decisions, usually an interaction between two entities by mutual agreement. They also include flows within an entity such as depreciation where the owner is simultaneously acting as the owner of the depreciating asset and as the consumer of the service provided by the asset. Taxation is regarded as mutually agreed interactions between the government and taxpayers. Transactions can be in kind (e.g. assets provided/given free of charge or for nominal consideration) or where the final consideration is cash. In simple terms, transactions arise from the policy decisions of the government.

# GOVERNANCE

## COUNCIL OF TRUSTEES

as at 30 June 2015

### COUNCIL LEGISLATION

The Council of Trustees of the National Gallery of Victoria is constituted by section 5 of the *National Gallery of Victoria Act 1966*. The Act specifies that 'in carrying out its functions, the Council must endeavour to contribute to the enrichment of the cultural, educational, social and economic life of the people of Victoria'. Section 6 of the Act stipulates that the Council shall consist of eleven members appointed by the Governor-in-Council. The Council's composition is:

- a) a person holding a senior academic office in the visual arts in a university in Victoria
- b) a person having relevant experience in relation to regional art galleries within Victoria
- c) a person who, in the opinion of the Minister for the Arts, is distinguished in the field of business administration
- d) a person who, in the opinion of the Minister for the Arts, is distinguished in the field of finance, and
- e) seven other members nominated by the Minister.

Trustees are appointed for a term not exceeding three years and may serve up to three consecutive terms. Trustees do not receive remuneration for their Council activities.

### COUNCIL COMMITTEES

All Council committees are established under section 11A of the Act. They generally comprise a subset of trustees and non-trustees based on their respective areas of interest and expertise. Relevant executive and senior managers attend committee meetings. The committees are generally responsible for overseeing and advising on policies in relation to their respective areas and for making recommendations to the Council. The minutes of committee meetings are circulated for consideration at the next Council meeting.

### COUNCIL MEETINGS

The Council meets formally six times a year, and committees meet between three and four times a year.

### COUNCIL OF TRUSTEES

#### Mr Bruce Parncutt (President)

*Appointed a trustee in March 2005; reappointed 2008 and 2011; appointed President in October 2012.*

Bruce Parncutt has had a long and varied career in financial services. He is principal of investment management and corporate advisory firm Lion Capital, and a director of a number of public and private companies. He is a director of the Australian Ballet, a board member of the University of Melbourne Campaign, the NGV Foundation, and a member of the Felton Bequests' Committee. His previous roles include Chief Executive of McIntosh Securities, Senior Vice-President of Merrill Lynch, a director of Australian Stock Exchange Ltd, and a member of Melbourne Grammar School Council.

#### Professor Su Baker

*Appointed a trustee in August 2013.*

Su Baker is an artist and Director of the Victorian College of the Arts (VCA), the University of Melbourne. She has more than twenty-five years' experience in teaching, research and senior management accrued at Sydney College of the Arts, University of Sydney, and as Head of the VCA School of Art. She is President of the Australian Council of Deans and Directors of Creative Arts, and previously has been Chair of the Australian Council of University Art and Design Schools (2004–2008).

#### Mr Leigh Clifford AO

*Appointed a trustee in December 2013.*

Leigh Clifford is Chairman of Qantas, a director of Bechtel Group Inc. in the United States and Chairman of Bechtel Australia Pty Ltd, Senior Adviser to Kohlberg Kravis Roberts & Co. and Chairman of the Murdoch Childrens Research Institute. He retired as Chief Executive and Director of Rio Tinto in 2007 after thirty-seven years with the company.

#### Dr Susan Cohn

*Appointed a trustee in June 2010; reappointed 2013.*

Susan Cohn is a leading contemporary artist working across the art–craft–design divide. She has postgraduate qualifications in fine art from RMIT University, Melbourne, and a Doctor of Philosophy in fine art theory from the University of New South Wales, Sydney. She has exhibited extensively, won several awards and worked on interdisciplinary projects in Australia and overseas. Susan is represented by Anna Schwartz Gallery, Melbourne.

**Mr Peter Edwards**

*Appointed a trustee in May 2008; reappointed 2011 and 2014.*  
Peter Edwards is Managing Director of the Victor Smorgon Group. The group's ventures include property, consumer retail, recycling and renewable manufacturing, and sustainable agriculture. Peter is Chairman of the Lighthouse Foundation, a trustee of the Julian Burton Burns Trust, a board member of SECUREcorp Pty Ltd and Chairman of the Jewish Museum of Australia Foundation.

**Mr Corbett Lyon**

*Appointed a trustee in July 2012.*  
Corbett Lyon is a founding director of Lyons, an award-winning national architectural design and planning practice based in Melbourne. Corbett teaches and lectures in architectural design and is currently an Honorary Fellow at Monash University, Melbourne, and a Visiting Professor in Design at the University of Melbourne. Corbett has a long history of supporting contemporary art in Australia through his various roles in business, academia and the arts.

**Ms Vicki Pearce**

*Appointed a trustee in August 2013.*  
Vicki is a Senior Project Manager for Bendigo and Adelaide Bank, and Delphi Bank. She was State Manager of Bendigo and Adelaide Bank in Victoria and Western Australia for nine years, and has a long and distinguished career in the banking and finance sector. She is also heavily involved in supporting the not-for-profit and community sector. She was an advisory board member of the Curtin University School of Economics and Finance, was Director of Foundation Housing Ltd (Perth, WA), served on the committee for the Supported Accommodation Group, and was the Chair of the LeadOn Bendigo Youth Driving Program. Vicki is a board member of the Bendigo Art Gallery.

**Mr Andrew Sisson**

*Appointed a trustee in May 2010; reappointed 2013.*  
Andrew Sisson is Managing Director of Balanced Equity Management Pty Ltd. He previously worked for National Mutual, managing share portfolios in Australia and the United Kingdom. He is also a member of the Supreme Court of Victoria Investments Review Panel to Senior Master (Funds in Court).

**Mr Michael Ullmer**

*Appointed a trustee in November 2011; reappointed 2014.*  
Michael Ullmer is a director of Lend Lease Corporation and Woolworths Limited. He was previously Deputy CEO of National Australia Bank Limited. Other roles include Deputy Chairman of the Melbourne Symphony Orchestra, and Chairman of Schools Connect Australia. He is also a member of the Nomura Australia Advisory Board.

**RETIRED TRUSTEES**

**The Hon. Linda Dessau AM**

*Appointed a trustee in August 2013; retired March 2015.*  
Linda Dessau is a retired federal judge, a member of the Victorian Bar, former barrister and Senior Crown Counsel in Hong Kong. She has a longstanding involvement in various boards and councils of schools, hospitals, operas and football organisations. She was appointed to the AFL Commission in 2008 and is Board Member and former Chair of AFL Sportsready and Artsready, a director of the Churchill Fellowship Trust and Chair of the Churchill Victorian Regional Committee, a director of the Unicorn Foundation, and Patron of SportsConnect and was President of the Melbourne Festival. She resigned from her position on the NGV Council of Trustees on 27 March 2015 ahead of commencing her new role as Governor of Victoria on 1 July 2015.

## STAFF STATISTICS (CONT'D)

### EMPLOYMENT AND CONDUCT PRINCIPLES

The NGV is committed to ensuring that merit and equity principles are integral to all aspects of human resource development.

Its strategy for ensuring this includes:

- recruitment, selection and probation procedures
- induction processes
- grievance resolution processes
- a performance development and progression (PDP) system
- the application of Disability Action Plan initiatives, as appropriate.

### WORKFORCE DATA

All NGV employees have been correctly classified in workforce data collections.

### OCCUPATIONAL HEALTH AND SAFETY

In 2014/15 130.17 days were lost as a result of work-related accidents, compared with 176.08 in 2013/14.

### UPHOLDING PUBLIC SECTOR CONDUCT

All NGV employees are provided with induction and orientation covering:

- NGV Strategic Direction 2013–16
- code of conduct for Victorian public sector employees
- policy information and training in relation to equal employment opportunity and respect for others
- NGV's grievance process
- protected disclosure procedure
- confidentiality and intellectual property policies
- financial code of practice
- other NGV policies.

### REVIEWING PERSONAL GRIEVANCES

For the year ending 30 June 2015 there was one formal grievance lodged.

# OTHER CORPORATE REPORTS

## A. DISABILITY ACTION PLAN

The NGV's 2012–15 Disability Action Plan (DAP) is registered with the Australian Human Rights Commission. This is the NGV's second plan, and is due for review at the end of 2015.

The NGV DAP project team consists of representatives from a wide range of NGV departments.

## NGV EDUCATION

Students of all abilities have participated in NGV Education programs and activities as part of school-visit programs at the Gallery. NGV Educators are experienced in teaching and learning strategies that embrace a diversity of learning styles and capacities. Sessions are tailored to meet the access requirements of individual students, and incorporate storytelling, audio describing, touching of objects and raised diagrams.

Throughout the year NGV Education developed and offered a range of ability-specific programs and activities, including:

- the Art of Play program for young people with a range of abilities
- free NGV Collection tours designed for students with physical disabilities
- Auslan interpreted and audio describing tours for participants in student nights for *The Fashion World of Jean Paul Gaultier: From the Sidewalk to the Catwalk* and *Italian Masterpieces from Spain's Royal Court, Museo del Prado*
- a *Shifting Gear: Design, Innovation and the Australian Car* program incorporating art-making activities tailored to individuals' access requirements
- Sculpture Garden Touch Tours at NGV International
- An enrichment program for people who care for and work with young people with a mental illness
- Art & Memory Tours for people living with dementia
- Gallery Visits You outreach programs in aged-care facilities.

## COMMUNICATION

Digital channels of communication, including the NGV's website, Facebook and Twitter accounts, have been effective in raising public awareness of the range of access programs available at the Gallery.

## COLLABORATION

In November 2014 the NGV hosted a major arts and health conference presented by the Australian Centre for Arts & Health, Vic Health, Radio National, Austin Health and the Olivia Newton John Wellness Centre. The event offered an opportunity to explore the role and benefits of the arts in a diversity of health practices.

## ACCESSIBLE INFORMATION AND TECHNOLOGY

In December 2014 the Gallery launched a redesigned website, incorporating the following improved accessibility features:

- a fully responsive design displaying content across all device types
- simplified menu and site map providing an overview of and quick links to all content
- YouTube-enabled media playback allowing for transcript recordings

## ACCESSIBLE EXHIBITIONS

Exhibition information labels published online have been redesigned to improve usability and legibility, and large-print labels are provided onsite and online for every temporary exhibition. Seating is provided near video screenings in exhibition spaces and, when this cannot be accommodated, video content is available online. Wheelchair access to headphones, screens and labels is considered during exhibition design and logistic meetings at the development stage. Auslan and captioned content continues to be included in the audio guide for the Melbourne Winter Masterpieces exhibitions.

## CARER'S RECOGNITION

The NGV recognises the Companion Card, providing a second ticket for cardholders free of charge. Carer Card holders receive concession discount.

The Council of Trustees of the National Gallery of Victoria Enterprise Agreement 2012–15 ensures that staff can access personal carer's leave and negotiate to have flexible working hours or part-time employment to accommodate caring responsibilities.

## B. FREEDOM OF INFORMATION (FOI)

The *Freedom of Information Act 1982* enables members of the public to obtain information held by the NGV. FOI requests should be made in writing, describe the documents requested and include payment of the statutory application fee. Further charges may apply, though these may be waived for routine requests or requests for access to documents related to the applicant's personal affairs. The application fee can also be waived or reduced if the applicant would be caused hardship as a result of paying the fee. Requests should be addressed to the FOI Officer, National Gallery of Victoria, PO Box 7259, Melbourne, Victoria, 3004.

For the twelve months ending 30 June 2015, one request for information was received. Two requests were finalised during the year, including a request received in the previous year.

**C. PROTECTED DISCLOSURE**

The *Protected Disclosure Act 2012* establishes a scheme for protecting people who make disclosures about improper conduct in the public sector.

The NGV is committed to the aims and objectives of the *Act*. In particular, the NGV does not tolerate improper conduct by its staff or the taking of reprisals against those who come forward to disclose such conduct.

**COMPLIANCE WITH THE PROTECTED DISCLOSURE ACT 2012**

The NGV is not a public body to which disclosures may be made. Disclosures of improper conduct or detrimental action relating to the NGV should generally be made to the Independent Broad-based Anti-corruption Commission (IBAC). Further information about making disclosures to the IBAC can be found at [www.ibac.vic.gov.au](http://www.ibac.vic.gov.au).

The NGV has procedures for protecting people who make protected disclosures from detrimental action by the NGV or its staff. These procedures are available to the public on the NGV's website [www.ngv.vic.gov.au/about/reports-and-documents/protected-disclosure-procedures](http://www.ngv.vic.gov.au/about/reports-and-documents/protected-disclosure-procedures).

**D. ENVIRONMENTAL MANAGEMENT PROGRAM**

**1. POLICY CONTEXT**

The NGV has a strong track record of environmentally sustainable operations. Contributing to Victoria's environmental sustainability is consistent with the Gallery's objectives to provide broad access to the State Collection and conserve it for future generations.

Through the *NGV's Environmental Sustainability Policy (2012-15)*, the Gallery commits to:

- demonstrating excellence through water, energy and waste practices
- seeking innovative and creative ways of achieving reduced water, energy and waste outcomes
- considering initiatives to reduce environmental impacts across a range of its activities
- working with partner agencies, landlords and suppliers to minimise its environmental footprint.

**2. IMPLEMENTATION**

The annual *NGV Environmental Management Plan* sets out how the Gallery will implement and deliver the principles of the policy. The current plan builds on the Gallery's sustainability successes to date and recognises ongoing achievements that were implemented under previous plans.

The plan addresses the following key elements:

- NGV policy, organisational structures and responsibilities for environmental management
- environmental sustainability targets
- management of systems and data for tracking environmental impacts and improvements
- reporting sustainability performance.

Key environmental actions and initiatives in 2014/15 included:

- continuation of a revised air-conditioning program at NGV International, which takes advantage of identified thermal efficiencies
- introduction of an enhanced recycling program in office and back-of-house areas of both Gallery buildings
- continued use of 100 per cent recycled office paper and other sustainable office products
- continued commitment to minimising water usage by staff and in public areas
- continued harvesting of rainwater for use in the NGV International's moats and gardens
- continued development of systems for tracking the NGV's environmental impacts

**3. OUTCOMES**

**Energy consumption and greenhouse gas emissions**

a) Total energy usage segmented by primary source, including GreenPower

Stationary Energy (GJ)

2010/11	2011/12	2012/13	2013/14	2014/15
117,692	116,534	105,270	85,981	76,662

The NGV has continued to revise and improve previous years' energy-saving initiatives which have reduced the amount of energy required to operate its buildings. The 2014/15 result demonstrates the Gallery's ongoing commitment to reducing its environmental impact.

b) Total greenhouse gas emissions

Stationary Energy12 (tonnes CO<sub>2</sub>)

2010/11	2011/12	2012/13	2013/14	2014/15
22,634	20,412	18,881	21,254	20,570

Despite a significant reduction in energy usage at the Gallery since 2013, the cancellation of mandatory GreenPower purchase under the government energy contract has led to an increase of CO<sub>2</sub> emissions in the past couple of years.

c) Normalised energy usage and greenhouse gas emissions

	2010/11	2011/12	2012/13	2013/14	2014/15
GJ/visitor	0.077	0.075	0.060	0.042	0.035
tCO <sub>2</sub> e/visitor	0.015	0.013	0.011	0.011	0.009
GJ/operating hour	13.435	13.303	12.017	6.543	5.834
tCO <sub>2</sub> e/operating hour	2.584	2.330	2.155	1.617	1.565

**Note:** see the section below for definitions and further information on normalising factors.

**Water consumption**

a) Total units of metered water consumed by water source, including air-conditioning cooling towers (kL)

2010/11	2011/12	2012/13	2013/14	2014/15
46,448	52,649	54,642	49,931	52,585

b) Normalised water usage

	2010/11	2011/12	2012/13	2013/14	2014/15
kL/visitor	0.030	0.034	0.031	0.025	0.023
kL/operating hour	5.30	6.01	6.24	3.799	4.002

There was a slight increase in the Gallery's water usage in 2014/15 which reflects the increase in visitor numbers to the NGV.

**Waste production**

a) Total units of waste disposed of by destination (kg per annum)

	2010/11	2011/12	2012/13	2013/14	2014/15
Landfill kg	95,796	111,069	107,903	180,016	178,607
Recycled kg	254,658	211,744	208,011	209,856	204,607

b) Normalised waste disposal (kg)

	2010/11	2011/12	2012/13	2013/14	2014/15
Landfill kg/visitor	0.06	0.07	0.06	0.08	0.08
Recycled kg/visitor	0.17	0.14	0.12	0.11	0.0
Landfill kg/operating hour	10.97	12.68	12.32	13.69	13.59
Recycled kg/operating hour	29.08	24.18	23.75	15.97	15.57

c) Recycling rate: 53.39% (2013/14: 53.82%)

The 2014/15 period saw an increase in building waste produced due to a building waste removal program during refurbishments and major works for the Gallery Renewal Program. By contrast, waste produced from operations decreased and therefore the total waste produced by the NGV was slightly less this year.

## OTHER CORPORATE REPORTS (CONT'D)

### Travel

Carbon emissions from NGV vehicle use (CO<sub>2</sub>)

	2010/11	2011/12	2012/13	2013/14	2014/15
tCO <sub>2</sub> e	28.76	21.11	15.05	16.10	16.7

Carbon emissions from NGV staff use of taxis (CO<sub>2</sub>)

	2010/11	2011/12	2012/13	2013/14	2014/15
tCO <sub>2</sub> e*	20.79	15.87	15.63	15.48	17.45

\* calculated in accordance with EPA Victoria guidelines

The increase in carbon emissions from NGV travel in 2014/15 is attributable to an increase in travel relating to offsite projects, in particular the Interim Collection Storage Improvements Project at the NGV's North Melbourne storage site.

### Normalising factors

The NGV's environmental impacts are not primarily office-based. The chart below shows the range of normalising factors which are relevant to the NGV's functions and activities.

Normalising factor	NGV International	NGV Australia
2014/15 average number of full-time building occupants (number varies through the year)	320	50
<b>NUMBER OF VISITORS</b>		
2014/15	1,500,000	700,000
2013/14	1,362,101	669,476
2012/13	1,104,636	635,492
2011/12	832,476	715,833
2010/11	787,124	736,201
2014/15 number of air-conditioning operating hours	4380*	8760
2014/15 number of hours open to public	2616	2488

\* Air-conditioning system shuts down overnight (7pm–7am).

### E. COMPLIANCE WITH THE BUILDING ACT 1993

During 2014/15 the NGV-owned and controlled premises at 180 St Kilda Road, Melbourne 3004 (NGV International), complied with all provisions of the Building Act 1993. As at 26 June 2015, an independent review confirmed that essential safety measures were compliant with the requirements of the occupancy permit for these premises.

During 2014/15, the NGV continued building works at NGV International and The Ian Potter Centre: NGV Australia sites as part of the Gallery Renewal Program and Moat Rectification Works. A total of \$1.6 million worth of refurbishment works were completed during this period. All building works of more than \$50,000 in value were subject to certification of plans, mandatory inspections of the works, and issue of occupancy permits or certificates of final inspection.

The NGV regularly (at least annually) conducts condition inspections of all buildings and equipment to ensure service requirements are being met. Where maintenance or renewal work is required, this is included in future maintenance and capital plans and completed taking into account assessments of risk, and availability of financial and other resources.

No building was required to be brought into conformity during the year. To the NGV's knowledge, no registered building practitioners were deregistered.

As a tenant, the NGV also occupied premises at the following locations in Victoria:

- The Ian Potter Centre: NGV Australia, Federation Square, Melbourne 3000
- NGV Studio, Federation Square, Melbourne 3000
- 99 Shiel Street (part), North Melbourne 3051
- 1 Simcock Avenue (part), Spotswood 3015
- Units 16 and 17, 136 Hall Street, Spotswood 3015.

### F. NATIONAL COMPETITION POLICY

The NGV is committed to competitive neutrality principles, ensuring fair and open competition. Many services, such as maintenance of infrastructure and facilities, supply of utilities and goods, and security and catering services have been outsourced through open and competitive procurement processes.

### G. IMPLEMENTATION OF THE VICTORIAN INDUSTRY PARTICIPATION POLICY

The Victorian Industry Participation Policy Act 2003 requires departments and public sector bodies to report on the implementation of the Victorian Industry Participation Policy (VIPPP). Departments and public sector bodies are required to apply VIPPP regulations in all procurement activities valued at \$3 million or more in metropolitan Melbourne and for statewide projects; or \$1 million or more for procurement activities in regional Victoria.

During 2014/15, the NGV commenced two VIPPP-applicable service contracts, totalling \$25,513,017 over a five-year period and occurring in metropolitan Melbourne. The total annual VIPPP commitments achieved as a result of these contracts include:

- local content of 100 per cent of the total value of the contracts
- a total of 130 retained jobs (Annualised Employee Equivalent).

The NGV's commitments to the Victorian economy in terms of skills and technology transfer include the use of cleaning and security services.

There were no design contracts or grants provided in the reporting period, therefore no Interaction Reference Number conversations were required with the Industry Capability Network (Victoria) Ltd.

### H. CONSULTANCIES

In 2014/15 there were ten consultancies where the total fees payable to the consultants were \$10,000 or greater. The total expenditure incurred during 2014/15 in relation to these consultancies was \$330,418 (excluding GST). Details of individual consultancies can be viewed at [www.ngv.vic.gov.au/about/reports-and-documents/](http://www.ngv.vic.gov.au/about/reports-and-documents/).

In 2014/15, there were twenty-one consultancies where the total fees payable to the consultants were less than \$10,000. The total expenditure incurred during 2014/15 in relation to these consultancies is \$91,676 (excluding GST).

### I. ATTESTATION ON COMPLIANCE WITH SD4.5.5 RISK MANAGEMENT FRAMEWORK

I, Bruce Parncutt, certify that the National Gallery of Victoria has complied with the Ministerial Standing Direction 4.5.5 – Risk Management Framework and Processes. The Audit, Risk and Compliance committee verifies this through oversight.

<b>ITALIAN MASTERPIECES FROM SPAIN'S ROYAL COURT, MUSEO DEL PRADO <sup>(a)</sup></b>						
This Melbourne-exclusive exhibition enabled visitors to see more than 100 Italian masterpieces by renowned artists such as Raphael, Titian and Tintoretto. A comprehensive national marketing and communications campaign incorporating print, digital and outdoor advertising was delivered with the support of the NGV's media and tourism partners.	16 May – 31 Aug. 2014	\$195	\$23,195	–	\$828	\$2,810
<b>THE FASHION WORLD OF JEAN PAUL GAULTIER: FROM THE SIDEWALK TO THE CATWALK</b>						
The unconventional and playfully irreverent designs of Jean Paul Gaultier were celebrated in the first international exhibition dedicated to this groundbreaking French couturier. The NGV collaborated with Maison Jean Paul Gaultier to deliver a striking and contemporary visual identity illustrating a fashion and art experience. The national marketing and communications campaign encompassed outdoor, digital, print and social media, as well as a cinema commercial featuring Kylie Minogue and Jean Paul Gaultier that was broadcast nationally.	17 Oct. – 8 Feb. 2015	\$295,516	\$51,806	\$23,325	\$57,365	\$38,140

**Notes:**

(a) Campaign occurred across the 2013/14 and 2014/15 financial years.
