

# SOLIDARITY WITH J-20

**A R R E S T E E S**

WEEK OF ACTION APRIL 1ST - 8TH

On January 20, 2017, during protests against the inauguration of Donald Trump, 230 people—protesters, legal observers, medics, journalists, and passerby alike—were randomly kettled at L and 12th Streets NW, arrested, and charged with felony rioting, the largest such roundup at a protest in U.S. history. We need your support to fight these baseless charges and make sure that resistance against the Trump agenda continues, even in the face of intimidation and police abuse.
