20<sup>th</sup> December, 1971

Dear Jill,

I am afraid I have left it too late to wish you a Merry Christmas as I believe you have already left Marsh for your holiday leave. At least I can say "Happy New Year!" to you both with sincerest wishes for a fruitful & rewarding 1971.

Events have crowded in, one on top of the other, and within the last fortnight I have been able to meet Koby Kunst, who is on her way to Australia (Sydney, to see her son) & Prof. Mrs Peart, who have now gone on to Mexico, & to arrange a trip to Victoria B.C. Canada to spend Christmas with the Geoffrey O'Grady's. I leave tomorrow for a long bus ride which will last for 1 1/2 days!

This is a hurried, unsatisfactory note merely to say that the UCLA tops arrived safely & that work has started on them in real earnest. The audio man, <sup>(Mike Moore)</sup> at the Institute is exactly an audio man should be. It is a pleasure to work with him - to say nothing of Melograph C which impresses me greatly. Have met Charles Seeger several times and marvel at his active, youthful appearance despite his years. He comes to all the Hood seminars dressed in flashing flowery shirts and keeps a ~~sharp~~ a heated argument going with about 3 people at once! But his bearing is not the best & there are some mighty funny moments!

Please use the above address until further notice. Things are likely to reach me quicker here than via the Institute.

More soon, love  
Alice.
