STEAM INTO THE FOREST

This summer, you can travel from Ongar and enjoy the full length of the line to Epping Forest and return to North Weald by steam - without leaving your seat.

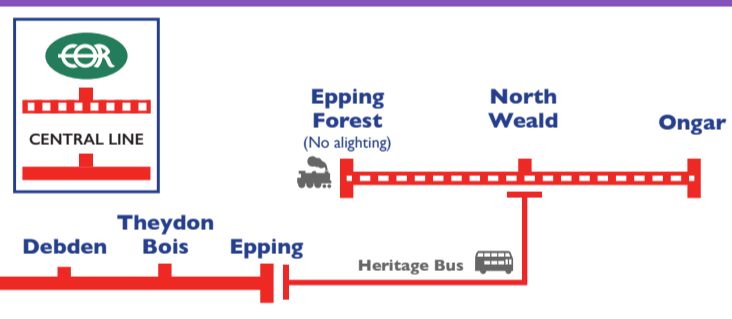

Take the 1135 or 1335 service from Ongar (June, July and August when Standard Timetable is in operation) and enjoy steam haulage into the ancient woodlands of Epping Forest!

WELCOME TO EPPING ONGAR RAILWAY

So what makes us unique? Well, other than our fantastic team of volunteers, who are eager to meet you:

- We've got a fantastic range of steam and diesel locomotives and unlike any other heritage railway – a wonderful fleet of heritage buses too. It really is three experiences* – one great value day out!
- We're the closest heritage railway to London.
- We're the only heritage line on the former London Underground network.
- We're the longest heritage line in Essex.
- We're triple award winners – including Heritage Railway of the Year in 2013 and Volunteers Award for Restoration of Ongar Station. Finalist in Essex awards for Best New Business and Best Small Attraction.
- We're easily accessible, with direct heritage bus connections to and from Epping Underground and Shenfield stations.

HOW TO FIND US

- By Tube** - The easiest way to visit us is via London Underground's Central Line to Epping Station where our frequent heritage buses pick you up from the front door.
- By Train** - We run heritage bus services direct from Shenfield Station to Ongar, North Weald and Epping.
- By Car** - Take junction 7 on the M11 towards Chelmsford and follow the brown signs from there to Ongar where there are car parks in the nearby town centre. Alternatively follow the signs to Epping and then the Tube Station and take our buses from there.
- Toilets** - Toilet and baby changing facilities are at North Weald and Ongar Stations. There is a wheelchair accessible toilet at North Weald Station.
- No Smoking** - Smoking is prohibited on all Epping Ongar Railway Stations and vehicles.
- Dogs** - We welcome well controlled dogs, and they travel free. Dogs are not allowed in the shop, catering or picnic areas, except assistance dogs. Dog waste must be disposed of properly.
- Disabled Visitors** - We regret that our heritage buses are unable to accommodate wheelchairs. Limited disabled parking is available but we recommend that you book in advance. Please visit the website for our Railway Accessibility Statement.

The published timetable is subject to change. Every effort will be made to run the specified trains and buses to the timetable, however unforeseen circumstances may entail alterations or cancellations, which may include substituting diesel trains for steam trains or vice versa. Conditions of Carriage apply. Epping Ongar Railway reserves the right to vary any of the provisions included in this leaflet, without prior notice, and accepts no liability for any loss, inconvenience or delay caused. E & OE.

WELCOME TO EPPING ONGAR RAILWAY

EPPING

EPPING FOREST

There is no platform or public access here. You cannot alight or board the train.

EPPING STATION

Epping Station is served by regular tube trains and is now the end of the Central Line. Our buses run from outside the station through Epping's bustling High Street, before heading through Epping Forest on their way to North Weald. The heritage bus journey is included within your ticket price. Tickets can be bought from the bus conductor.

NORTH WEALD STATION

North Weald Station is restored to its 1940's charm and offers beautiful countryside views - the perfect spot to sit and watch the trains go by! Regular heritage trains shuttle into the forest, whilst steam and diesel trains operate to Ongar. Don't forget to visit our gift shop or buffet coach for a great range of snacks and drinks while you're here.

ONGAR STATION

Ongar has always been the end of the line and boasts a grand 1865 Grade II listed Great Eastern Station. Following restoration by our volunteers back to its original format, it won the National Railway Heritage "Volunteers Award". The Station has a gift shop and a snack bar and there are picnic and viewing areas.

BLAKE HALL STATION

Approximately half way between Ongar and North Weald is the former Blake Hall Station, identical in size and style to North Weald. The Station was built for the grand manor house of the same name and for local farms. It was famed as being the least used Station on the London Underground network with just six passengers a day and was closed in 1981.
