Notes: These data should be read in conjunction with the explanatory notes.

(1) Figure is inclusive of both TAB and on-course totalisator expenditure (discrete data were not available). Between 1998–99 and 2006–07, racing expenditure on TAB and on-course totalisators has been calculated at 16.0 percent of turnover – the maximum average commission rate across all parimutuel pools under the relevant legislation at that time.

(2) TAB expenditure calculated at 15.7% of parimutuel turnover plus actual "Gross Profit" of Fixed Odds Racing.

(3) Figures are inclusive of both on- and off-course betting.

(4) This estimate was calculated by applying the same ratio of expenditure to turnover for TAB racing in 2000–01 (15.3 percent) and applying it to the turnover figure for the current year.

(5) Actual expenditure - including fixed odds racing - plus roundings (retained by TABCorp - derived by the rounding down of dividends to the \$0.10 below the calculated dividend - not previously included).

(6) Actual expenditure - including fixed odds racing - plus roundings (retained by TABCorp - derived by the rounding down of dividends to the \$0.10 below the calculated dividend - included for the first time in 2007–08).

Notes: These data should be read in conjunction with the explanatory notes.

(1) Figure is inclusive of both TAB and on-course totalisator expenditure (discrete data were not available). Between 1998–99 and 2006–07, racing expenditure on TAB and on-course totalisators has been calculated at 16.0 percent of turnover – the maximum average commission rate across all parimutuel pools under the relevant legislation at that time.

(2) TAB expenditure calculated at 15.7% of parimutuel turnover plus actual "Gross Profit" of Fixed Odds Racing.

(3) Figures are inclusive of both on- and off-course betting.

(4) This estimate was calculated by applying the same ratio of expenditure to turnover for TAB racing in 2000–01 (15.3 percent) and applying it to the turnover figure for the current year.

(5) Actual expenditure - including fixed odds racing - plus roundings (retained by TABCorp - derived by the rounding down of dividends to the \$0.10 below the calculated dividend - not previously included).

(6) Actual expenditure - including fixed odds racing - plus roundings (retained by TABCorp - derived by the rounding down of dividends to the \$0.10 below the calculated dividend - included for the first time in 2007–08).

Notes:

These data should be read in conjunction with the explanatory notes.

Data for the gambling revenue received by states and territories from 1 July 2000 onward are not comparable with that of preceding years because of the impact of changes brought about by the introduction of the GST.

(1) Government revenue from TAB includes on-course totalisators.

(2) Government revenue from TAB is in the form of an annual licence fee. There is no correlation between the receipts from the licence fee and the two totalisator activities. The revenue figures allocated to TAB represents the bulk of turnover activity in each of the two categories (TAB and on-course totalisator).

(3) Tote ceased to pay tax from 1 August 2000 on totalisator turnover following its corporatisation.

(4) Government revenue from TAB includes on-course totalisators and fixed odds racing.

(5) Total revenue incomplete due to unavailable figure for South Australia.

Notes:

These data should be read in conjunction with the explanatory notes.

Data for the gambling revenue received by states and territories from 1 July 2000 onward are not comparable with that of preceding years because of the impact of changes brought about by the introduction of the GST.

(1) Government revenue from TAB includes on-course totalisators.

(2) Government revenue from TAB is in the form of an annual licence fee. There is no correlation between the receipts from the licence fee and the two totalisator activities. The revenue figures allocated to TAB represents the bulk of turnover activity in each of the two categories (TAB and on-course totalisator).

(3) Tote ceased to pay tax from 1 August 2000 on totalisator turnover following its corporatisation.

(4) Government revenue from TAB includes on-course totalisators and fixed odds racing.

(5) Total revenue incomplete due to unavailable figure for South Australia.

Notes:

These data should be read in conjunction with the explanatory notes.

Data for the gambling revenue received by states and territories from 1 July 2000 onward are not comparable with that of preceding years because of the impact of changes brought about by the introduction of the GST.

- (1) State tax on bookmakers turnover was abolished on 30 March 2002, therefore government revenue for bookmakers on-course only includes nine months worth of revenue.
- (2) Nil government revenue from bookmakers due to abolition of state tax on bookmakers 30 March 2002.
- (3) Race bookmakers do not return any revenue to the Government since the tax rate was effectively abolished in Sept 2003.
- (4) Bookmakers' Tax abolished from 1 December 2001.
- (5) Government revenue from racing (bookmakers) includes both tax and product levies received.
- (6) Changes in Taxes Payable by Bookmakers was introduced in January 2010. (\$4.973m was collected as Turnover Tax and \$1.102m was collected as Gross Profit Tax).
- (7) Gross profit tax is not based on turnover and is also capped and therefore cannot be determined as relative to racing or sports. As a consequence, all revenue is reported as racing revenue.
- (8) Product Levy no longer payable by Betfair from October 2010.
- (9) Total Government revenue incomplete due to unavailable figures for one or more states.

Notes:

These data should be read in conjunction with the explanatory notes.

Data for the gambling revenue received by states and territories from 1 July 2000 onward are not comparable with that of preceding years because of the impact of changes brought about by the introduction of the GST.

(1) State tax on bookmakers turnover was abolished on 30 March 2002, therefore government revenue for bookmakers on-course only includes nine months worth of revenue.

(2) Nil government revenue from bookmakers due to abolition of state tax on bookmakers 30 March 2002.

(3) Race bookmakers do not return any revenue to the Government since the tax rate was effectively abolished in Sept 2003.

(4) Bookmakers' Tax abolished from 1 December 2001.

(5) Government revenue from racing (bookmakers) includes both tax and product levies received.

(6) Changes in Taxes Payable by Bookmakers was introduced in January 2010. (\$4.973m was collected as Turnover Tax and \$1.102m was collected as Gross Profit Tax) .

(7) Gross profit tax is not based on turnover and is also capped and therefore cannot be determined as relative to racing or sports. As a consequence, all revenue is reported as racing revenue.

(8) Product Levy no longer payable by Belfair from October 2010.

(9) Total Government revenue incomplete due to unavailable figures for one or more states.

Notes:

These data should be read in conjunction with the explanatory notes.

Data for the gambling revenue received by states and territories from 1 July 2000 onward is not comparable with that of preceding years because of the impact of changes brought about by the introduction of the GST.

(1) Bookmakers' Tax abolished 1 December 2001. On-course Totalisator Tax abolished 1 July 2006.

(2) Total revenue from Racing incomplete due to bookmaker revenue data being unavailable.

(3) Government revenue from racing (bookmakers) includes both tax and product levies received.

Notes: These data should be read in conjunction with the explanatory notes.

(1) No data was collected for gaming machine turnover for registered clubs and hotels for the August and November 2001 (clubs) and September and December 2001 (hotels) quarters. The turnover for these quarters was based on the turnover for the February and March 2001 quarters respectively.

(2) Turnover was estimated based on actual expenditure and 89.0% return to player.

(3) Total turnover incomplete due to data from Tasmania being unavailable.

U = Unavailable data

Notes: These data should be read in conjunction with the explanatory notes.

Data for the gambling revenue received by states and territories from 1 July 2000 onward are not comparable with that of preceding years because of the impact of changes brought about by the introduction of the GST.

(1) State tax on bookmaker's turnover was abolished on 30 March 2002, therefore government revenue for bookmaker (and other) fixed odds only includes nine months worth of revenue for 2001–02 and nil revenue thereafter.

(2) Bookmakers' Tax abolished 1 December 2001.

(3) Government revenue from bookmaker (and other) fixed odds sportsbetting includes tax paid on Australian and overseas non-racing events.

(4) Changes in taxes payable by bookmakers was introduced in January 2010. (\$0.193m was collected as Turnover Tax and \$1.102m was collected as Gross Profit Tax).

(5) Gross profit tax is not based on turnover and is also capped and therefore cannot be determined as relative to racing or sports. As a consequence, all revenue is reported as racing revenue.

(6) Total Revenue incomplete due to unavailable figures from one or more states/territories.

Notes: These data should be read in conjunction with the explanatory notes.

Data for the gambling revenue received by states and territories from 1 July 2000 onward are not comparable with that of preceding years because of the impact of changes brought about by the introduction of the GST.

(1) State tax on bookmaker's turnover was abolished on 30 March 2002, therefore government revenue for bookmaker (and other) fixed odds only includes nine months worth of revenue for 2001–02 and nil revenue thereafter.

(2) Bookmakers' Tax abolished 1 December 2001.

(3) Government revenue from bookmaker (and other) fixed odds sportsbetting includes tax paid on Australian and overseas non-racing events.

(4) Changes in taxes payable by bookmakers was introduced in January 2010. (\$0.193m was collected as Turnover Tax and \$1.102m was collected as Gross Profit Tax).

(5) Gross profit tax is not based on turnover and is also capped and therefore cannot be determined as relative to racing or sports. As a consequence, all revenue is reported as racing revenue.

(6) Total Revenue incomplete due to unavailable figures from one or more states/territories.

Notes: These data should be read in conjunction with the explanatory notes.

(1) Bookmaker (and other) pool betting expenditure is estimated at 9.5 percent of turnover.

(2) Expenditure for bookmaker (and other) pool betting was estimated by applying retention rates of 10 percent or 40 percent as applicable. In Victoria, this definition applies solely to the pool betting competition, Tipstar, and does not in any way relate to bookmakers.

(3) Tipstar ceased operations in 2007.

(4) Total Expenditure incomplete due to unavailable figures from one or more states/territories.

Notes: These data should be read in conjunction with the explanatory notes.

Data for the gambling revenue received by states and territories from 1 July 2000 onward are not comparable with that of preceding years because of the impact of changes brought about by the introduction of the GST.

(1) Total Gambling Revenue is incomplete due to some unavailable revenue figures that are used to derive this number.
