ISBN: 1921248904
Abstract: Tells the story of Kookoo, a kind and well-loved kookaburra who is famous for entertaining the other bush creatures with his funny stories. Everyone knows Kookoo has a special gift because he tells funny stories about the other animals without hurting their feelings. However, when Kookoo runs out of kind stories he turns to teasing and making fun of his friends' differences. Refusing to listen to the sage advice of his uncle, Kookoo gradually alienates all his friends until he finds himself alone and ignored by the other animals. When he finally listens to the sounds of his own laughter echoing around the bush and realises it has become an unhappy sound, Kookoo is forced to remember his uncle's words and change his ways: kindness is like a boomerang - if you throw it often, it comes back often.

Annotation: "This book provides a guide to the Aboriginal languages of New South Wales and the Australian Capital Territory, and to the current state of information about them. Part A has two main aims: to show (a) which dialects belong together as variant forms of the same language, and (b) which languages belong together as related members of a group; and to provide information about the current state of these languages, and a guide to the resources available for language revitalisation, including a bibliography. It covers 14 language groups, with additional

chapters on contact languages, sign languages and terms used in kin classification, as well as two bibliographic appendices: one on placenames, the other based on the work of N. B. Tindale. Part B presents a word-list for each language, with an account of the sources used in compiling it, and an overview of the languages phonology."--Provided by publisher, annotation pending
