**(Micheal was on a speaking tour, as he was a member of the NY 21, he had just been bailed out. He was an outstanding speaker he also wrote a booklet dealing with drugs "Capitalism plus Dope equals Genocide". He now lives in Africa and is a radio DJ. He is very sick, as I was told from my African comrades.)"**

**Robert "Coffee Men" Webb:**

**Photo taken in 1969 as he was the "Officer of the Day" in the SF office. Robert was a military expert, he has won a number of honors and medals from his service in Viet Nam. Robert was a very cool person, his knowledge of both Political and military affairs was endless. He didn't talk much, he was warm and friendly. Always the teacher, he taught me a few things that would save my life. He traveled with Field Marshal, Donald Cox and was an aide to the Central Committee. After the NY 21 bust he was sent to the East Coast to help organize. He helped organize up in New Haven as well as NY and Boston.**

**Robert was killed in 1971, by agents of the FBI. This family still lives in the Bay area.**
