

# EXCEL APPLICATION

## *What we Do...*

The Excel program allows incoming freshmen the opportunity to be introduced to the working of the Student Government Association as well as the rest of the university. In short, Excel Students will be taught the skills required to become leaders of tomorrow. This educational curriculum will consist of a one semester program that will include various leadership and social training needed to advance within the University community. Accepted students will also aid Senators in projects as well as assisting in SGA events ranging from Homecoming to Banquets. This small group will create a family atmosphere and will allow its members to form friendships amongst each other, sharing their educational experience with one another.
