## Education resources

**Call number:** 006.78 AUS C-D

**Title:** Making it real [electronic resource]

Publication info: [Canberra] : Dept of Education, Employment and Workplace Relations, c2008

Annotation: "This free resource has easy-to-use web page templates allowing users with basic levels of technical skills to create culturally appropriate web interfaces suited to their community - by using local languages, place names, landmarks and people. Making it real takes existing learning resources and encourages schools and community organisations to make them into "real" resources that can be saved and shared, rather than disconnected external resources that are not applicable to most communities. The stand-alone e-learning resource can help individuals complete trade apprenticeships or vocational education and training qualifications. Indigenous Knowledge Centres, community and other training organisations can also use Making it Real for self-paced learning, and for teachers and trainers to incorporate into an existing education and training program"

**Call number:** 305.800994 NAT C-D

**Title:** A fair go! [computer file] : tolerance and intolerance in Australia.

Publication info: Canberra : National Museum of Australia, [1995?]

**Title:** What do Aboriginal women think is good antenatal care? [electronic resource] : consultation report / Gai Wilson

Publication info: Alice Springs, N. T.; Casuarina, N. T. : Central Australian Aboriginal Congress and Cooperative Research Centre for Aboriginal Health, c2009

Annotation: This report documents the first phase of the research project entitled 'Developing a health and information system to support continuous improvement in antenatal care for Aboriginal women in the Central Australian Region'. The research identifies and discusses antenatal care with the women of the region, including the social and economic aspects as well as the bio-medical and health service-related factors. The consultation concludes that quality antenatal care for many young Aboriginal women needs to include a wide range of dimensions. The details and features of these dimensions of care vary between the women depending on age, location and specific circumstances and are noted in the report.
