5 November, 1986

Dear Judith,

I hope your return to Groobe went of smoothly and that you are now once more happily 'in situ'. I still look forward to hearing from you about the accommodation situation, as I have now decided to come to Arnhem (if allowed) arriving on Friday 19 December, leaving on Monday 26 January '87.

I have not been able to obtain a grant from the Institute so will be funding myself. I could not do this without the considerable discount available at this time for plane fares. I am now hoping there will be some very reasonable accommodation available for the 5 weeks. Please tell me if I should still write for permission to Bobby Nunggunadhar - or Murabuda?

Since talking to you by telephone while you were in Adelaide I have had a rather debilitating attack of flu. This has put me back a bit, but I still believe my palmetto is a wizard! I hope you are not finding the going too hard after your time in Adelaide. And I do hope you won't find my visit too much of a burden - This simply must not be. I'm now  to my home as I find a 9.30am - 2.30pm day quite long enough.   
more later - much love from Alice.
