Dear Dr. Delgado and Ms. Koontz:

On behalf of the residents, staff, and board of directors of Jerusalem House, please accept our gratitude for the generous gift of \$1,865.00 from the Society for the Study of Social Problems. We deeply appreciate your continued support of our agency.

At Jerusalem House, we believe *Housing is Healthcare*. Your donation helps us to continue providing the permanent housing and supportive services so desperately needed by Atlanta's homeless and low-income men, women, and children affected by HIV/AIDS. Whether they are residing at the Family or Adult Program facilities, or enjoying more independent living afforded by the Scattered Site Programs; all of our residents have the opportunity to stabilize their health. Many of them are able to complete their education or return to employment. Along with supportive services, permanent housing is key to achieving these goals.

Our residents will experience increased quality of life for an extended period of time because of the efforts of Jerusalem House and our supporters. Thank you for helping to provide hope, health, and a **future** for the men, women, and children who call Jerusalem House "home."

Sincerely,

 Thank you!

Charlie Frew  
Executive Director
