

GOV. CUOMO PLANS TO REDUCE VISITING HOURS AT NY'S MAXIMUM SECURITY PRISONS

JOIN US: OPPOSE THESE CUTBACKS!

Governor Cuomo has just proposed to limit visiting at New York State maximum security prisons to three days a week instead of the current seven. If passed, this measure will cause suffering and separation for thousands of imprisoned people and their loved ones. Restricting visits is regressive, counterproductive, and cruel.

"Hi, my name is ___, and I live in NYC. I'm calling to ask you to oppose the plan to reduce in-person contact visits in NY prisons. They are vital for maintaining connections with children, spouses, elderly parents or grandparents, and other family and friends. These ties are crucial for loved ones on the outside, as well are for people to successfully navigate their eventual return home after prison. Please vote down the plan to cut in-person contact visits. Thank you."
