

# JAMS ELECTRONIC FILING SYSTEM

## FOR JAMS ARBITRATIONS

JAMS Electronic Filing System is a secure, online case management tool available to parties in a JAMS arbitration proceeding. It provides neutrals, attorneys and their staff with a number of benefits:

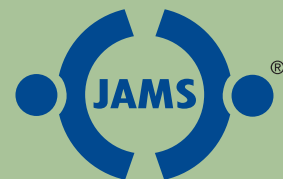

- **CONVENIENT 24/7 ACCESS** to a central repository of case information via secure internet access
- **A COST-EFFECTIVE, TIMELY METHOD OF SERVICE** that eliminates the need for postage and couriers and reduces the time required to prepare service packets
- **A STREAMLINED, USER-FRIENDLY CASE MANAGEMENT** center that allows participants to:
  - ✓ access and search case documents remotely
  - ✓ communicate with other case participants
  - ✓ store and retrieve documents, deposition and hearing transcripts
  - ✓ avoid using email attachments or waiting for large files to download
