

# Thank You

*for your generous support of Newspapers in Education*

Our Daily News Newspapers In Education partners provide print and e-Edition Daily News newspapers to classrooms across the Lower Columbia Region. As a non-profit 501c3, NIE also works with students to grow in their knowledge of journalism by providing opportunities for student-written articles to be published in The Daily News. Newspapers, both print and online, are a living textbook that enables students at all levels to develop good reading skills while gaining an understanding of the world around them.
