**Dear brothers and sisters,**

On behalf of the dockworkers of Barcelona, Spain, we want to congratulate you on the actions of the past summer, in support of the Palestinian struggle for survival. With your solidarity you did your bit to stop the slaughter that the Israeli government was perpetrating on the civilian population of Gaza.

As workers we are aware that we must build the tools that allow us to make this world a better place to live, not only defending our rights, but also those denouncing unfair wars whose main victims are civilians. Such actions are those that give real meaning to our unions.

Comrades, receive our fraternal greetings. Oakland longshore solidarity action should be an inspiration for dockworkers around the world.

Yours in solidarity,
