

University of Pittsburgh

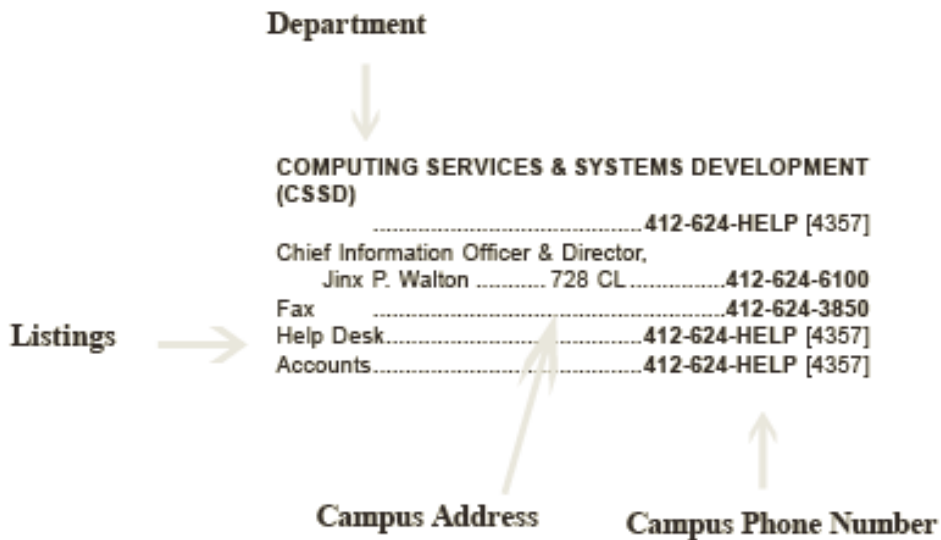

Telephone Directory 2016
Departmental Listings

About This Directory

The University of Pittsburgh Departmental Listings are available online at find.pitt.edu. The PDF file can be searched, downloaded, or printed. The file contains a table of contents and bookmarks to enable you to quickly scroll through the alphabetized listings to find the information you seek.

How to Read a Departmental Listing

All inner-system calls to and from 624, 648, and 383 exchanges can be dialed using the five-digit extension or the last five numbers of the full telephone number.

Departmental listings may be cross-referenced. For example, in addition to being included in the "Computing Services & Systems Development (CSSD)," entry, a separate listing is given for the "Technology Help Desk."

For questions or assistance about the online departmental listings, please contact the Technology Help Desk at 412-624-HELP [4357] or visit technology.pitt.edu.
