GREETINGS COMRADES !

Well it's back to school for '69 eh kiddies! Well so is TREASON and we hereby send revolutionary greetings to all our comrades. For the people who didn't see TREASON last year and for those who did but who have forgotten TREASON is the H.H.S. revolutionary libertarian socialist underground newspaper. If YOU would like to help TREASON (literary and monetary contributions and help with distribution are all welcome) please write to us : TREASON (S.I.D.), c/o 120 Greville St. Prahran 3181

- " What is the job of the conscript ? KILL !
- What is the conscript's duty to his country ? KILL !
- What does the conscript do in Viet Nam ? KILL !
- Why ? FOR PEACE ?

TREASON's give-away special this issue is the pamphlet "Why Register for National Service ? ". People distributing it have been charged with offences ranging from breaking Council by-laws to inciting breach of Commonwealth law. The reason why the government is taking such repressive measures to prevent distribution is that if men refuse to fight then the government cannot wage war --in this case the criminal war of aggression against the Vietnamese people. We believe that our government is fighting a war of aggression and is using immoral, fascist methods (conscription) to force young men to fight, die and kill for them. We declare our support for those who hand out the leaflet and for those who refuse to register.

pigs! pigs! pigs!

Well kiddies it seems that once again it's "democratic procedure" time. This means that most HHS students have the opportunity to VOTE sixth-form students for the positions of pigs (more commonly known as prefects) Gee, golly whiz ! I mean fellas, what a priveledge ! Isn't it wonderful that us students are allowed to SELECT our fellow students to be petty tyrants.

But seriously comrades, TREASON thinks it's rather disgusting that so many students are deceived by the "democratic elections" crap purveyed by the administration to keep up a 'liberal-democratic' image, which is presumably supposed to keep capitalism, the education dept. and secondary students all reasonably happy and contented. Of course the factor which makes prefect elections such a mockery of real democracy (even if they aren't rigged) is that no-one ever consulted students as to whether they want prefects anyway. . . .

The prefect system tends to create an elite of bully-boys for repressive school authority. In return for a good report when they leave school and some priveledges these pigs are willing to sell out their fellow students and become "Uncle Toms" entrusted with the job of policing some of the more ridiculous school rules (often, as part of their priveledges prefects don't have to obey the rules which they force other students to). The prefect system breeds hypocrites and meglomaniacsit creates a class structure within the student body. TREASON says : the jobs which are in fact beneficial which the prefects carry out at present could be carried out without the creation of the 'prefect class'. The present system is evil and must be smashed .

2. SHAW
3. NAUGHTEN
4. PEARSON

In many more progressive schools the prefect system has already been abolished. ISN'T IT ABOUT TIME HHS DID THE SAME ? HOW CAN PREFECTS BE SMASHED ? after much discussion TREASON decided to endorse TREASON ANTI-prefect candidates. here they are They have pledged that, if elected they will shun selective priveledges accorded to prefects and will work toward the abolition of the prefect system . ARE YOU TIRED OF PETTY TYRANTS ? DON'T SCAB VOTE FOR FREEDOM
