

Free Mobile Plan: Roaming now included all year round!
5GB/month mobile Internet access and unlimited calls, texts and MMS
from more than 35 countries

(Europe, the United States, Canada, Australia, South Africa etc.)

The Free Mobile Plan now includes roaming communications **all year round** (unlimited calls, texts and MMS as well as mobile Internet) from more than 35 countries, all for €15.99 per month for Freebox subscribers (or €19.99/month for non-Freebox subscribers). At the same time, the **mobile Internet data volume included in the Plan has been increased to 5GB/month** from these countries.

The Free Mobile Plan roaming offer includes the following, **all year round**:

- **unlimited** calls, texts and MMS in Europe and the French overseas departments (DOM);
- **unlimited** calls, texts and MMS (local and to Metropolitan France) in the other countries (*United States, Canada, Israel, Australia, South Africa and New Zealand*);
- **5GB/month** of mobile Internet that can be used in Europe, the French overseas departments, the United States, Canada, Israel, Australia, South Africa and New Zealand, and which is in addition to the allowance included in the Free Mobile Plan for Metropolitan France.

Having pioneered the inclusion of roaming in the Free Mobile Plan since 2013, in 2016 Free enabled several million subscribers to use their mobile phone abroad at no extra cost. And the new roaming freedom available in 2017 will help subscribers – particularly those living in border areas – to make huge savings!

This new offer is straightforward to use and does not require the installation of an app. It applies automatically as from today for both existing and new Free Mobile Plan subscribers.

About Free

Free – an Iliad Group subsidiary – is the inventor of the Freebox, the first multiservice box on ADSL. Free is behind numerous innovations in the Broadband and Ultra-Fast Broadband access segment (VoIP, IPTV, flat-rate calling plans to multiple destinations, etc.). Free provides straightforward and innovative offerings at the best prices. For example, the Freebox Revolution, the 6th generation of Freebox units, notably includes an NAS and a Blu-Ray™ drive, and the Freebox mini 4K was the first Android TV™ and 4K box on the French market. Free was the first operator to include calls from landlines to mobile phones in its offerings and also calls to French overseas departments (DOM). Since January 2012, Free has brought mobile phone usage within everyone's reach with straightforward, no-commitment offerings at very attractive prices. The Free Mobile Plan now includes roaming communications, all year round, in all countries in the Europe Zone as well as in the United States, Australia, South Africa, Canada, Israel and New Zealand (3G). As at December 31, 2016, Free had over 19 million subscribers (6.4 million Broadband and Ultra-Fast Broadband subscribers and 12.7 million mobile subscribers).
