

Town Based Communities

“Town based communities generally have access to services and facilities in adjacent town. Future investment should facilitate the formal integration of the community into the Town Planning Scheme and have access to the same level of services as the town residents.”

Wongatha Wonganarra

Category A

“Communities where the preconditions for sustainable development exist. Residents have access to key services/opportunities and the community can offer services to the surrounding related communities. New investment is very likely to further facilitate and support long term Closing the Gap outcomes in these and their related communities.”
