

Is it just us or is everything **really not ok?**

In light of ongoing austerity measures due only to get much worse,
Cut the Crap crew introduces a radical discussion space, unashamedly anarchist in it's foundations- interested in ideas of collective action that work for all. Welcoming anyone who wants to communicate, learn and teach. Hosting workshops, film screenings, discussions and music and serving hot tasty meals, the aim is to create a place where people can get together to talk and organise for a better future

watch that space- central Bristol
weekend of 15th and 16th December
