

**Qualys**®

Continuous Security

# Everything visible. Everything secure.

Unparalleled 2-second visibility  
across all of your global IT assets  
– on premises, endpoints and  
Private or Public Clouds

Qualys Cloud Platform

# A new unified approach to prevention and response.

A single platform for InfoSec, AppSec, Endpoint, DevSec, and Cloud teams

# Track and sync your global IT assets with your CMDB.

Keep your global IT asset inventory up  
to date – *you can't secure what you  
don't know*

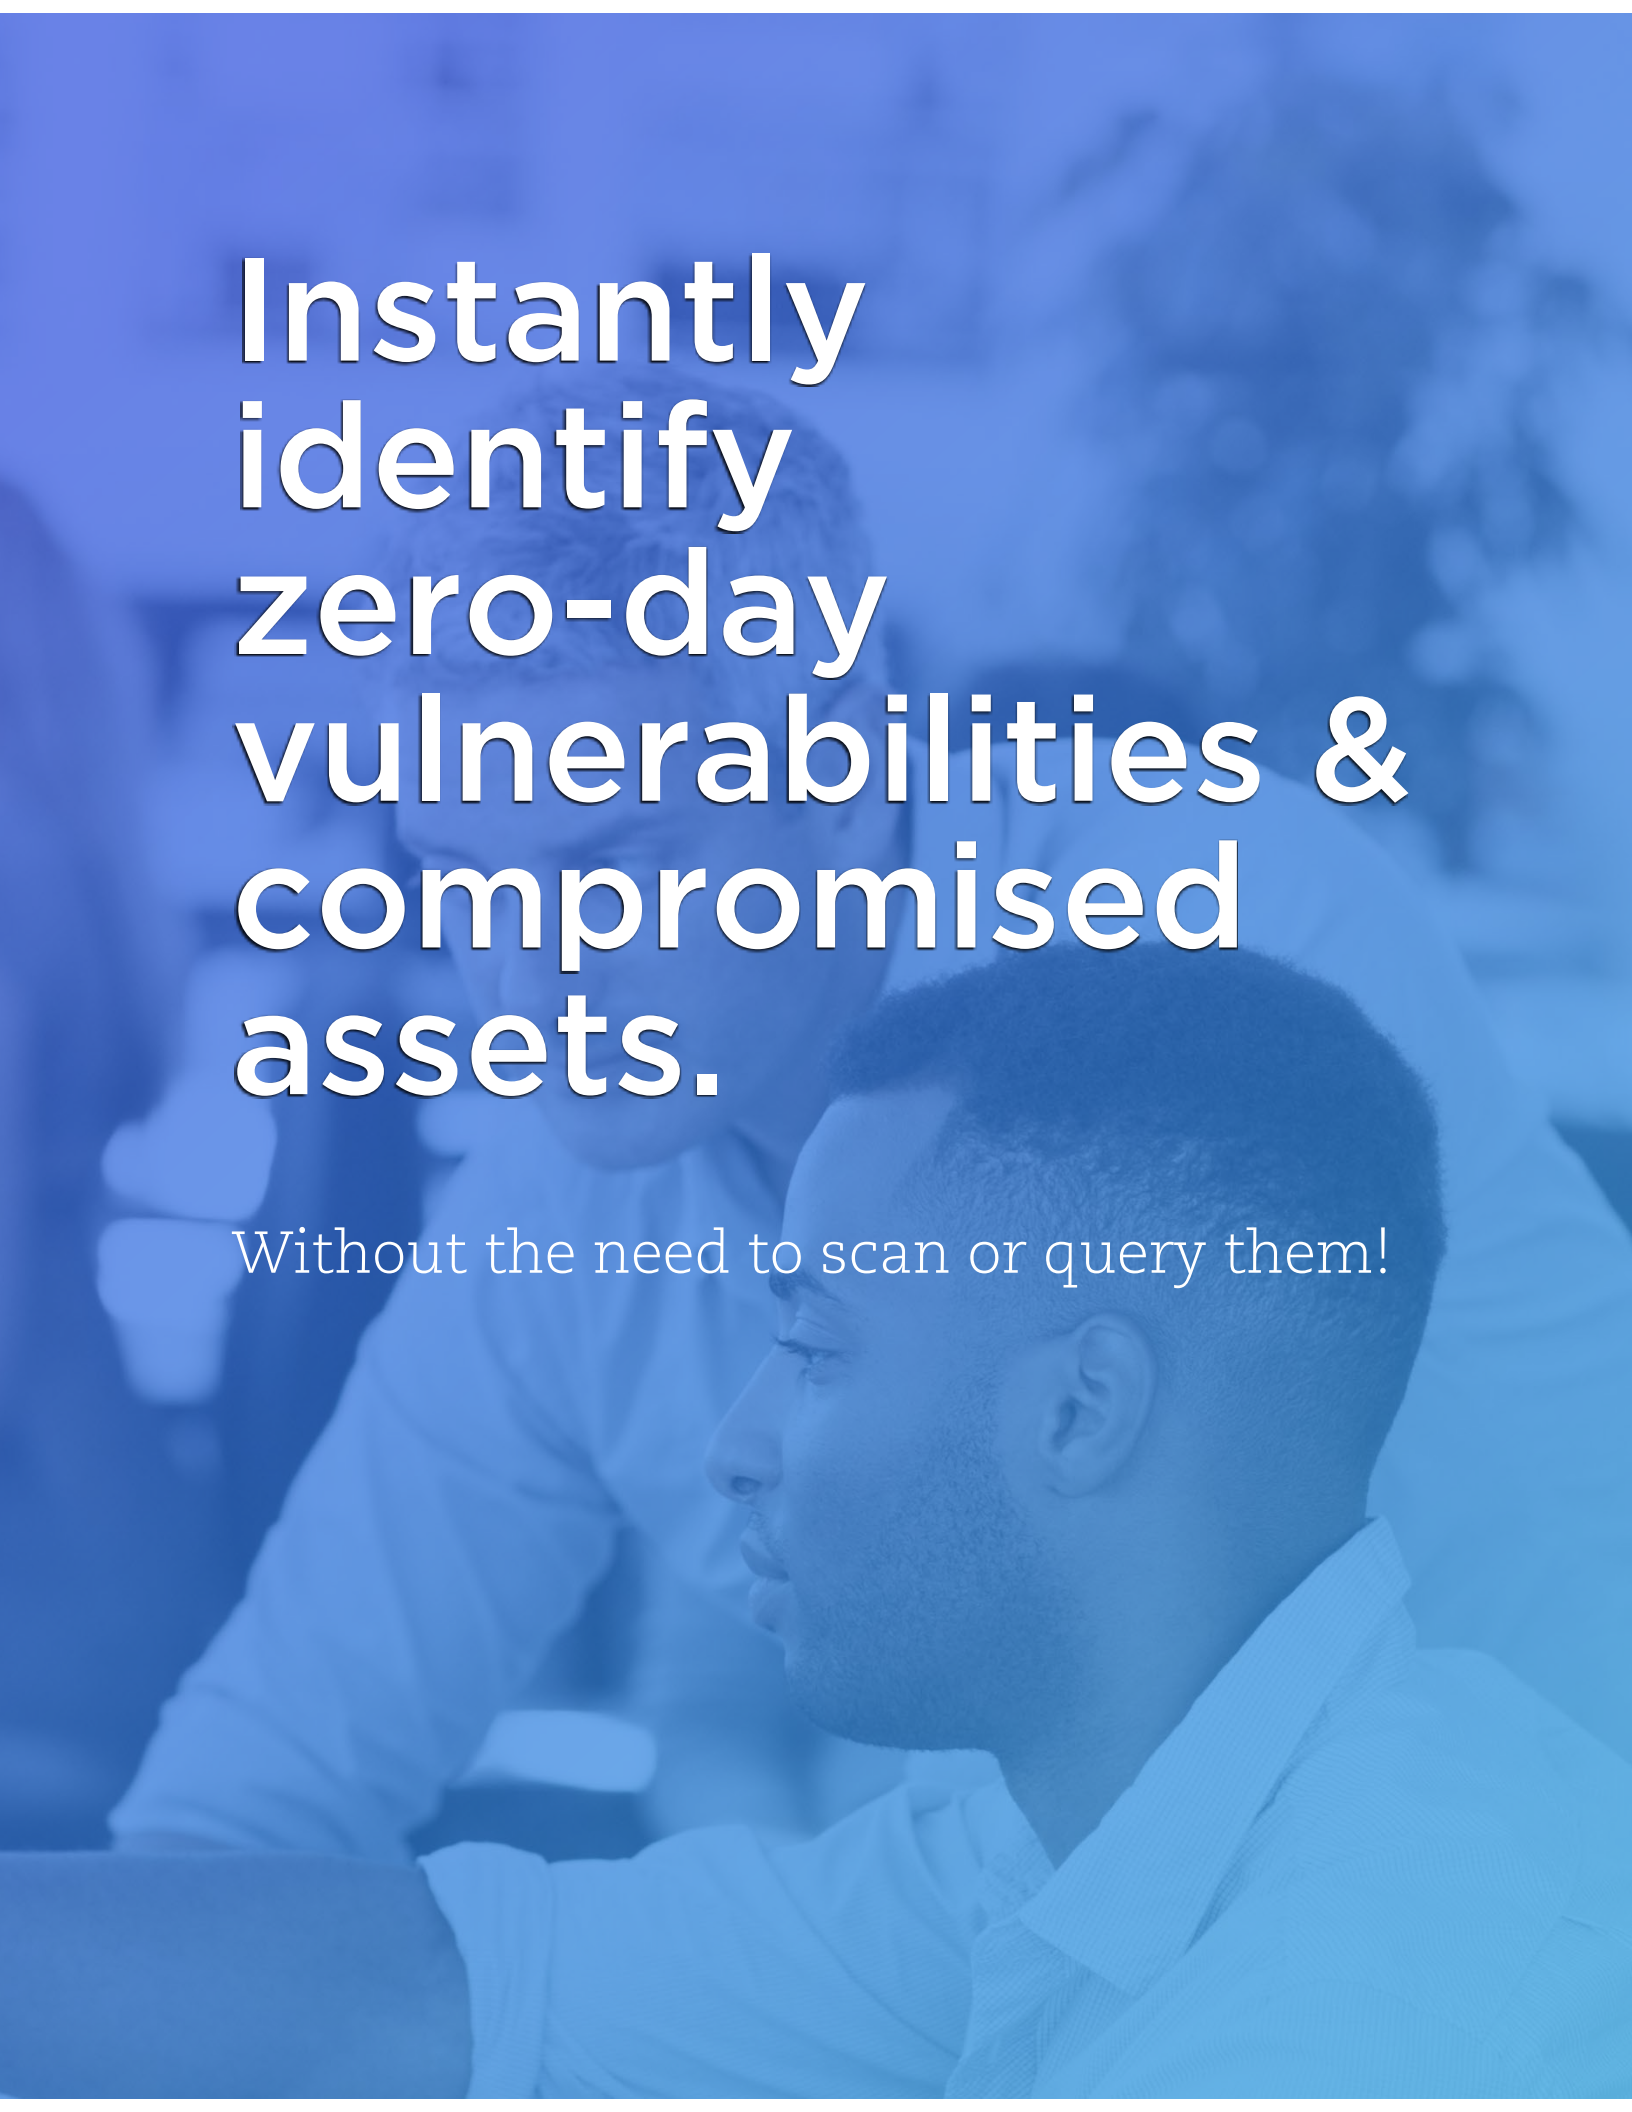

# Continuously assess your security & compliance posture.

– via customizable dynamic  
user-defined dashboards and alerts

# Instantly identify zero-day vulnerabilities & compromised assets.

Without the need to scan or query them!

# Consolidate your security and compliance stack in a single platform.

And drastically reduce your IT security  
and compliance spend

# See the results in one place

*anytime, anywhere.*

– via centrally managed, self-updating, integrated Qualys Cloud Apps, and in a single-pane-of-glass UI (AssetView)

# Designed from the ground-up for the digital transformation

*- delivered as a Public  
or Private Cloud.*

Security and compliance built-in

 **NOT** bolted-on

A woman with long dark hair and a man with grey hair are sitting at a desk, looking at a laptop. The woman is on the left, and the man is on the right. They appear to be in a professional office environment. A large red rectangle is overlaid on the top half of the image, containing white text.
