

Conservation that transforms

Ducks Unlimited
Canada

ANNUAL REPORT 2016

OUR CONSERVATION SUPPORTERS

Partnerships with a Purpose

Every piece of wetland or associated upland habitat conserved by DUC is the result of partnerships. These partnerships are the foundation of DUC's conservation leadership and the reason why we so clearly envision a future for wetland conservation in North America.

Today, this continent-wide network of conservation staff, volunteers and supporters ensures that Ducks Unlimited Canada, Ducks Unlimited, Inc., and Ducks Unlimited Mexico play leadership roles in international programs like the North American Waterfowl Management Plan (NAWMP). Established in 1986, NAWMP is a partnership of federal, provincial, state and municipal governments, nongovernmental organizations, private companies and many individuals, all working towards achieving better wetland habitat for the benefit of waterfowl, other wetland-associated wildlife and people. Ducks Unlimited Canada is proud to be closely associated with NAWMP, one of the most successful conservation initiatives in the world.

The North American Wetlands Conservation Act (NAWCA), enacted by the U.S. Congress in 1989, provides funding support for NAWMP. Through international costshare funding formulas, NAWCA stimulates public-private partnerships to protect, restore and manage a diversity of wetland habitat. From the Gulf of Mexico to the Mackenzie River Delta in Inuvik, migratory birds and other wildlife are using habitats that we're working to conserve.

Nowhere else in the world is there a partnership like the one that exists between Ducks Unlimited Canada and the conservation force of its North American counterparts, Ducks Unlimited, Inc. and Ducks Unlimited Mexico, whose supporters recognize that conserving Canada's habitats leads to strong continental waterfowl populations.

On a national level, we recognize the people behind DUC – our volunteers, supporters and the companies and governments that understand the broad-reaching benefits of what we do.
