

Association for Women Geoscientists

## AWG Outstanding Educator Award

Established in 1988, the premier professional award of the Association of Women Geoscientists acknowledges the role of teachers and mentors in every woman geoscientist's life story. The Outstanding Educator Award honors well-established women college or university teachers who have played a significant role in the education and support of geoscientists within and beyond the classroom, in advancing the persistence of females and underrepresented minorities in geoscience careers, and in raising the profile of the geosciences by teaching to and for the broadest audience of students.

### Review Criteria

The Outstanding Educator Award is a career award, and the committee will consider nominations for women educators with 20 or more years of service to the geoscience community. Beginning in 2016, nominations will be evaluated on the basis of exemplary contributions in *at least two* of the following three areas:

#### 1. Mentoring

Outstanding impacts in mentoring may include, but are not limited to,

- Going “above and beyond” to support junior colleagues and students in advancing their careers and degrees
- Mentoring student participation in research, including service on undergraduate, master's, and Ph.D. committees and scientific abstracts and publications co-authored with students
- Initiating or contributing to programs devoted to helping women, underrepresented minorities, and first-generation students persist in the geosciences
- Leading courses, short courses, or workshops, and writing articles or publications (formal or informal) with the aim of encouraging career persistence and professional success in geoscience fields

#### 2. Instruction and Curriculum

Outstanding impacts in instruction and curriculum may include, but are not limited to,

- Variety, innovation, or other value of the nominee's portfolio of courses, short courses, or workshops
- Publications on instruction and curriculum ranging from peer-reviewed articles demonstrating effectiveness of teaching innovations to publically-available assignments and assessments
- Professional service, both on the nominee's campus and in professional societies, toward valuing and improving instruction and curriculum

#### 3. Outreach

Outstanding impacts in outreach may include, but are not limited to,

Association for Women Geoscientists

- Significant service to or collaboration with institutions of informal science education (museums, nature and science centers, etc.)
- Presentations, short courses, or workshops; videos or other outreach materials; and articles or publications (formal or informal) explicitly aimed at communicating effectively about science concepts for a general audience (K-12 students or teachers, professionals in other fields, or the overall public)

### **Nomination Process**

The deadline for nominations is April 1. Nomination packets must include a current vitae and at least six nomination letters from male or female current or former students and professional colleagues. Nominees are encouraged to address the review criteria within their letters. AWG is an international organization, and nominees and nominators may be residents of any nation (with the exception of sanctioned countries). Compile all documents in one PDF file and email your nomination as an attachment to the Chair of the AWG Outstanding Educator Award selection committee, Dr. Kelsey Bitting, at [kbitting.awg@gmail.com](mailto:kbitting.awg@gmail.com). Awards are distributed at the award ceremony at the annual Geological Society of America meeting.

### **OEA Past Recipients**

|      |                         |   |
|------|-------------------------|---|
| 2016 | <b>Barbara Dutrow</b>   | Louisiana State University              |
| 2015 | <b>Jo Laird</b>         | University of New Hampshire             |
| 2014 | <b>Tekla Harms</b>      | Amherst University                      |
| 2013 | <b>Diane Smith</b>      | Trinity University                      |
| 2012 | <b>Jean Bahr</b>        | University of Wisconsin-Madison         |
| 2011 | <b>Marcia Bjornerud</b> | Lawrence University                     |
| 2010 | <b>Susan Lozier</b>     | Duke University                         |
| 2009 | <b>Anita Grunder</b>    | Oregon State University                 |
| 2008 | <b>Janet Herman</b>     | University of Virginia                  |
| 2007 | <b>Sue Rimmer</b>       | Southern Illinois University Carbondale |
| 2006 | <b>Dorothy Merritts</b> | Franklin and Marshall College           |
