OpenID®

CERTIFICATION OF CONFORMANCE
TO OPENID CONNECT CONFORMANCE PROFILE

Name of Entity ("Implementer") Making this Certification: _____

Software or Service ("Deployment") Name & Version #: _____

OpenID Connect Conformance Profile: _____

Conformance Test Suite Software: _____

Test Date: _____

1. <u>Certification</u>: Implementer has tested the Deployment (including by successfully completing the validation testing using the Conformance Test Suite Software) and verified that it conforms to the OpenID Connect Conformance Profile, and hereby certifies to the OpenID Foundation and the public that the Deployment conforms to the OpenID Connect Conformance Profile as set forth above.

2. <u>Maintenance</u>: If subsequent changes to the Deployment, or other information or testing, indicates that the Deployment is not in conformance, Implementer will either correct the nonconformance (and update this Certification if necessary) or revoke this Certification.

3. <u>Incorporation of Terms</u>: The Terms and Conditions for Certification of Conformance to an OpenID Connect Conformance Profile, located at http://openid.net/certification/, are incorporated by reference in this Certification, and Implementer agrees to be bound by such Terms and Conditions.

Authorized Signature: _____

Name: _____

Title: _____

Date: _____

Implementer's Authorized Contact Information	
Name:	
Title:	
Phone:	
Email:	
Address:	
City, State/Province, Postal Code	
Country	

Secondary Contact's Information *(Optional)*	
Name:	
Title:	
Phone:	
Email:	
Address:	
City, State/Province, Postal Code	
Country	

Optional: Please provide the following information if you want your implementation to be included in the list of certified implementations at http://openid.net/developers/certified/. Providing this information is not required for OpenID Certification.

URL at which people interested in using your implementation can learn about it and/or obtain it:

1-2 sentence description of the implementation:

The programming language of the software and deployment environment for it, if applicable (e.g., "JavaScript for Node.js", "Binaries for iOS", or "Service"):

Licensing terms of the software, if applicable (e.g., "Apache 2.0" or "Proprietary"):
