

The One Program in Cape Verde

Objective of the One Programme

The One Programme's objective is to maximize and make efficient use of the joint contributions of participating Agencies to better support Cape Verde national policies in accelerating economic growth, promoting competitiveness, creating productive employment and fighting poverty.

The One Programme therefore aims to help the Government implement national priorities, such as those proposed at the Forum that assembled the Government, the United Nations System and Civil Society together at Praia on the 22nd of October, 2007 concerning: (i) the achievement of international development goals, including the Millennium Development Goals (MDG) ; (ii) successful management of the period following graduation and (iii) support during the phase of post- accession to the World Trade Organization (WTO).

The four areas of the One Programme are: **1. Good Governance; 2. Promotion of Growth and Economic Opportunities; 3. Environment, Energy, Disasters Prevention and Response. 4. Human Capital and Social Protection**

- 1. Good Governance.** The national authorities have already identified the need for reform in several sectors as well as the need for reinforcing Government efficiency in supporting the country's exit from LDC status and the accession to the WTO. In light of these needs, the United Nations System will contribute to ensuring Cape Verde's successful graduation, in strengthening security and the Rule of Law, through citizen participation.

Duration	Starting date: 01 July/2008 End date: 31/Dec/ 2011
