

Section 6

Summary Reporting Agencies

Explanation of Summary

Under the traditional Summary Reporting System, counts are collected on the number of criminal incidents involving eight Crime Index Offenses. These eight Crime Index or Part 1 offenses include the following:

1. Murder and Nonnegligent Manslaughter
2. Forcible Rape
3. Robbery
4. Aggravated Assault
5. Burglary
6. Larceny-theft
7. Motor Vehicle Theft
8. Arson

In the Summary Reporting System, offense reporting is governed by the "Hierarchy Rule". Under the "Hierarchy Rule", if more than one crime was committed by the same person or group of persons and the time and space intervals separating the crimes were insignificant, then the crime highest in the Crime Index hierarchy (above) is the only one reported. For instance, if one offender committed both a forcible rape and robbery within the same incident, then only the forcible rape would be reported according to the "Hierarchy Rule". The "Hierarchy Rule" is not used in NIBRS.

Numerical counts are also collected on persons arrested for Part II (most other) Offenses. These counts are broken down by crime categories and the age, sex, and race of arrestees.

The following section only consists of 38 law enforcement agencies that have reported crime data in Summary format. This means that the hierarchy rule is used and that victim information is not included. The total combined population of these agencies is 884,782 which accounts for 32 percent of the population in Arkansas.
