

Australia's 50 Most Beautiful Rooms!

July 13, 2015

The best of the best!

Home Beautiful announces the best of the best in our annual collectors' issue: 50 Beautiful Rooms for 2015.

The incredible entries from our annual Beautiful Rooms competition showcase the unique and stunning style of Australians. In this month's special issue, we announce the winner and the fourteen finalists from our Beautiful Rooms competition, alongside our pick of the year's most sigh-inducing spaces - beautiful kitchens, bathrooms, living rooms and outdoor spaces.

"Australia's 50 most beautiful rooms originally followed our special issues featuring the 50 most beautiful kitchens and then bathrooms, but the idea took on a life of it's own because our readers are constantly sharing their own unique style with us via social media. The concept to create a competition around inviting our style savvy readers to submit their very own stunning rooms to the mix grew from there," says Wendy Moore, Editor of Home Beautiful. "This year we've seen more and more amazing spaces that take our breath away – beautifully decorated Australian homes completed by clever and dedicated homemakers".

Australia's 50 most beautiful rooms are showcased in the August issue of Home Beautiful. On sale now.

Happy Swooning...
