Subject: *Independent Auditor's Fiscal Year 2017 Closing Package Financial Statement Report of the Smithsonian Institution Federal Appropriated Funds (OIG-A-18-01)*

This memorandum transmits the first of three component reports of the fiscal year 2017 financial statement audits of the Smithsonian Institution (Smithsonian) performed by the independent public accounting firm of KPMG LLP (KPMG). On November 16, 2017, KPMG issued its report on the Smithsonian's federal closing package financial statements. KPMG expressed an opinion that these financial statements present fairly, in all material respects, the financial position of the Smithsonian's federal appropriated funds as of September 30, 2017, and its net cost and changes in net position for the year then ended in accordance with U.S. generally accepted accounting principles.

As part of our oversight activities, we reviewed KPMG's audit documentation and interviewed its representatives. Our review of KPMG's fiscal year 2017 audit procedures disclosed no instances where KPMG did not comply, in all material respects, with the applicable auditing Standards.

Our oversight of KPMG's audit was not intended to enable us to express, and we do not express, an opinion about the Smithsonian's federal closing package financial statements, internal controls over financial reporting, or compliance with laws and regulations. KPMG is responsible for its audit report and the conclusions therein.

If you have any questions, please do not hesitate to contact me or Joan T. Mockeridge, Assistant Inspector General for Audits, at (202) 633-7050.

## Independent Auditors' Report

The Office of the Inspector General, Audit and Review Committee of the Board of Regents,  
and Secretary Skorton  
Smithsonian Institution:

### Report on the Closing Package Financial Statements

We have audited the accompanying Closing Package Financial Statement Report of the Smithsonian Institution Federal Appropriated Funds (the Smithsonian Federal Funds), which comprises the Governmentwide Treasury Account Symbol Adjusted Trial Balance System (GTAS) Reconciliation Report – Reclassified Balance Sheet as of September 30, 2017, and the related GTAS Reconciliation Reports – Reclassified Statement of Net Cost and Reclassified Statement of Operations and Changes in Net Position for the year then ended, and the related notes to the financial statements (hereinafter referred to as the “closing package financial statements”). The notes to the financial statements comprise the following:

- GTAS Closing Package Lines Loaded Report,
- Financial Report (FR) Notes Report (except for the information entitled “2016 - September”, “Prior Year”, “PY”, “Previously Reported”, “Line Item Changes”, and “Threshold”, and the information as of and for the year ended September 30, 2016 in the “Text Data”), and
- Additional Note No. 30.

### Management's Responsibility for the Closing Package Financial Statements

Management is responsible for the preparation and fair presentation of these closing package financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the closing package financial statements that are free from material misstatement, whether due to fraud or error.

### Auditors' Responsibility

Our responsibility is to express an opinion on these closing package financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, in accordance with the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, and in accordance with Office of Management and Budget (OMB) Bulletin No. 17-03, *Audit Requirements for Federal Financial Statements*. Those standards and OMB Bulletin No. 17-03 require that we plan and perform the audit to obtain reasonable assurance about whether the closing package financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the closing package financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the closing package financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the closing package financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting

estimates made by management, as well as evaluating the overall presentation of the closing package financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### ***Opinion on the Closing Package Financial Statements***

In our opinion, the closing package financial statements referred to above present fairly, in all material respects, the financial position of the Smithsonian Institution Federal Appropriated Funds as of September 30, 2017, and its net cost and changes in net position for the year then ended in accordance with U.S. generally accepted accounting principles.

### ***Emphasis of Matter***

We draw attention to Additional Note No. 30 to the closing package financial statements, which describes that the accompanying closing package financial statements were prepared to comply with requirements of the U.S. Department of the Treasury's *Treasury Financial Manual* (TFM) Volume I, Part 2, Chapter 4700 (TFM Chapter 4700) for the purpose of providing financial information to the U.S. Department of the Treasury and the U.S. Government Accountability Office (GAO) to use in preparing and auditing the *Financial Report of the U.S. Government*, and are not intended to be a complete presentation of the balance sheet of the Smithsonian Federal Funds as of September 30, 2017, and the related statements of net cost, changes in net position, and combined statement of budgetary resources, or the statement of financial position of the Smithsonian Institution as of September 30, 2017, and the related statement of activities for the year then ended. The notes to the closing package financial statements are those that the U.S. Department of the Treasury deemed relevant to the *Financial Report of the U.S. Government*. Our opinion is not modified with respect to this matter.

### ***Other Matters***

#### ***Required Supplementary Information***

U.S. generally accepted accounting principles require that the information, except for such information entitled "2016 - September", "Prior Year", "PY", "Previously Reported", "Line Item Changes", and "Threshold", and the information as of and for the year ended September 30, 2016 in the "Other Text Data", included in Other Data Report No. 9 be presented to supplement the basic closing package financial statements.

Such information, although not a part of the basic closing package financial statements, is required by the Federal Accounting Standards Advisory Board (FASAB) who considers it to be an essential part of financial reporting for placing the basic closing package financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic closing package financial statements, and other knowledge we obtained during our audit of the basic closing package financial statements. Although our opinion on the basic closing package financial statements is not affected, Other Data Report No. 9 contains material departures from the prescribed guidelines because the information included in these Other Data Reports presents the required information for the *Financial Report of the U.S. Government* and not the required information for the Smithsonian Federal Funds' financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Management has omitted the Combining Statement of Budgetary Resources and Management's Discussion and Analysis that U.S. generally accepted accounting principles require to be presented to supplement the basic closing package financial statements. Such missing information, although not a part of the basic closing package financial statements, is required by the FASAB who considers it to be an essential part of financial reporting for placing the basic closing package financial statements in an appropriate operational, economic, or

historical context. Our opinion on the basic closing package financial statements is not affected by this missing information.

#### *Other Information*

Our audit was conducted for the purpose of forming an opinion on the closing package financial statements as a whole. The information other than that described in the first paragraph and the first paragraph of the subsection labeled *Required Supplementary Information* are presented for purposes of additional analysis in accordance with TFM Chapter 4700 and are not a required part of the closing package financial statements. Such information has not been subjected to the auditing procedures applied in the audit of the closing package financial statements as of and for the year ended September 30, 2017, and accordingly, we do not express an opinion or provide any assurance on it.

#### ***Restriction on Use of the Report on the Closing Package Financial Statements***

This report is intended solely for the information and use of the management of the Smithsonian, Smithsonian's Office of the Inspector General, Audit and Review Committee of the Board of Regents, U.S. Department of the Treasury, OMB, and GAO in connection with the preparation and audit of the *Financial Report of the U.S. Government* and is not intended to be and should not be used by anyone other than these specified parties.

#### **Other Reporting Required by Government Auditing Standards**

##### ***Internal Control Over Financial Reporting Specific to the Closing Package Financial Statements***

In planning and performing our audit of the closing package financial statements, we also considered the Smithsonian Federal Funds' internal control to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the closing package financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Smithsonian Federal Funds' internal control. Accordingly, we do not express an opinion on the effectiveness of the Smithsonian Federal Funds' internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control specific to the closing package financial statements was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

##### ***Compliance and Other Matters Specific to the Closing Package Financial Statements***

As part of obtaining reasonable assurance about whether the Smithsonian Federal Funds' closing package financial statements are free from material misstatement, we also performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of the closing package financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit of the closing package financial statements, and accordingly, we do not express such an opinion. The results of our tests of compliance disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* or OMB Bulletin No. 17-03.

***Purpose of the Other Reporting Required by Government Auditing Standards***

The purpose of the communication described in the Other Reporting Required by *Government Auditing Standards* section is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the Smithsonian Federal Funds' internal control or compliance. Accordingly, this communication is not suitable for any other purpose.

Line	Question	Answer
1	Provide a brief statement explaining how heritage assets relate to the mission of the agency (SFFAS No. 29, par. 28a).	Heritage assets comprise the Smithsonian's collection and are fundamental to its mission to increase and diffuse knowledge. Assembled over more than 170 years, collections are central to the core activities of the Smithsonian, serving as the intellectual basis for scholarship, discovery, exhibition, and education, and provides content for publishing, licensing, and media projects. The collections, which is accessed globally by millions of visitors and researchers annually, presents the astonishing record of American artistic, historic, cultural and scientific achievement with a scope and depth no other institution in the world can match. The collection continues to grow through acquisitions from tropical rain forests, archaeological sites, everyday life, the depths of the ocean and extraterrestrially and is preserved and maintained for public exhibition, education and study. Moreover, Smithsonian collections have a unique and important role in addressing the scientific and societal issues of the 21st century - enabling researchers to address such significant challenges as the effects of global change, the spread of invasive species, and the loss of biological and cultural diversity and its impact on global ecosystems and cultures.
2	Provide a brief description of the agency's stewardship policies for each major category of the heritage assets (SFFAS No. 29, par. 28c).	Smithsonian recognized its unique responsibility to manage and preserve its national collection held in trust for the public. The scope, depth and unparalleled quality of the collection make it imperative to ensure it is properly preserved and made accessible for current and future generations. The Smithsonian's Collections Management Policy (Smithsonian Directive 600) establishes pan-institutional policies and standards for the acquisition, preservation, management and use of the collection. Each collecting unit is required to develop, implement and adhere to an authorized, written collections management policy tailored to the specific nature, scope, character, and intended purpose of its unique collections. Collections management policies and standards ensure the proper physical care and preservation; provide for documentation to include identification, location, condition and provenance; and promote the maximum accessibility consistent with preservation, security and legal consideration.
3	Provide any other relevant information pertaining to this note. At a minimum, describe briefly the significant accounting policies pertaining to this note.	Smithsonian's collections include irreplaceable icons of the nation, examples of everyday life, and scientific material vital to the study of the world's artistic, historic, cultural and scientific heritage - Chinese bronzes, the Star Spangled Banner, fossils, insects, meteorites, Presidential portraits, space shuttle, giant pandas, libraries, digital assets, etc. Collection items are acquired through gifts, bequests, purchases, exchanges, transfers, field collecting and propagation. Collections items are disposed of through donations, transfers, exchanges, sales, repatriation, destruction, or in the case its living collection, by death. For financial reporting purposes, the Smithsonian describes its collections (heritage assets) by the following categories: works of art; historical artifacts; natural and physical science specimens (living and non-living); archival holdings; and library holdings.

1	Describe the fiduciary relationship, for example, the applicable legal authority, the objectives of the fiduciary activity, and a general description of the beneficial owners or class of owners of each fiduciary fund (SFFAS No. 31, par. 18(a)).	The Smithsonian Institution has an ownership in the cash balance held by the Treasury.
2	Provide information on any significant changes in fiduciary net assets from the prior period (SFFAS No. 31, par. 18(c)).	
3	Provide the TAS for all funds with fiduciary activities.	TAS 033X6097 and TAS 033X6220
4	For any cash included in the Schedules of Fiduciary Net Assets, indicate if the cash is represented by balances on deposit with either the U.S. Treasury or with a commercial banking institution (SFFAS No. 31, par. 12).	Cash Balance of \$15.9 million for TAS 33X6097 represent funds with the U.S. Treasury. Cash Balance for TAS 33X6220 represent funds with the U.S. Treasury and is less than one hundred thousand.
5	Provide a description of any cash equivalents included in the Schedules of Fiduciary Net Assets.	Cash balances for TAS 33X6097 and TAS 33X6220 represent funds with the U.S. Treasury held on deposit for the Smithsonian non-federal activities.
6	If separate audited financial statements are issued for an individual fiduciary activity with a fiscal yearend other than September 30, indicate the fiduciary activity's FY (SFFAS No. 31, par. 18(e)).	
7	If separate audited financial statements are issued for an individual fiduciary activity, disclose the basis of accounting used and the auditor's opinion on the current or most recent financial statements. If the auditor's opinion was not unqualified, disclose the reason(s) stated by the auditors and refer the reader to the audit opinion for further information (SFFAS No. 31, par. 22(a)).	
8	If separate audited financial statements are issued for an individual fiduciary activity, provide information on how the reader can obtain a copy of the financial statements and the audit opinion thereon (SFFAS No. 31, par. 22(b)).	
9	If more than one agency is responsible for administering a fiduciary activity, and the separate portions of the activity can be clearly identified with another responsible agency, identify the other agency(ies) involved in managing the activity (SFFAS No.31.par.19).	
10	Provide any other relevant information pertaining to this note. At a minimum, describe briefly the significant accounting policies pertaining to this note.

### Notes to the Closing Package Financial Statements

September 30, 2017

#### (30) Summary of Significant Accounting Policies

##### (a) General

The *Budget and Accounting Procedures Act of 1950* allows the Secretary of the Treasury to stipulate the format and requirements of executive agencies to furnish financial and operational information to the President and the Congress to comply with the *Government Management Reform Act of 1994* (GMRA), which requires the Secretary of the Treasury to prepare and submit annual audited financial statements of the executive branch. The Secretary of the Treasury developed guidance in the U.S. Department of the Treasury's *Treasury Financial Manual* (TFM) Volume I, Part 2, Chapter 4700 and Treasury's Supplemental Guidance to the TRM Volume I, Part 2, chapter 4700 dated July 2017 (Supplemental Guidance) to provide agencies with instructions to meet the requirements of GMRA. The *TFM Chapter 4700* and the Supplemental Guidance require agencies to:

1. Submit a GTAS ATB which will be used to populate a Reclassified Balance Sheet, Reclassified Statement of Net Cost, and Reclassified Statement of Changes in Net Position;
2. List closing package financial statement line item amounts identified as Federal by trading partner and amount;
3. Report notes information that is based on the Reclassified Balance Sheet line items and other notes information required to meet Federal Accounting Standards Advisory Board (FASAB) standards; and
4. Report other data information that is not based on the Reclassified Balance Sheet line items and other data notes information required to meet FASAB standards.
5. Report the information in FR Notes Report and Other Data Report entitled "2016-September", "Prior Year", "Previously Reported", "Line Item Changes", and "Threshold"], and the information as of and for the year ended September 30, 2016 included in the "Text Data" of the FR Notes and "Other Text Data" of the Other Data Reports] and the information in the Additional Note 30 related to the prior year balances are presented for purposes of additional analysis in accordance with TFM Chapter 4700 and the Supplemental Guidance and are not a required party of the closing package financial statements.

The accompanying closing package financial statements have been prepared by the Smithsonian Institution (Smithsonian) in accordance with accounting standards promulgated by the Federal Accounting Standards Advisory Board for the purpose of complying with the requirements of the *TFM Chapter 4700* solely for the purpose of providing financial information to the Department of the Treasury and U.S. Government Accountability Office (GAO) to use in preparing and auditing the FR. Accordingly, the closing package financial statements include only assets, liabilities, net position, revenues and costs related to the Smithsonian's direct federal appropriations (federal funds) and are not intended to be a complete presentation of the Smithsonian's financial statements.

In addition to federal appropriations, the Smithsonian receives private gifts and grants and government grants and contracts and earns income from investments and various business activities. Business activities include Smithsonian magazines and other publications, a mail-order catalog, and museum

shops and food services. Assets, liabilities, net assets, revenues and expenses related to activities of the Smithsonian that are not supported by direct federal appropriations (trust funds) are excluded from these closing package financial statements.

These closing package financial statements do not include the accounts of the National Gallery of Art, the John F. Kennedy Center for the Performing Arts or the Woodrow Wilson International Center for Scholars, which were established by Congress within the Smithsonian, but which are governed by independent boards of trustees.

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**(b) *Fund Balance with Treasury***

Fund balance with Treasury is the aggregate amount of funds in the Smithsonian's accounts with the U.S. Department of the Treasury (Treasury).

**(c) *Inventories***

Inventories are reported at the lower of cost or market. Cost is determined using the first-in, first-out method.

**(d) *Property and Equipment***

Property and equipment purchased with federal funds are recorded at cost. Property and equipment acquired through transfer from government agencies are recorded at net book value or fair value at the date of transfer, whichever is more readily determinable. These assets are depreciated on a straight-line basis over their estimated useful lives as follows:

Buildings	30 years
Major renovations	15 years
Equipment and software	3 – 10 years

Certain lands occupied by the Smithsonian's buildings, primarily located in the District of Columbia, Maryland, and Virginia, were appropriated and reserved by Congress for the Smithsonian's use. The Smithsonian serves as trustee of these lands for as long as they are used to carry out its mission. These lands are titled in the name of the U.S. Government and are not included in the accompanying closing package financial statements.

During fiscal year 2013 Smithsonian adopted Federal Accounting Standards Advisory Board (FASAB) Technical Bulletin 2006-1, *Recognition and Measurement of Asbestos-Related Cleanup Costs*, as of October 1, 2012. Smithsonian's unfunded liability is \$53.6 million as of September 30, 2017.

(e) ***Collections***

The Smithsonian acquires its collections, which include works of art, library books, photographic archives, objects and specimens, by purchase (using federal or trust funds) or by donation. All collections are held for public exhibition, education, or research. The Smithsonian's collections management policy includes guidance on the preservation, care, and maintenance of the collections and procedures relating to the accession/deaccession of collection items. In conformity with the practice generally followed by museums, no value is assigned to the collections in the balance sheet. The Smithsonian reports its non-collection-type heritage assets in the categories of museum, research center, or zoo.

(f) ***Liabilities***

Accounts payable are amounts primarily owed for goods, services, or capitalized assets received, progress contract performance by others, and other expenses due.

**Benefit Program Contributions Payable – Accrued FECA Liability**

The Federal Employees Compensation Act (FECA) provides income and medical cost protection to covered federal civilian employees injured on the job, to employees who have incurred work-related occupational diseases, and to beneficiaries of employees whose deaths are attributable to job-related injuries or occupational diseases. The FECA program is administered by the U.S. Department of Labor (DOL), which pays valid claims against the Smithsonian and subsequently seeks reimbursement from the Smithsonian for these paid claims. Accrued FECA liability represents the amount due to DOL for claims paid on behalf of the Smithsonian.

**Federal Employee and Veterans Benefits Payable – Actuarial FECA Liability**

Actuarial FECA liability represents the liability for future workers' compensation (FWC) benefits, which includes the expected liability for death, disability, medical, and miscellaneous costs for approved cases. The liability is determined by the DOL annually, as of September 30, using a method that utilizes historical benefits payment patterns related to a specific incurred period to predict the ultimate payments related to that period. The projected annual benefit payments are discounted to present value using OMB's economic assumptions for ten-year treasury notes and bonds. To provide more specifically for the effects of inflation on the liability for FWC benefits, wage inflation factors (Cost of Living Allowance) and medical inflation factors (Consumer Price Index – Medical) are applied to the calculation of projected future benefits. These factors are also used to adjust historical payments of benefits by the Smithsonian to current-year constant dollars.

The model's resulting projections are analyzed by DOL to ensure that the amounts are reliable. The analysis is based on two tests: 1) a comparison of the percentage change in the liability amount by agency to the percentage change in the actual payments; and 2) a comparison of the ratio of the estimated liability to the actual payment of the beginning year calculated for the current projection to the liability-payment ratio calculated for the prior projection. The Smithsonian computes its yearend actuarial FECA liability based on a model provided by the DOL.

### **Other Liabilities – Accrued Payroll and Annual Leave**

These categories include salaries, wages, and other compensation earned by employees, but not disbursed as of September 30. Annually, as of September 30, the balances of accrued annual leave are adjusted to reflect current pay rates. Sick leave and other types of non-vested leave are expensed as taken.

#### **(g) *Net Position***

Net position is the residual difference between assets and liabilities, and is composed of Unexpended Appropriations and Cumulative Results of Operations.

Unexpended Appropriations represent the total amount of unexpended budget authority, both obligated and unobligated. Unexpended Appropriations are reduced for Appropriations Used and adjusted for other changes in budgetary resources, such as transfers and rescissions. Cumulative Results of Operations is the net results of the Smithsonian's operations since inception.

#### **(h) *Appropriations***

Most of the Smithsonian's operating funds are provided by congressional appropriations of budget authority. The Smithsonian receives appropriations on an annual basis. Upon expiration of an annual appropriation, the obligated and unobligated funds retain their fiscal identity, and are maintained separately within an expired account. The unobligated balances can be used to make legitimate obligation adjustments, but are otherwise not available for expenditures. Appropriations are canceled at the end of the fifth year after expiration. Appropriations of budget authority are recognized as used when costs are incurred, for example when goods and services are received or benefits are provided.

#### **(i) *Employee Benefit Plans***

The federal employees of the Smithsonian are covered by either the Civil Service Retirement System (CERS) or the Federal Employee Retirement System (FERS). The terms of these plans are defined in federal regulations. Under both systems, the Smithsonian withholds a specified percentage from each federal employee's salary. The Smithsonian also contributes specified percentages of employee's salaries. The Smithsonian is not responsible for and does not report CSRS or FERS assets, accumulated plan benefits, or liabilities applicable to its employees. OPM, which administers the plans is responsible for and reports these amounts.

Employees covered by CSRS and FERS are eligible to contribute to the U.S. government's Thrift Savings Plan (TSP), administered by the Federal Retirement Thrift Investment Board.

Most employees also are enrolled in the Federal Employees Health Benefit (FEHB) Program which provides post-retirement health benefits and the Federal Employees Group Life Insurance (FGLI) Program which provides post-retirement life insurance benefits. The Office of Personnel management calculates the U.S. government's cost for covered employees for both of these plans each fiscal year.

**SMITHSONIAN INSTITUTION**

Notes to the Closing Package Financial Statements

September 30, 2017

(j) ***Income Taxes***

The Smithsonian is recognized as exempt from income taxation under the provision of Section 501(c)(3) of the Internal Revenue Code. Organizations described in that section are taxed only on their unrelated business income for which the Smithsonian has none related to federal funds

McLean, VA 22012

Ladies and Gentlemen:

We are providing this letter in connection with your audit of the closing package financial report of the Smithsonian Institution Federal Appropriated Funds (the Smithsonian Federal Funds), which comprise the Governmentwide Treasury Account Symbol Adjusted Trial Balance System (GTAS) Reconciliation Report – Reclassified Balance Sheet as of September 30, 2017, and the related GTAS Reconciliation Reports – Reclassified Statement of Net Cost and Reclassified Statement of Operations and Changes in Net Position for the year then ended, and the related notes to the financial statements (hereinafter referred to as the “closing package financial statements”), for the purpose of expressing an opinion as to whether the closing package financial statements present fairly, in all material respects, the financial position, net cost and changes in net position of the Smithsonian Federal Funds in accordance with U.S. generally accepted accounting principles. The notes to the closing package financial statements comprise the following:

- GTAS Closing Package Lines Loaded Report,
- Financial Report (FR) Notes Report (except for the information entitled “2016 - September”, “Prior Year”, “PY”, “Previously Reported”, “Line Item Changes”, and “Threshold”, and the information as of and for the year-ended September 30, 2016 in the “Text Data”), and
- Additional Note No. 30 (except for the information as of and for the year-ended September 30, 2016).

The closing package financial statements were prepared to comply with requirements of the U.S. Department of the Treasury’s *Treasury Financial Manual* (TFM) Volume I, Part 2, Chapter 4700 (TFM Chapter 4700) for the purpose of providing financial information to the U.S. Department of the Treasury and the U.S. Government Accountability Office (GAO) to use in preparing and auditing the *Financial Report of the U.S. Government*, and are not intended to be a complete presentation of the balance sheet of the Smithsonian Federal Funds as of September 30, 2017, and the related statements of net cost and changes in net position, or the statement of financial position of the Smithsonian Institution as of September 30, 2017, and the related statement of activities and cash flows for the year then ended.

Certain representations in this letter are described as being limited to matters that are material. Items are considered material, regardless of size, if they involve an omission or misstatement of accounting information that, in the light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement.

Except where otherwise stated below, immaterial matters less than \$500,000 collectively are not considered to be exceptions that require disclosure for the purpose of the following representations. This amount is not necessarily indicative of amounts that would require adjustment to or disclosure in the closing package financial statements.

November 16, 2017

Page 2

We confirm, to the best of our knowledge and belief, having made such inquiries as we considered necessary for the purpose of appropriately informing ourselves, as of November 16, 2017, the following representations made to you during your audit:

1. No events have occurred subsequent to September 30, 2017 and through the date of this letter that would require adjustment to or disclosure in the closing package financial statements.
2. We have fulfilled our responsibilities, as set out in the terms of the audit engagement letter dated July 19, 2017, for the preparation and fair presentation of the closing package financial statements in accordance with U.S. generally accepted accounting principles and the presentation requirements set forth in the TFM Chapter 4700.
3. We have made available to you:
  - a. All records, documentation, and information that is relevant to the preparation and fair presentation of the closing package financial statements;
  - b. Additional information that you have requested from us for the purpose of the audit of the closing package financial statements; and
  - c. Unrestricted access and full cooperation of personnel within Smithsonian from whom you determined it necessary to obtain audit evidence related to the closing package financial statements.
4. Except as disclosed to you in writing, there have been no communications from regulatory/oversight agencies (such as the Office of Management and Budget (OMB) and the GAO), other governmental entities or agencies (such as the U.S. Department of Treasury), governmental representatives, employees, or others concerning investigations or allegations of non-compliance with laws or regulations, deficiencies in financial reporting practices, or other matters that could have a material adverse effect on the closing package financial statements or Required Supplementary Information (RSI).
5. All transactions have been recorded in the accounting records and reflected in the closing package financial statements.
6. We believe that the effects of the uncorrected closing package financial statement misstatements summarized in the accompanying schedule are immaterial, both individually and in the aggregate, to the closing package financial statements taken as a whole.
7. We acknowledge our responsibility for the design, implementation, and maintenance of programs and controls to prevent, deter, and detect fraud; for adopting sound accounting policies; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the closing package financial statements and to provide reasonable assurance against the possibility of misstatements that are material to the closing package financial statements whether due to error or fraud.
8. There are no deficiencies, significant deficiencies, or material weaknesses in the design or operation of internal control over financial reporting specifically related to the closing package financial statements that existed at any time during the year ended September 30, 2017.
10. We have no knowledge of any fraud or suspected fraud affecting Smithsonian involving:

November 16, 2017

Page 3

- a. Management,
  - b. Employees who have significant roles in internal control over financial reporting, or
  - c. Others where the fraud could have a material effect on the closing package financial statements or RSI.
11. We have no knowledge of any allegations of fraud, or suspected fraud (related to the closing package financial statements), affecting Smithsonian's closing package financial statements received in communications from employees, former employees, regulators, or others.
  12. We have no knowledge of any officer or member of the Board of Regents of Smithsonian, or any other person acting under the direction thereof, having taken any action to fraudulently influence, coerce, manipulate, or mislead you during your audit.
  13. Smithsonian has complied with all aspects of laws, regulations, and provisions of contracts and grant agreements that would have a material effect on the closing package financial statements in the event of noncompliance.
  14. We acknowledge our responsibility for the RSI in accordance with the prescribed guidelines and:
    - a. The RSI contain no material misstatement of fact and, except for Other Data Report No. 9, is measured and presented in accordance with the prescribed guidelines, and are consistent with the closing package financial statements. Other Data Report No. 9 contains material departures from the prescribed guidelines because the information included in this Other Data Report is limited to Smithsonian Federal Fund's information that will be used for the *Financial Report of the U.S. Government* and does not include all of the information required for Smithsonian's component level financial statements.
    - b. The methods of measurement or presentation of the RSI have not changed from those used in the prior period.
    - c. The significant assumptions or interpretations underlying the measurement or presentation of the RSI are reasonable and appropriate in the circumstances.
    - d. The closing package financial statements are prepared in accordance with the TFM Chapter 4700 for the purpose of providing financial information to the U.S. Department of the Treasury and the GAO to use in preparing and auditing the *Financial Report of the U.S. Government*. In accordance with that guidance we have omitted the Combining Statement of Budgetary Resources, and Management's Discussion and Analysis, that U.S. generally accepted accounting principles require to be presented to supplement the closing package financial statements.
  15. We fulfilled our responsibility for the preparation and presentation of the Other Information (OI) included in the documents containing the closing package financial statements and auditors' report, and for ensuring the consistency of such information with the closing package financial statements, and RSI.
    - a. The OI included in the documents containing the closing package financial statements and auditors' report is consistent with the closing package financial statements, and RSI and contains no material misstatement of fact.

- b. The methods of measurement or presentation of the OI have not changed from those used in the prior period.
  - c. There are no significant assumptions or interpretations underlying the measurement or presentation of the OI.
16. Based on the review of the information provided by the Department of Labor (DOL), we believe that the actuarial liabilities for the Federal Employees' Compensation Act (FECA) Benefits and costs for financial accounting purposes are appropriate in the circumstances.
  17. All known actual or possible litigation and claims have been accounted for and disclosed in accordance with SFFAS No. 5.
  18. Amounts paid by the Judgment Fund, particularly the amounts related to a construction matter for \$6.7 million, will not require reimbursement by the Smithsonian. Further, despite the Judgment Fund classifying this payment under the Contracts Disputes Act (CDA), the Smithsonian is not subject to the CDA.
  19. The Smithsonian has satisfactory title to all owned assets, including property, plant, and equipment classified as heritage assets and stewardship land, and there are no liens or encumbrances on such assets nor have any assets been pledged as collateral.
  20. We have no plans or intentions that may materially affect the carrying value or classification of assets and liabilities.
  21. We have disclosed to you all accounting policies and practices we have adopted that, if applied to significant items or transactions would not be in accordance with U.S. generally accepted accounting principles. We have evaluated the impact of the application of each such policy and practice, both individually and in the aggregate, on the Company's current period closing package financial statements, and the expected impact of each such policy and practices on future periods' financial reporting. We believe the effect of these policies and practices on the closing package financial statements is not material. Furthermore, we do not believe the impact of the application of these policies and practices will be material to the closing package financial statements in future periods.
  22. The Smithsonian identified and properly accounted for all non-exchange transactions
  23. Fund balance with Treasury and investment securities are properly classified and reported.
  24. The Smithsonian has properly accounted for all property, plant, and equipment sold, destroyed, abandoned, permanently impaired, or considered to be obsolete and have no further use.
  25. All property, plant, and equipment are properly categorized as either work-in-progress or completed projects as required in the Smithsonian's policy and are depreciated appropriately in accordance with this policy.
  26. Provisions, when material, have been made to reduce excess, obsolete, damaged, or unusable inventories to their estimated net realized value.
  27. Heritage assets and stewardship land are categorized based on the Smithsonian's mission, types of heritage assets and stewardship land, and how the Smithsonian manages such assets and land in accordance with SFFAS No. 29, *Heritage Assets and Stewardship Land*, as

November 16, 2017

Page 5

- amended. Physical counts of heritage assets and stewardship land were made, and are properly disclosed in the closing package financial statements based on the physical counts.
28. Receivables reported in the closing package financial statements represent valid claims against debtors for sales or other charges arising on or before the balance-sheet date and have been appropriately reduced to their estimated net realizable value.
  29. Significant assumptions used by us in making accounting estimates, including those measure at fair value, are reasonable.
  30. We have provided background and detailed cost information for all environmental liabilities identified to date, as well as information regarding pending, threatened, or un-asserted claims related to the environmental project sites identified. Provision has been made for any material loss that is probable from environmental remediation liabilities associated with entity-owned properties. We believe that such estimate is reasonable based on available information and that the liabilities, related loss contingencies, and the expected outcome of uncertainties have been adequately disclosed in the closing package financial statements and related notes. We have made a reasonable effort to identify the presence or likely presence of potential environmental contaminations.
  31. Net position components (unexpended appropriations and cumulative results of operations) are properly classified.
  32. During the fiscal years ended September 30, 2017 and 2016, Smithsonian did not exceed its Congressionally-approved budgetary authorities.
  33. All sales transaction entered in to by the Smithsonian are final and there are no side agreements with customers, or other terms in effect, which allow for the return of merchandise, except for defectiveness or other conditions covered by usual and customary warranties.
  34. All undelivered order balances represent valid obligations of the Smithsonian and are based on valid contracts or agreements for which goods/services have not yet been received.
