

Working with schools & early learning centres -

taking action on climate change

Dedicated and highly experienced CERES educators can come to your school, early childhood centre, network meeting or event to facilitate a variety of teacher professional development. These sessions are informative, empowering and include hands-on activities that can be used in schools and early childhood centres.

CERES Education Outreach

Schools and Early Childhood Services

CERES Education takes the CERES message directly to **schools, early childhood centres and the community.**

ResourceSmart Schools Support

ResourceSmart Schools is one of the longest running environmental education programs in Australia. The program provides a holistic approach to sustainability by integrating educational, environmental, social and economic outcomes in schools and early childhood centres.

Our CERES facilitators support teachers and educators towards achieving ResourceSmart Schools certification in energy, waste, water and biodiversity, and working towards 5Star leadership!!
