

FREE TO GOVERNMENT BUREAUCRATS AND AIDS PROFITEERS

the **ACT UP** rage

D-DAY JUNE 6 1991

HEALTH DEPT. STUCK UP!

Workers at the Commonwealth Health Department's Lonsdale Street Offices will be late this morning ... AND IT WON'T MATTER!

ACT UP has reason to believe that the front entrances to the building were sealed during the night as part of the escalating campaign to improve access to HIV/AIDS treatments in Australia.

People with HIV/AIDS and their supporters are angry.

We are angry at the intolerable delays still occurring in gaining access to promising new HIV/AIDS treatments in Australia. We are angry that the Health Ministers only response to this crisis is to call for more reports. We are angry that he allows the positions of a few powerful Canberra health bureaucrats to prevent new treatments getting into this country.

ACT UP gave Mr Howe until June 6 – D Day to respond to our demands – he hasn't.

Mr Howe – we *won't* wait!

ACT UP Melbourne (03) 489 1279
