ABOUT US

The background of the image is a repeating chevron pattern in teal and white. The chevrons are arranged in a grid-like fashion, creating a rhythmic, zigzag visual effect. The pattern is consistent across the entire image, framing the central text.

Our Mission

Our mission is to deliver high value designs which delight our clients and their customers through clear, authentic communication that is intelligent, inspired, and unique.

Who We Are

Sai Designs is a highly regarded creative cooperative known for its imaginative designs, exceptional customer service and strong integrity. Our vision is to assist our clients in establishing an effective visual identity for their business through the use of clear communication, intelligent concepts and simple, authentic and inspiring designs.

Our Team

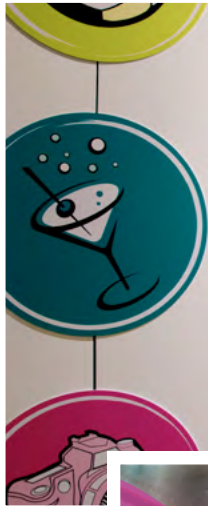

Our progressive team has the time, resources and inspiration to generate outstanding creative solutions for our clients, the business and themselves. Our desire is to work collaboratively with passionate and intelligent creatives and businesses to achieve mutually rewarding and valuable results that communicate clearly to their intended audiences.

The image features a solid teal background. In the center, the text "DESIGNS INSPIRED BY YOU" is written in a bold, white, sans-serif font, arranged in three lines. Two white diagonal lines are positioned on either side of the text, forming a large, open triangular shape that frames the central message. The top line starts from the left edge and extends towards the top center. The bottom line starts from the bottom center and extends towards the right edge.

Capability Statement Trade & Transport

“**Sai Designs** adds great value to a project and work well under time pressure. They work well with stakeholders and can tailor processes and design outcomes to meet timelines and budgets. Their design concepts - exhibition, print and online - have proved very successful.”

Mark Lillis, Head of Marketing & Communications, UTS

“**Sai** are a highly creative design studio with a professional manner and the ability to handle any situation. From branding, to a website graphic, to catalogue layout, to meeting your client, **Sai** are one of the best design teams I've ever had the pleasure of working with.”

Deborah Turnbull, Director, New Media Curation

How We Work

At **Sai Designs** we are passionate about devising graphic and web design solutions that effectively respond to your design needs. We strive to understand your exact design requirements and then specialise in going the extra mile to develop results that exceed your expectations. We understand how important it is to visually convey an accurate depiction of your brand and are here to make the design process simple and enjoyable.

Our Promise

- We will go the extra mile to help you and make the process easy
- We will listen to what you want and need (and then try and look at things a little differently to combine these two together)
- We will provide a full service offering from conceptual design to delivery
- We will focus on building a strong and ongoing relationship with you
- Most importantly we will deliver on promises made to time and to budget

Our Clients

Sai Designs works with a range of client types that range from small and start-up businesses through to mid-size corporates, associations and universities. We have experience across a diverse array of industries that include Arts & Events, Health & Wellbeing, Real Estate & Trades, Agriculture, Education & Training, Fashion, Finance & Credit and Not For Profit.

Our Experience

Our photographers, illustrators, web developers, and graphic designers have many years of experience as professional designers and are adept at taking projects from conceptual development through to a fully finished outcome. All project and production management is handled in-house to ensure that all projects are delivered to an agreed upon time schedule and budget.

How We Can Help

Sai Designs aims to simplify the often complex process of design and project management. We can assist you in facilitating, administering, and actualising your design project and have established partnerships with a number of trusted printers, copywriters, web developers and photographers.
