

Beginnings... Leaders of Tomorrow Children's Home

The Leaders of Tomorrow Children's Home commenced in December 2008 due to an expressed need in the community and with our belief that even with limited resources, we couldn't afford NOT to help.

Sixteen children who demonstrated the greatest need in the community, were invited into the home.

Four more children will be added in March 2009 once beds can be bought to accommodate them.

Nurture intellectual curiosity and promote educational achievement

Cultivate creativity As an educational tool and way of life

Keep children rooted in and connected to local community

Encourage Leadership skills and personal growth

**YOUR OPPORTUNITY TO HELP
MAKE REAL CHANGE HAPPEN IN
THE WORLD!**

An Opportunity for Change

Back in the 60's many of us thought that the positive change we wanted to see in the world would happen almost overnight in a cataclysmic burst of love energy and global cooperation! More than four decades later, we have learned that more realistically, the change we wanted to see, real and lasting

Sister Mwijabu, long time UAACC volunteer and Lil' Winnie

social change can happen only community by community...family by family. With the establishment of UAACC more than two decades ago, we have endeavored to make that change real and the hundreds of youth who have benefited directly from the educational and vocational programs we have provided in collaboration with people around the planet is proof that change CAN happen and sustainable change IS possible. We reach out to YOU who share our enthusiasm and our vision to keep the change *real*.

Community Service Opportunity

UAACC, through the empowerment that is internalized by the youth through opportunities to be creative and confident, is certainly an incubator for the leaders of tomorrow both in East Africa and the global community at large

.Our Leaders of Tomorrow Children are learning and exploring the wonders of the world while

Joshua, a Leader of Tomorrow with our guidance and help!

maintaining ties to their village communities. UAACC has always prided ourselves 'in being able to make a way out of no way' and with the help of our families, friends and well wishers, over the years

we've had the blessing to be able to continue to make so many life changing programs happen. We are however in need of more sustainable assistance specifically for the children.

We are reaching out to you to assist this worthy mission!

Sponsor A Child Today!

We will be able to transform your donations into life sustaining, empowering benefits for these Leaders of Tomorrow Children!

Sponsor a Child!
