

Smart Justice

"Smart action for a safer community"

REMAKING JUSTICE

WORKING TOGETHER FOR AN EFFECTIVE JUSTICE SYSTEM

SAVE THE DATE: 25 AUGUST 2016

The Smart Justice symposium, *Remaking Justice*, will bring together government, academic, legal and service sector leaders to explore opportunities for working together to improve the justice system.

The symposium will hear from people with direct experience of the justice system and examine critical issues, including the recommendations in the Victorian Ombudsman's landmark report, [Investigation into the rehabilitation and reintegration of prisoners in Victoria](#) and [recent update](#).

We hope you can join us to discuss how we can collaboratively '*remake justice*.'

For further information please contact administration@fclc.org.au or 9652 1500.

The Smart Justice Coalition, led by the Federation of Community Legal Centres, works to promote safe and vibrant communities through evidence-based criminal justice policies that reduce crime and comply with human rights.
