The CED Capability

The 2 major contenders are the Stinger S-200 and Taser X26 (pictured as a CED example).

- ☐ Lightweight construction (200 - 400 grams).
- ☐ Stand-off shock mode by firing probes at the target (7 metres).
- ☐ Contact shock mode.
- ☐ Video camera that films when armed (when the safety is switched off).
- ☐ Light or low light video camera to provide 24 hour capability (not pictured)
- ☐ Visible laser designator
- ☐ High visibility (not pictured)
