## DAVOS OF THE EAST

The larger than ever 7<sup>th</sup> edition of biennial Vibrant Gujarat Global Summit held during 11-13<sup>th</sup> January removed any lingering doubts regarding India's position on the world stage. Inaugurated by the Hon'ble Prime Minister of India Narendra Modi, the event was attended by dignitaries including the United Nations Secretary-General, United States Secretary of State, the Prime Minister of Bhutan, the Prime Minister of Macedonia, the President of the World Bank Group among others. In addition to the above, several Federal Ministers around the world, Foreign Diplomats, Government of India Ministers, State Ministers, Senior Government Officials, CEOs of Fortune 500 companies and industry stalwarts across India attended the Vibrant Gujarat Global Summit 2015. The event clearly demonstrated that Gujarat – and, by extension, India – is taking a leading role in defining the emerging world agenda and echoed the "Make in India" campaign. The Summit also provided a platform and prospects to participating foreign countries to display their strengths, progressive stand, initiatives, policies, art and culture.

Far from the regional investment fair that characterized the first Summit in 2003, the event has quickly become the definitive venue for discussions on Global issues, industrial development and investment policy in the East. In fact, many now view the event as 'Asia's Davos'.
