

Since the stunning implosion of the UPF in mid-October, their lost and lone-some supporters have been searching for answers. Unfortunately, someone has been silencing their cries for help: the UPF page moderators. In a stunning role reversal, the great unwashed of Melbourne Antifascist Info are here to give PATRIOTS the voice THEY DESERVE. We present...

VOICES OF THE UPF

Why don't you electrocute Shermon in the balls. Might shock him into getting a fucking job. Fucking freeloader. Give the money back to the movement you weasel.

Why didn't you just ask Blair what was going on? If you were hearing things that he was supposedly saying about you? It's a joke, you're not in high school, Doubt you'll answer my question, you never do.

I thought he was alright in the beginning. Now after everything, He's just a cowardly wanker.

I really can't stand listening to him at all. Move on mate!

Blair should smash him with a crowbar after swindling cash out of hard working Aussies.

I'm done with this movement.

All my mate's I've rallied for this cause feel the same too.

Bye Bye Shermon! A Bye Bye!
