I've been to every single rally even reclaim days ...and I'm done .... I'm over all the in fighting and clashes of egos. . Making us all look weak ... where's the loyalty you all promised at the beginning of UPF .. you all have left so many patriots . Loyalty shattered now .like who to follow and who to trust moving forward .. thousands put there faith into you all .now it's just all turned to shit .. we'll best of luck to you all in whatever you all do .. Dis heartened patriot

Name and shame the infiltrator who bugged your phone! You guys named mick beeche and monika evers, amongst a host of other rats. Why can't you tell us who this one is?

Or is this a lie to wind us up?

If an infiltrator bugged your phone and pitted you and Shermon against each other, how do you explain everything else you said?

What about the fact that Shermon and Ralph planned to scam \$20,000 of UPF members? Or the fact you felt Shermon was weak for leaving the movement in the first place?

So Blair what will your new page be will you posting a link on here or on the dis functional upf page for your own movement as with what's happened over the last few days I can't and won't undo my decision to not support there anymore I'm just one man but hey I hold firm on my choices wether they are right or wrong or not acceptable to others

This looks like a giant circus, even to patriots. The left must be having a field day. For fucks sake, it seems like a bunch of high school kids in a pissing contest. Get your shit together guys.
