

Industrial / Commercial fuels

Paraffin Wax

Sulphur

Mineral Turpentine Oil

Raw Petroleum Coke

Calcined Petroleum Coke

Nitrogen

Specialty products like the above are marketed directly by NRL, meeting specific requirement of Industrial customers.

Paraffin Wax

NRL has the distinction of being the largest single unit producer of Wax in the country. Quality of NRL Wax, which is hydro treated, is one of the best in the country as a result of which it has been able to capture around 50% market share. NRL Wax has been exported to more than 20 countries worldwide including Europe, Asia and the Americas.

Paraffin Wax is packed in 25 kg paper cartons which comprises of 5 slabs weighing 5 Kg each.

NRL Wax, Type -1 has been certified by BIS, a statutory body, Govt. of India as a food grade product, fit to be use for medicinal purpose, food packaging and cosmetics applications

Paraffin wax is sold Ex-MI basis from Numaligarh Marketing Terminal, Siliguri Marketing Terminal and from Guwahati Warehouse. It is also sold through chain of distributors.

Calcined Petroleum Coke (CPC)

NRL has a Coke Calcination Unit for calcination of Raw Petroleum Coke (RPC) into Calcined Petroleum Coke (CPC). CPC produced at Numaligarh Refinery limited is one of best in the world best because of its superior properties i.e. low Sulphur, low CTE, good sizing, etc. makes it ideally suitable for manufacturing of Graphite Electrodes. Yearly production is around 70 TMT.

CPC is dispatched from Numaligarh Marketing Terminal both by Rail and Road.

Main customers are NALCO & HINDALCO.
