

### Appendix 3

Dear Friends:

Greetings to you all—it has been almost six months since we spent time training and learning with you in Jakarta last June!

Since that time, we have been developing a proposed training project that will take place in China in summer 2001. We are also committed to doing a second training in Indonesia—it just may be a little later than we originally planned! We would like to hear from you about your activities around health and safety and labor issues since that time. We also would like to get some feedback about your interest in participating in a follow-up training sometime in Fall 2001. Please take a few minutes to complete this short survey, and return it to Suziani at LIPS by January 15.

#### Sharing Materials/Information since the training

1. Since the training, I've had an opportunity to (check ALL that apply):

- Share the written health and safety materials with others
- Conduct a training session about a health and safety topic  
(What was the topic? \_\_\_\_\_)
- Try to solve a health and safety problem
- Hold informal discussions with workers or community members about a health and safety problem.
- Study health and safety issues further
- Other \_\_\_\_\_

2. If you checked any of the above, please mark the kind of group(s) you worked with:

- Trade Union
- Non-governmental/community organization (please indicate types):
  - \_\_\_ Women's group
  - \_\_\_ Neighborhood group
  - \_\_\_ Legal rights/legal aid group
  - \_\_\_ University/Student Group
  - \_\_\_ Other \_\_\_\_\_
- Employer or factory representatives
- Individuals
- Other (please describe)

3. For each activity that you checked off, please describe briefly what you did. Include:
- the number of times you did the activity
  - when (what month, or on-going?)
  - were you representing your organization?
  - did you do it alone, or with other participants from the June health and safety workshop?
  - was it part of a conference or other larger program? Describe.

4. If you haven't used the information from the health and safety workshop, was it because:
- There hasn't been an opportunity yet, but I plan to use it in the future.
  - There are no opportunities.
  - I need more training.
  - I'm doing different work now.
  - Other (please describe):

**Thinking back to the June Workshop:**

5. It has now been almost 6 months since the Health and Safety Workshop in Jakarta. Please take a minute to think about what you learned, or what information you are using or still plan to use.

Which of the following have ended up being most useful to you?

- learning about specific health and safety topics (which ones: \_\_\_\_\_)
- visit to the factory
- practicing with monitoring equipment (noise monitors, smoke tubes)
- learning about laws and standards
- seeing a variety of teaching techniques
- group discussion
- learning from other Indonesian activists
- written materials
- other (describe):

6. Do you have any suggestions now about ways we should change the workshop if we do it again for a new group? \_\_\_\_\_
