Testimony against Slavery--Woman's Sphere...

It is important that we should each of us bear our conscientious testimony against slavery...

This duty is rendered more urgent by the depraved tendency of our political connections and institutions...

It is a fact that our institutions are so depraved, that we have hosts of politicians...

I would close this topic with observing, that it would be idle to portend to the community that it would especially condemn the cause of the enslaved...

Trans-Atlantic Intelligence.

By the arrival of the Acadia at this port, in 17 days from Liverpool, we have received interesting letters from our English and Irish correspondents, and also various newspapers. From the latter, we have copied several important articles into the preceding page.

It appears that Joseph Sturge has refused to have an interview with Dr. Wayland, on account of his pro-slavery sentiments. The following extracts are taken from a letter addressed to me by our estimable friend Elizabeth Pease, of Darlington:

George Thompson has returned to his labors in Lancashire, and has again received a gratifying welcome. I rejoice, scarcely less for the sake of your cause, than for our own, in the increasing interest which the subject is exciting in that important district.

I received, yesterday, a gratifying letter from our much valued friend, and an approved minister in our Society. The following are the sentiments expressed in relation to non-resistance. They contain the genuine, unbiased opinion of one, who is no partisan.

I feel greatly indebted to thee for sending me the valuable tract of Mrs. Abbot, unfolding the principles of the non-resistance. I have read it again and again, with increasing interest; and, believing these principles cannot be put to flight, I ever Christianity does, I have made a point of calling the attention of others to them, as opportunity has presented.

Arrangements are in progress, and we hope the first number of the 'British India Advocate' will be out on the first of January. William Adams, the editor, is going on vigorously at Manchester, and the prospect of their exertions regarding the Clarkson affair. How could J. T. Norton get hold of such a tale!

No one can love peace, and harmony, and brotherly love, more sincerely than I do, or more earnestly desire to see the prevalence of these holy feelings; but there are times when we must content to be deemed a disturber of the peace, for the sake of maintaining the truth; and when I hear the slave's best friends misrepresented and held up as objects of contempt, I cannot refrain from lifting a voice in their behalf—feeble as I know that voice to be.

The interest in the anti-slavery question is greatly increasing in Ireland; and when the people of Ireland once get started in a good cause, they equip all competitors. A highly respectable member of the Society of Friends, residing in Dublin, writes to us as follows:

You are continually in our minds, and often on our lips—and the arrival of a batch of Liberator is always most welcome; although there is so much in them now about a third party, and political movements, and controversies, that it is not so fresh or so interesting to us as it doubtless is to you.

The non-resistance cause is indeed a golden cause, exceeding beauty and purity are the chief obstacles to its acceptance in such a sinful world as this: it is fit for heaven, but far too pure for earth.

THE DYING YEAR!

Thou brief, eventful, fleeting, dying Year! O, that with thee might die all mortal feud! Wrath, Hatred, Malice, Envy, Lust, and Fear—All of Sin's hellish and accursed brood!

SONNET.

OF COMPLETING MY THIRTIETH FIFTH YEAR, DEC. 10, 1840. If, to the age of three-score years and ten, God of my life! thou shalt my term prolong, Still be it mine to reprobate all wrong, And save from woe my suffering fellow-men.

Non-Resistant Sentiments of Dr. Bowring. The following letter, which we have just received from this distinguished poet, civilian and philanthropist, will be read with delight and admiration by thousands on this side of the Atlantic.

My Dear Sir: I was most happy to receive intelligence of our transatlantic friends, through your favor of the 20th September. At this moment, the land is in an uneasy state from the rumors of wars—wars which are rolling around us, and which I am afraid to own where this unwarlike meddling is to end, and think we have complicated affairs enough of our own to settle, without embroiling ourselves with the settlement of Turkish disputes.

How often have I regretted that the woman's question to me of singular interest—was launched with so little combination—so little preparation—so little knowledge of the manner in which it had been entangled by the fears of some, and the follies of others! But, dear Sir!—for the coming of those women will form an era in the future history of philanthropic daring.

Win. Lloyd Garrison. We have consented—with some reluctance, we confess—to occupy the first page of our present number with an elaborate Letter, from the pen of our brother Charles Simmons, designed to show that, according to scripture, reason, and the highest human authority, it is sinful to make a beast of a man!

Proving a self-evident truth. We have consented—with some reluctance, we confess—to occupy the first page of our present number with an elaborate Letter, from the pen of our brother Charles Simmons, designed to show that, according to scripture, reason, and the highest human authority, it is sinful to make a beast of a man!

A New Anti-Slavery Periodical. We have received the first number of 'The Protector,' a new anti-slavery periodical, to be edited by our veteran coadjutor Arnold Buffum, and published on the 1st and 10th of every month, by the Executive Committee of the Indiana Anti-Slavery Society, at \$1 per annum in advance.

John A. Collins. Letters have been received from our zealous and devoted friend J. A. Collins, announcing his safe arrival in London, in the British Queen, from New York. His object in crossing the Atlantic is to see to it that the anti-slavery cause, and particularly in connection with the anti-slavery cause; and we trust that his mission will not be in vain.

The Boston Book. Another beautiful and choice volume, with this title, made up of very good selections from the writings of individuals who are or have been residents of Boston, and who are well-known for their literary attainments, has just been published by our enterprising friend George W. Loring, and cannot fail to be a most acceptable Christmas or New Year's present.

Co-operative Associations.

A TRUE LIFE is the most persuasive preaching—without it, preaching, though with an angel's eloquence, is but a sound; instead of convincing the heart, it convicts the preacher of hypocrisy.

THE LIBERATOR.

Beh, seducing hearts—yet, thanks to Heaven! the poor victims of oppression are not environed round by adulating wails. They can hardly leave the gloomy dreariness of open well-being, and the light of science and truth, and the light of science and truth.

The Society then adjourned. HORATIO G. WOOD, President. Wm. T. Briggs, Secretary. Mr. Bishop's Letter. In the last number of the Liberator is a letter signed J. P. Bishop, which is the veriest piece of mischief-making that we have seen for a long time.

As fast as we are able to do so, we will continue to publish the Liberator, and we will not cease to do so until we are able to do so. We will continue to do so until we are able to do so.
