THE LIBERATOR.

BOSTON, APRIL 14, 1848.

Second as course by the decree of the Ferrisical to Government of the wew Republic, was held in the Melodeon, in this city, on Fet Day versing. From other very limited quite grieve of the inserting, we want of the very limited quite grieve of the inserting, we have a summarized to be a broad one of the control of the co

the people of France.

The chair was taken by WM. LLOYD GARR.
as President of the American A. S. Society. Laing under the effects of a severe cold, all the could do on that occasion, he said, was simple the people of France.

The chair was taken by WM. LLOYD GARRIDON, as President of the American A: S. Society. Laboring under the effects of a severe code; all tabortic guider the effects of a severe code; all tabortic guider the effects of a severe code; all tabortic guider to the could do on that occasion, he said, was simply to
attach the object for which there, but assembled, and.
The Address of the French Government to the
Colonial Planters was, by request of the Fresident,

He said he did not

as an entermous expense of blood and treasure, for letter the proposal properties of the depression of the follogy. But it mis was, with, which have been proved the control of the properties of the control of the properties of t

wintershy contents in the two flowers of Congress, on the offering of resignion congratation; to the Franch people, because these resolutions proposed a to refer to their decree for the sholtion of always. Wysnii Funtire next defereed the meeting in a most elequent manner, giving utterance to thoughts that brank, and worth that brank is remarks excited much enthusiasm. [We reget that we are not the jin our present number, to give the substance of them to our readers.]

SKETCH OF THE SPEECH OF MR. PARKER.
Mn. Cuairwax—The gentlemn before me has
made an allusion to Rome. Let me, shes, turn to
that same city. Underrest the Rome of the Emperers. there was another Boners. Adver, in the
unitylat, stood Rome of the Cesars, with her Merket and her Armie, her Thesters, her Temples
and her Falsees, glorious and of marble. A million
men went through her brazes gates. The imperial city—she stood there—beautiful and salmired—
the queen of instones. But underresh all distantion queries whence the upper city had been slowly
fewn, there was another populsule—another Rome,
with other thoughts. Tex, this devout body of ones,
who swere not by the public alters, men whose prayers were forbidden, their working dasallowed, their
tless years.

Entran Quirer, of Depham, then came forward, and read the following resolutions, which had been drawn up as a basis for the proceedings of the eventual parallel of the proceedings of the process of the pr day, a new Size har, respectively. The second day, and the second day and the second ed by republican instihe, as the journals tell,
day or two, 'and see h
ple'!! For once, this
