Meet Justin Wayne Peek, who lives at 1307 Monterey Parkway in the Edgewater at Sandy Springs apartments. Justin Peek is the national "Director of Activism" for Identity Evropa, a racist organization. Peek is also the Georgia coordinator for this white nationalist group.

Some facts about Justin Peek:

- Justin Peek has been involved in "Alt-Right" white nationalism since at least early 2017. He has published that "Jew [sic] and arabs are disease to this planet", that people of color "can't even create for themselves", and that "black lives don't matter."
- Peek also celebrates Adolf Hitler. His Twitter account promoted a pro-Hitler documentary, and on Hitler's birthday Peek retweeted that ""#HitlerWasRight".
- Justin Peek was highly visible when white nationalists rallied May 2017 in Charlottesville, Virginia. This racist protest and Klan-like torchlit rally was the direct precursor to the bloody "Unite the Right" rally in Charlottesville a few months later, where a white supremacist vehicular attack murdered Heather Heyer. Peek promoted the "Unite the Right" rally, telling people to "Bring your boots" since it was expected to "get wild".
- As "Director of Activism" for Identity Evropa – a white nationalist group – Peek has traveled the US organizing rallies. Peek relishes the intimidating effect his white power flash mobs have on local communities.
- Peek is also responsible for placing Identity Evropa propaganda along Roswell Road as well as in downtown Roswell, late 2018.

Since Peek believes that "America is at a race war" and organizes other white nationalists, he may be a threat to those around him. See our website for further documentation on Peek. Warn your friends and neighbors. Please contact us if you have more information about Peek's racist activity.
