

SUPPORT THE J20 ARRESTEES, EVEN THE INNOCENT ONES.

On January 20, 2017, during the inauguration of Donald Trump, the police closed off a city block in Washington, DC, arrested everyone on it, and charged them all with 8 felonies each. The goal was clearly to terrorize protesters off the streets. Since then, the prosecutors have been forced to drop one charge after another, but they're still threatening dozens of defendants. The state will take every single freedom from us that we permit them to take.

Those who took action on January 20 are heroes. We need to fight back by all means necessary.
