

# Friends of the Earth Melbourne

*FoE is a grassroots, community-based social justice and environmental activist organisation.*

In an era where corporations are offering easy money to green groups, and government funding comes with more strings attached, there has never been a greater need for a strong and independent voice for environmental justice.

FoE campaigns locally and nationally on trade, Indigenous solidarity, forests, transport, genetics, international solidarity, uranium and the nuclear cycle <[www.melbourne.foe.org.au](http://www.melbourne.foe.org.au)>

It's international campaigns are trade/ environment/ sustainability, gender, climate change, ozone, marine issues, the Amazon, Antarctica, mining, international financial institutions & sustainable societies <[www.foei.org](http://www.foei.org)>

**FoE is only as strong as its membership. We are holding a membership drive from December 1st till the 15th.**
