

OUR CLINIC.

**Rally to Defend the
Fertility Control Clinic.**

10:00am Saturday November 24th

118 Wellington Parade East Melbourne

OUR BODIES.

The Fertility Control Clinic is a women's health clinic that provides pap smears, contraception, counselling, STD screening – and abortion. The clinic is picketed daily by anti-abortionists, who harass and intimidate patients and staff. We believe this is unacceptable: women should not be bullied or shamed for making informed choices about their bodies.

Let's celebrate our hard-won rights.

Let's show Melbourne the pro-choice majority.

Let's show Melbourne that we trust women.

OUR CHOICE.
