OVERVIEW

The study was conducted for CNN via telephone by SSRS, an independent research company. Interviews were conducted from **May 7-10, 2020** among a sample of **1,112** respondents. The landline total respondents were **435** and there were **677** cell phone respondents. The margin of sampling error for total respondents is +/- **3.7** at the 95% confidence level. The design effect is **1.60**. More information about SSRS can be obtained by visiting www.ssrs.com. Unless otherwise noted, results beginning with the March 31-April 2, 2006 survey and ending with the April 22-25, 2017 survey are from surveys conducted by ORC International. Results before March 31, 2006 are from surveys conducted by Gallup.

Question text noted in parentheses was rotated or randomized. Values less than 0.5 percent are indicated by an asterisk (*).

NOTE ABOUT CROSSTABS

Interviews were conducted among a representative sample of the adult population, age 18 or older, of the United States. Members of demographic groups not shown in the published crosstabs are represented in the results for each question in the poll. Crosstabs on the pages that follow only include results for subgroups with a minimum n=125 unweighted cases. Results for subgroups with fewer than n=125 unweighted cases are not displayed and instead are denoted with "**SN**" because samples of that size carry larger margins of sampling error and can be too small to be projectable with confidence to their true values in the population.

EMBARGOED FOR RELEASE:
Tuesday, May 12 at 6:00 a.m.

A1. Do you approve or disapprove of the way Donald Trump is handling his job as president?

	Approve	Disapprove	No opinion

Jan. 31-Feb. 02, 2017	44%	53%	3%

A2. Do you approve or disapprove of the way Donald Trump is handling (INSERT ITEM)? **[ITEMS READ IN RANDOM ORDER]**

The coronavirus outbreak	Approve	Disapprove	No opinion
May 7-10, 2020	42%	55%	3%
April 3-6, 2020	45%	52%	3%
March 4-7, 2020	41%	48%	11%

Q7. Do you think the federal government has done a good job or a poor job of preventing the spread of novel coronavirus, sometimes referred to as COVID-19, in the U.S.?

	Good job	Poor job	No opinion
May 7-10, 2020	44%	54%	2%
April 3-6, 2020	41%	55%	4%
March 24-29, 2020	48%	47%	5%
March 4-7, 2020	49%	43%	9%

Q8. Which comes closer to your view about where the U.S. stands in the coronavirus outbreak: **[RESPONSES ROTATED IN ORDER FOR HALF/IN REVERSE ORDER FOR HALF]**

	The worst is behind us	The worst is yet to come	No opinion
May 7-10, 2020	44%	52%	4%
April 3-6, 2020	17%	80%	3%

Q9. The coronavirus outbreak has caused serious illness for many and brought rapid changes to American life. For each of the following things which may happen over the next few months, please tell me if it is something which has made you feel afraid, concerned but not afraid, or if it has not been a source of concern for you personally.
[ITEMS READ IN RANDOM ORDER]

The potential for deaths attributed to coronavirus to reach 100,000 or higher	Afraid	Concerned, but not afraid	Not concerned	Do not think this will happen (vol.)	No opinion
May 7-10, 2020	35%	47%	18%	*	1%

Lack of availability of basic food items	Afraid	Concerned, but not afraid	Not concerned	Do not think this will happen (vol.)	No opinion
May 7-10, 2020	17%	50%	33%	0%	*

Lack of availability of needed cleaning products	Afraid	Concerned, but not afraid	Not concerned	Do not think this will happen (vol.)	No opinion
May 7-10, 2020	18%	49%	32%	*	*

The potential for a second wave of coronavirus cases later this year	Afraid	Concerned, but not afraid	Not concerned	Do not think this will happen (vol.)	No opinion
May 7-10, 2020	35%	46%	18%	0%	*

The limited availability of coronavirus testing	Afraid	Concerned, but not afraid	Not concerned	Do not think this will happen (vol.)	No opinion
May 7-10, 2020	26%	45%	28%	*	*

Q10. And thinking again about those same things, do you think the federal government is or is not doing enough to address it? **[ITEMS READ IN SAME RANDOM ORDER AS Q9]**

The potential for deaths attributed to coronavirus to reach 100,000 or higher	Is doing enough	Is not doing enough	No opinion
May 7-10, 2020	42%	56%	2%

Lack of availability of basic food items	Is doing enough	Is not doing enough	No opinion
May 7-10, 2020	51%	46%	3%

Lack of availability of needed cleaning products	Is doing enough	Is not doing enough	No opinion
May 7-10, 2020	47%	48%	5%

The potential for a second wave of coronavirus cases later this year	Is doing enough	Is not doing enough	No opinion
May 7-10, 2020	39%	58%	3%

The limited availability of coronavirus testing	Is doing enough	Is not doing enough	No opinion
May 7-10, 2020	41%	57%	2%

Q11. I'm going to read you the names of some people and organizations. For each one, please tell me if you generally trust or do not trust the information you get about the coronavirus outbreak from that person or organization. **[ITEMS READ IN RANDOM ORDER]**

Donald Trump	Trust	Do not trust	Never heard of (vol.)	No opinion
May 7-10, 2020	36%	62%	0%	2%

Dr. Anthony Fauci	Trust	Do not trust	Never heard of (vol.)	No opinion
May 7-10, 2020	67%	20%	10%	3%

The Centers for Disease Control and Prevention, or CDC	Trust	Do not trust	Never heard of (vol.)	No opinion
May 7-10, 2020	74%	22%	1%	3%

CNN	Trust	Do not trust	Never heard of (vol.)	No opinion

Fox News	Trust	Do not trust	Never heard of (vol.)	No opinion
May 7-10, 2020	35%	58%	2%	4%

Q15. Do you, personally, know someone who has been diagnosed with the novel coronavirus, or not?

	Yes	No	No opinion
May 7-10, 2020	40%	60%	*
April 3-6, 2020	22%	78%	*

MORE ON METHODOLOGY

A total of **1,112** adults, including an oversample of **302** adults living in 15 battleground states: Arizona, Colorado, Florida, Georgia, Maine, Michigan, Minnesota, Nevada, New Hampshire, New Mexico, North Carolina, Ohio, Pennsylvania, Virginia, and Wisconsin, were interviewed by telephone nationwide by live interviewers calling both landline and cell phones. Oversampled states have been weighted to represent their proper share of the adult population. Interviews were conducted in English and Spanish. Among the entire sample, **34**% described themselves as Democrats, **26**% described themselves as Republicans, and **40**% described themselves as independents or members of another party.

All respondents were asked questions concerning basic demographics, and the entire sample was weighted to reflect national Census figures for gender, race, age, education, region of country, and telephone usage.

Results for the full sample have a margin of sampling error of +/- 3.7 percentage points. For the sample of 1,001 registered voters, it is +/- 4.0 percentage points. For the subset of 520 Democrats and Democratic-leaning independents who are registered to vote, it is +/- 5.6 percentage points. For the subset of 583 adults living in the 15 battleground states, it is +/- 5.3 percentage points.

Interviews were conducted among a representative sample of the adult population, age 18 or older, of the United States. Members of demographic groups not shown in the published crosstabs are represented in the results for each question in the poll. Crosstabs on the pages that follow only include results for subgroups with a minimum n=125 unweighted cases. Results for subgroups with fewer than n=125 unweighted cases are not displayed and instead are denoted with "**SN**" because samples of that size carry larger margins of sampling error and can be too small to be projectable with confidence to their true values in the population.
