12. Late ratification

When it was initially proposed in 1972, the deadline for states to ratify the Equal Rights Amendment was 1979, but later amended to June 30, 1982. Fifteen states did not ratify the amendment by the deadline, though three of these states ratified it in later years. Do you feel that states should or should not be allowed to ratify the amendment even though the 1982 deadline has passed?
