## 94. Defense Spending and Sequester Caps

Congress is considering a budget request that would increase defense spending above limits set by the Budget Control Act of 2011 as amended by the Bipartisan Budget Act of 2015. By law spending more than the caps allow will lead to across the board automatic spending cuts across all government agencies. What do you think Congress should do? (A) Increase defense spending above the spending cap limit, even if it triggers automatic cuts across all government agencies.; (B) Increase defense spending just up to the spending cap limit; (C) Not sure
