

## TOPLINE

### **Monthly Harvard-Harris Poll: October 2019**

This survey was conducted online within the United States from October 29-31, 2019 among 1,810 registered voters by The Harris Poll.

The results reflect a nationally representative sample. Results were weighted for age within gender, region, race/ethnicity, marital status, household size, income, employment, political party, political ideology, and education where necessary to align them with their actual proportions in the population. Propensity score weighting was also used to adjust for respondents' propensity to be online.

After 19 years in the Middle East it is time to bring American troops home. The consequences of withdrawing from Syria have been exaggerated by the foreign policy establishment as shown by the ultimate cease fire on the ground, the coordinated killing of the head of ISIS, and groups realigning to protect each other.	972 54%
Removing American troops will destabilize the region, bring back ISIS, give more power to the Iranians and the Russians, and abandons our allies on the ground, the Kurds.	818 46%
